Injustice on farmers by MMRDA in Vasar and Bhal

Citizens accused of illegally placing defense reservations

Mumbai :

A day after a person died when his motorbike skidded on the newly constructed flyover on Ghatkopar-Mankhurd Link Road during rain, Mumbai Traffic Police on Tuesday morning closed the flyover for two hours after there were more incidents of motorists slipping on the bridge during rain.

Vehicular traffic was allowed on the flyover after 1.45 pm when it stopped raining. The BMC will now undertake repairs on the bridge late Tuesday night.

"Today (Tuesday) morning, there were multiple incidents of bikes slipping on the bridge, so as a temporary precautionary measure, vehicular movement on the bridge was stopped," said SG Agawane, Senior Inspector of Deonar police station.

The decision was taken after multiple complaints were received about incidents of motorbikes skidding on the bridge during the rain, raising questions about the quality of construction. Several such accidents have taken place on the northbound (towards Mankhurd Mandala) side since the flyover was opened and a fatal one took place on Monday.

A 34-year-old pillion rider lost his life after the bike he was travelling in slipped on the bridge on Monday afternoon.

The incident took place at 2.15 pm above Bainganwadi signal. The deceased, Yusuf Khan, a businessman from Shivajinagar, was riding pillion and his friend, Akhtar Khan, 28, was riding the bike. They were going to Mankhurd. "The bike skid while it was raining and fell. Yusuf sustained head injuries and died before being admitted to a hospital," said Prashant Tayade, Sub-inspector from Deonar police station.

"The road became slippery due to the rain. We have registered an accidental death report and probe is underway to find out if anyone's negligence led to the mishap. This is the first fatal accident reported at my police station but there have been several instances of bikes slipping on the bridge," said Agawane.

This is the second fatal accident since the bridge was inaugurated this month. The first one occurred after one vehicle rammed into a two-wheeler two weeks ago, said Prakash Choughule, Senior Inspector of Mankhurd police station.

Traffic police officials said they have written multiple letters to the Brihanmumbai Municipal Corporation (BMC), uring them to take precautionary measures like putting up traffic signboards, CCTV cameras, speedometer and rumbler.

The 2.9-km flyover, constructed for Rs 713 crore by the BMC, was opened on August 1, three years after its deadline. The flyover has helped cut travel time for motorists heading towards Navi Mumbai from Ghatkopar as the link road has heavy traffic on the entire stretch, especially at Baiganwadi Junction in Shivaji Nagar.

cost escalation also. This is the condition of the flyover, which was constructed by spending Rs 700 crore. There should be action against contractors for shoddy work. The Chief Minister himself has questioned the quality of work. The BMC must conduct an inquiry in this matter," said Prabhakar Shinde, BJP group leader in BMC.
