Sub: Press Release - Disclosure of Material Event/ Information under Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

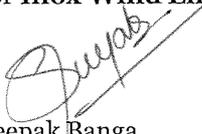

Dear Sir/ Madam,

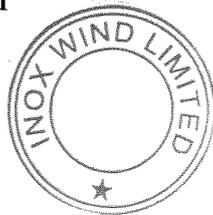

Pursuant to Regulation 30 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, please find enclosed herewith a communication being released to the Press regarding the Unaudited Financial Results of the Company for the quarter and nine months ended 31st December, 2017.

Please take the above on record.

Thanking You

Yours faithfully,
For **Inox Wind Limited**

Deepak Banga
Company Secretary

Encl: as above

Energizing India

The Honourable Power Minister has announced 10GW auctions in FY19 and FY20 each for strong visibility on order inflow for the Indian Wind Power sector.

We expect a strong order inflow for the industry to continue in Q4 on the back of SECI-3 (2000MW), SECI-4 and Maharashtra State auctions (500MW) which should take FY18 total wind auctions to over 6GW.

Execution in full swing for our Karnataka projects since signed PPAs are now being ratified by KERC.

Press Release

Noida, February 2, 2017:

India's leading wind power

back of government's roadmap of 10GW auctions in FY19 and FY20 each.

Mr. Devansh Jain, Executive Director of the Company stated, "The Honourable Power Minister, through various policy statements, has provided a strong runway for wind power auctions of 10GW each in FY19 & 20. This provides clear visibility on the order inflow for the sector in the coming quarters. In our view, the clarity on the quantum of auction pipeline, issuance of regulatory

guidelines and a renewed focus on increasing the renewable energy footprint in the country all combine to provide an upward trajectory for the sector. Going ahead, we see an exciting period of sustainable growth for the Indian Wind Power sector.

In the short term, we expect strong order inflow for the industry to continue in Q4 on the back of the upcoming SECI & Maharashtra State auctions which, if they happen as scheduled, should take the FY18 total wind auctions to well over 6GW. Also, with the ratification of signed PPAs in Karnataka, we have begun full execution of our Karnataka projects which bodes well for us on the receivables front.”

ABOUT INOX WIND:
