Merger of Vedanta Limited and Cairn India Limited

Vedanta Limited, Cairn India Limited ("Cairn India") and Vedanta Resources plc ("Vedanta plc" together with its subsidiaries, the "Group"), today announce a merger between Vedanta Limited and Cairn India (the "Transaction").

Key Highlights

- Minority shareholders of Cairn India will receive for each equity share held:
 - 1 equity share in Vedanta Limited
 - 1 redeemable preference share in Vedanta Limited with a face value of INR 10
- Implied premium of 7.3% to the previous close.
- Strategy remains unchanged, with continued focus on delivering attractive growth, sustainable development and long-term value for all shareholders.
- Commitment to growth and to sustain strong dividend distribution.
- Completion expected in first quarter CY 2016

Mr Anil Agarwal, Chairman of Vedanta plc, said:

"The merger of Cairn India and Vedanta Limited consolidates our position as India's leading diversified natural resources champion, uniquely positioned to support India's economic growth. The independent Directors, at both Vedanta Limited and Cairn India, unanimously recommend the proposed combination. This marks a significant step towards achieving our stated long term vision of a simplified group structure with alignment of interests between all shareholders for the creation of long term sustainable value."

Mr Tom Albanese, CEO of Vedanta Limited, said:

"This transaction consolidates our portfolio of Tier-I assets which, combined with strong management, will deliver superior returns for all shareholders. It will result in improved financial flexibility to allocate capital to the highest return projects and sustain strong dividends. The combined entity is uniquely positioned to help unlock India's wealth of world-class energy and mineral resources."

Mr Mayank Ashar, CEO of Cairn India, said:

"The merger with Vedanta Limited will generate additional value for our shareholders and de-risks Cairn India by providing access to a portfolio of diversified Tier-I, low cost, long-life assets, to deliver significant near term growth. Our Rajasthan fields continue to remain our core asset. The financial strength of the enlarged group will ensure greater access to capital to further Indian oil & gas development."

Strategic Rationale

- Diversified Tier-I portfolio de-risks earnings volatility and drives stable cash flows through the cycle.
- Improved ability to allocate capital to the highest return projects across the portfolio.
- Greater financial flexibility to sustain strong dividend distribution.
- Cost savings and potential re-rating to benefit all shareholders.
 - The Transaction will contribute to further the streamlining of internal processes and improved productivity, beyond the previously announced \$1.3 billion.
- Stronger balance sheet will allow for the overall cost of capital to be reduced.
- Consistent with stated corporate strategy to simplify the Group structure.
- Offers long term sustainable value enhancement for all shareholders.

Benefits for Cairn India Shareholders

- Attractive transaction terms.
- Earnings will be de-risked through increased diversification, offering exposure to a larger, more resilient and more diversified commodity mix.
- Stable cash flow supporting investment and dividends through the cycle, driving long term value.
- Offers Cairn India shareholders exposure to Vedanta Limited's well invested Tier-I, structurally low cost, longer-life assets, including a best-in-class zinc platform, which have significant latent capacity ramping up.
- Being part of a larger entity will allow Cairn India to benefit from increased economies of scale and improved free float and trading liquidity.
- The large equity share component allows Cairn India shareholders to participate in the upside potential at Vedanta Limited as a result of the attractive growth profile and delivery of Vedanta Limited's ongoing cost saving initiatives.
 - Increased participation in Vedanta Limited's previously announced \$1.3 billion marketing and procurement cost saving program.
- Retains proven management team and decision-making framework, retaining the Cairn India brand.

Proposed Transaction

- Merger of Cairn India into Vedanta Limited through a Scheme of Arrangement under Indian law.
- On completion, minority shareholders of Cairn India will receive for each equity share¹ held:
 - One equity share in Vedanta Limited of face value INR 1 each
 - One 7.5% Redeemable Preference Share (“RPS”) in Vedanta Limited with a face value of INR 10 each

 - Dividend of 7.5% per annum payable annually at the end of each financial year²
 - Tenure – 18 months from issuance
 - Redeemable at face value of INR 10 per share for cash at the end of the tenure
 - Vedanta Limited will arrange for a third party facility enabling a cash exit for RPS holders at par within 30 days from issuance
 - Listed on the NSE
- Approximately 752 million of each of equity shares and RPS will be issued to the minority shareholders of Cairn India by Vedanta Limited pursuant to the merger.
- Following completion of the Transaction:
 - Vedanta plc ownership in Vedanta Limited is expected to decrease to 50.1% from its current 62.9% shareholding.
 - Cairn India minority shareholders will own 20.2% and Vedanta Limited minority shareholders will own a 29.7% stake in the enlarged entity.
- The Transaction is conditional on Vedanta Limited, Cairn India and Vedanta plc shareholder approvals, as well as Indian High Court, stock exchange and other customary approvals.
- The Transaction is expected to be tax-neutral for Vedanta Limited, Cairn India and their shareholders under Indian Law.
- Vedanta Limited would further consider consolidation of some of its wholly owned foreign subsidiaries.
- Vedanta Limited will continue to be listed on the BSE Limited (“BSE”) and National Stock

¹ Of face value INR 10 per share

² Dividend payment in each financial year is pro-rated for the tenure for which the RPS are outstanding during that financial year.

- Cairn India’s BSE and NSE listings will be cancelled following completion of the Transaction.
- This merger accounting would be done under Pooling of Interest method. As part of this accounting treatment, goodwill appearing in the books of Vedanta Limited and Cairn India would be adjusted against reserves including securities premium account.
