

INDIANS ON TIME 100

Most influential people of the world

NARENDRA MODI
Prime Minister

Like India, Narendra Modi transcends the ancient and the modern – a devotee of yoga who connects with Indian citizens on Twitter and imagines a 'digital India'

Modi recognises that more than 1 billion Indians living and succeeding together can be an inspiring model for the world"

BARACK OBAMA,
PRESIDENT, USA
(ON MODI)

CHANDA KOCHHAR
MD & CEO,
ICICI BANK

As MD & CEO since 2009, she has brought India's largest private bank a global vision and impressive returns, while also reaching out to the nation's masses with branches in remote villages where banks didn't exist

Her calm, soft-spoken and understated demeanor belies her strength of conviction and clarity of thought. When Chanda speaks, people listen carefully"

ANSHU JAIN,
CO-CEO,
DEUTSCHE BANK
(ON KOCHHAR)

SATYA NADELLA
CEO, Microsoft

Satya brought a fresh, almost revolutionary perspective to the CEO job, breaking with the past by building for new platforms first. He has focused on driving openness

Satya is basically the star of one of those teen movies where the parents go out of town and the kid takes control of the place"

AARON LEVIE,
CO-FOUNDER & CEO,
BOX (ON NADELLA)

VIKRAM PATEL
Jt Director, Public
Health Foun-
dation of India

Fortunately for those who are the most vulnerable and misunderstood, Patel has many. He is a gifted psychiatrist, a dedicated researcher, a successful author, and he is an effective communicator

He helps spread the idea of mental health for all. He provides hope that mental illness and trauma make us neither weak nor unworthy of love and respect"

BARBARA VAN DAHLEN, FOUNDER,
GIVE AN HOUR
(ON PATEL)
