Dear Sir,

We wish to inform that Power Grid Corporation of India Limited ("POWERGRID") has achieved a major sustainability milestone by meeting 50% of its energy consumption through green energy, aligned with its ESG goals. This has been achieved through multiple initiatives like roof top solar installations, Solar PV plant at Nagda etc. POWERGRID's installations are spread across the length and breadth of the country and achieving this target at all locations is a major step towards a greener future.

Kindly take the above information on record.

Thanking You,

Yours faithfully,

(Satyaprakash Dash)
