Qualified Opinion.

We have audited the accompanying Standalone annual financial result ("the statement") of Kohinoor Foods Limited ("the Company"), for the year ended 31st March 2020, attached herewith, being submitted by the company pursuant to the requirements of regulations 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial results:

- (i) Present financial results in accordance with the requirements of Regulation 33 of the Listing Regulations, except for the effects/possible effects of the matters described in paragraph under 'Basis for Qualified Opinion',
- (ii) give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the standalone net loss after tax and other comprehensive income/loss of the Company as at March 31st, 2020, except for the effects/possible effects of the matters described in paragraph under 'Basis for Qualified Opinion'.

Basis for Qualified opinion

1. In reference to Note No. 10 in the statement discloses the management's assessment of the company's ability to continue as going concern. The management's assessment of going concern is based on Resolution plan submitted to the Banks by company and the interest shown by prospective investors in the company. However, in view of default in re-payment of borrowings, default in payment of undisputed statutory dues, one time settlement proposal declined by banker, significant decline of revenue, continuous losses, negative cash flows and negative net worth, resignation of KMP and due to financial constraints, material uncertainty exists about the company's ability to continue as going concern and the decision of the management of the company to prepare the accounts of the company.

on going concern basis. There may arise a need to adjust the realizable value of assets and liabilities in the event of failure of assumption as to going concern.

- 2. Loss of the company is understated by ₹ 8296.18lakhs (approx.) due to non-provisioning of interest on bank loans during the financial year 2019-20 (₹ 5452.28 lakhs (approx.) for the year ended March 31st 2019) and ₹ 13748.46 lakh (approx.) from the date on which the account of the company was classified as NPA to the period covered under audit. Further no provision has been made towards penal interest, any other penalty etc. as may be charged by lenders. In the absence of complete statement of account from the bank, the above amount has been arrived as per calculation made by the company. With the limited information, the aggregate amount not provided in books of account of the company is not ascertainable with accuracy.
- 3. In reference to note no. 11 to the statement related to bad debts, we have been informed by the management that the company has received arbitration awards from the Hon'ble Arbitral Tribunal comprising of sole arbitrator Justice S.G. Shah in respect of agents through whom sales were made to various debtors. On the basis of above award, the company has written-off the balances of some debtors amounting to ₹ 14572.27 lakhs. Besides this, the company has also written off ₹ 3020.55 lakh as bed debts due from domestic/ export debtors which were long outstanding and payment from which could not be realized.

Further as per informed by the management, "The debtors are facing financial difficulties due to present covid19 situation and they do not expect to realize more than 25% of the amount due". So, management made an ad hoc provision of ₹ 5316.36 lacs for bad and doubtful debts on remaining debtors.

The management of the company has provided balance confirmation of some debtors. However, as per explanation given by management, "The company has dispute with its debtors due to quality issue of rice". In light of these circumstances third-party confirmation directly from debtors are more reliable than evidence provided internally by the entity. In the absence of above third-party confirmation, goods return by debtors, dispute with debtors, write -off significant debtors as bad debts and very small recovery of amount from debtors till the date of audit, we are unable to comment on realizability of amount due from debtors and its possible effect on Standalone Financial statement of the company.

4. The management of company has provided some confirmation of accounts of creditors. In light of the present circumstances of the audit, audit evidence in the form of external confirmations received directly by the auditor from confirming parties may be more reliable than evidence provided internally by the entity. In the absence of above third-party confirmation directly from creditors, we are unable to comment on actual liability to

creditors (including squared up accounts) and its possible effect on financial statement of the company.

- 5. In reference to revenue recognition, during the financial year there was sales return of ₹ 8205.96 lakhs due to inferior quality of rice. Due to the large quantity of sales return, it appears that the company has not satisfied its performance obligation by not transferring a promised goods and hence still retaining significant risk and reward associated with goods. Thus, it cannot be identified at which point of time performance obligation is satisfied due to uncertainty about transfer of risk & reward, absence of customer specification, absence of acceptance of goods by customer and absence of sales return policy. Given these circumstances, revenue recognition by the company is not in line with Ind AS 115 for Revenue Recognition, Further customer's ability to pay the consideration deteriorates significantly, it indicate the significant changes in fact and circumstances, entity should reassess the criteria for accounts for contract with customer, In such cases, it is not be probable that the economic benefits associated with the transaction will flow to the company until the consideration is received by its buyers and the uncertainty is removed we are unable to comment its impact on standalone financial statement.
 - 6. During the period under audit, the company entered into sale and purchase transactions with the same parties and has recognized Revenue without negating the effect of re-purchase of goods from debtors and re-sale of goods to creditors. As per information and explanation given by management, each transaction is a separate transaction and not related to each other as quality of goods sold and purchased are different. However, we have not been provided any quality wise record of sale & purchase, and, hence in the absence of such record we are unable to comment whether such re-purchased goods from debtor is purchase or sales return and its impact on Standalone Financial statement.
 - 7. The investment of the company in of M/S. Indo European Food Limited a UK based subsidiary company is amounting of ₹ 4959.42 Lacs. In reference to note no 2.2 of standalone financial statements of M/S. Indo European Food Limited a UK based subsidiary company read with auditor opinion on Materiality uncertainty related to going concern, which indicate that there are material uncertainties identified that may cast significant doubt on the company's ability to continue as a going concern and hence we are unable to comment on its impact on carrying amount of investment.
 - 8. An amount of ₹ 1346.65 lakh has been outstanding from its U.K. based subsidiary company, Indo-European Food Limited since long. It includes a stand by letter of credit amounting to ₹ 749.86 Lakh (GBP 7,98,837/-) invoked by OBC bank on the account of default made by Indo-

European Food Limited. Due to material uncertainties identified that may cast significant doubt on the company's ability to continue as a going concern, we are unable to comment on realizability of such amount.

- 9. We were not provided with the balance confirmation and reconciliation, if any, of some bank accounts appearing in books of accounts of the company. In the absence of having aforementioned confirmation and reconciliation, the impact thereof is unascertainable, and therefore, is not being commented upon in this report.
- 10. Refer to note no. 11 to the statement, corporate guarantee invoked by PNB bank Hongkong against loan given to one of its subsidiary company Kohinoor food USA Inc. The company made provision against the above corporate guarantee for an amount of ₹ 3605.41 Lakhs (USD 47,83,816). However, in the absence of audited financial statement of Kohinoor food USA Inc. and confirmation from PNB Bank Hongkong, we are unable to comment on extent of provision required and its consequential impact on financial statement.

We conducted our audit in accordance with the standard on auditing ("SA") specified under section 143(10) of the Act. Our responsibilities under those standards are further describes in the Auditor's Responsibilities for the audit of the statement section of our report. We are independent of the company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics. Auditor's Responsibilities for the Audit of the Statement

Our objectives are to obtain reasonable assurance about whether the Statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing, specified under section 143(10) of the Act, will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Statement.

As part of an audit in accordance with the Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than, for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has in place adequate internal financial controls with reference to financial statements and the operating effectiveness of such controls.

If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Statement, including the disclosures, and whether the Statement represents the underlying transactions and events in a manner that achieves fair presentation.

- give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the consolidated net loss after tax and other comprehensive income/loss of the Company as at March 31st, 2020, except for the effects/possible effects of the matters described in paragraph under 'Basis for Qualified Opinion'.

1

Basis for Qualified opinion

- 1. In reference to Note No. 10 in the statement discloses the management's assessment of the holding company's ability to continue as going concern. The management's assessment of going concern is based on Resolution plan submitted to the Banks by company and the interest shown by prospective investors in the company. However, in view of default in repayment of borrowings, default in payment of undisputed statutory dues, one time settlement proposal declined by banker, significant decline of revenue, continuous losses, negative cash flows and negative net worth, resignation of KMP and due to financial constraints, material uncertainty exists about the company's ability to continue as going concern and the decision of the management of the company to prepare the accounts of the company on going concern basis. There may arise a need to adjust the realizable value of assets and liabilities in the event of failure of assumption as to going concern.
- 2. Loss of the holding company is understated by ₹ 8296.18 lakhs (approx.) due to non-provisioning of interest on bank loans during the financial year 2019-20 (₹ 5452.28 lakhs (approx.) for the year ended March 31st 2019) and ₹ 13748.46 lakh (approx.) from the date on which the account of the company was classified as NPA to the period covered under audit Further no provision has been made towards penal interest, any other penalty etc as may be charged by lenders. In the absence of complete statement of account from the bank, the above amount has been arrived as per calculation made by the company. With the limited information, the aggregate amount not provided in books of account of the company is not ascertainable with accuracy.
 - by the management of the holding company that the company has received arbitration awards from the Hon'ble Arbitral Tribunal comprising of sole arbitrator Justice S.G. Shah in respect of agents through whom sales were made to various debtors. On the basis of above award, the company has written-off the balances of some debtors amounting to ₹ 14572.27 lakhs. Besides this, the company has also written off ₹ 3020.55 lakh as bed debts due from domestic/ export debtors which were long outstanding and payment from which could not be realized.

Further as per informed by the management, "The debtors are facing financial difficulties due to present covid19 situation and they do not expect to realize more than 25% of the amount due". So, management made an ad hoc provision of ₹ 5316.36 lacs for bad and doubtful debts on remaining debtors.

The management of the company has provided balance confirmation of some debtors. However, as per explanation given by management, "The company has dispute with its debtors due to quality issue of rice". In light of these circumstances third-party confirmation

directly from debtors are more reliable than evidence provided internally by the entity. In the absence of above third-party confirmation, goods return by debtors, dispute with debtors, write -off significant debtors as bad debts and very small recovery of amount from debtors till the date of audit, we are unable to comment on realizability of amount due from debtors and its possible effect on consolidated Financial statement of the company.

- 4. The management of holding company has provided some confirmation of accounts of creditors. In light of the present circumstances of the audit, audit evidence in the form of external confirmations received directly by the auditor from confirming parties may be more reliable than evidence provided internally by the entity. In the absence of above third-party confirmation directly from creditors, we are unable to comment on actual liability to creditors (including squared up accounts) and its possible effect on financial statement of the company.
 - 5. In reference to revenue recognition, during the financial year there was sales return of ₹ 8205.96 lakhs in the books of holding company due to inferior quality of rice. Due to the large quantity of sales return, it appears that the company has not satisfied its performance obligation by not transferring a promised goods and hence still retaining significant risk and reward associated with goods. Thus, it cannot be identified at which point of time performance obligation is satisfied due to uncertainty about transfer of risk & reward, absence of customer specification, absence of acceptance of goods by customer and absence of sales return policy. Given these circumstances, revenue recognition by the company is not in line with Ind AS 115 for Revenue Recognition, Further customer's ability to pay the consideration deteriorates significantly, it indicate the significant changes in fact and circumstances, entity should re-assess the criteria for accounts for contract with customer, In such cases, it is not be probable that the economic benefits associated with the transaction will flow to the company until the consideration is received by its buyers and the uncertainty is removed we are unable to comment its impact on consolidated financial statement.
 - 6. During the period under audit, the holding company entered into sale and purchase transactions with the same parties and has recognized Revenue without negating the effect of re-purchase of goods from debtors and re-sale of goods to creditors. As per information and explanation given by management, each transaction is a separate transaction and not related to each other as quality of goods sold and purchased are different. However, we have not been provided any quality wise record of sale & purchase, and, hence in the absence of such record we are unable to comment whether such re-purchased goods from debtor is purchase or sales return and its impact on Consolidated Financial statement.

- 7. We have not been provided the audited financial statements/ financial information of USA based subsidiary company M/S Kohinoor Foods USA, Inc. and India based subsidiary company M/S. Sachdeva Brothers Private limited. The management of the holding company consolidated the above financial statements on the basis of unaudited financial statement of these subsidiaries we are unable to comment on adjustment that may have been required to these consolidated financial statements.
- 8. We were not provided with the balance confirmation and reconciliation, if any, of some bank accounts appearing in books of accounts of the company. In the absence of having aforementioned confirmation and reconciliation, the impact thereof is unascertainable, and therefore, is not being commented upon in this report.

We conducted our audit in accordance with the standard on auditing ("SA") specified under section 143(10) of the Act. Our responsibilities under those standards are further describes in the Auditor's Responsibilities for the audit of the statement section of our report. We are independent of the company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a passit for our quantific opinion:

Emphasis of Matter

We draw your attention to:

- (1) As stated in Note 13 to the statements, the holding company has not made Provision for the demand raised by various authorities as the matters are pending before various appellate forum. We are unable to comment upon possible impact of non-provision in the Consolidated financial statement for the year ended 31thMarch 2020.
- (2) As stated in Note No 7 in the statement, the holding company has allotted 18,30,000 equity shares on conversion of warrant into equity shares issued on preferential basis to its promoters. The company has filed application for listing of 18,30,000 equity shares to both the stock exchange (NSE & BSE). As per information provided by management, such application is closed by BSE due to non-submission of documents by the company and due

to which theses shares are not yet dematerialised. The consequential effect the above, on the consolidated financial statement is not ascertainable.

- (3) We draw attention to Note No. 8 of the statement of the company, that the lead consortium bank "Oriental Bank of Commerce" have tiled an application against holding company under section 7 of the Insolvency and Bankruptcy code, 2016 before National company Law Tribunal (NCLT) Chandigarh bench and the matter is adjourned to next date 14th September 2020. Further, certain operational creditors M/S. Norton Rose Fulbright, M/S. Uma Polymers, International Cargo Terminal & Infrastructure (P) Ltd, International Cargo Terminal & Rail Infrastructure (P) Ltd and JPS Plastic have also filed an application or against company and production of the Insolvency and publication of the Insolvency and Insolvenc
 - (4) In reference to note no. 14 of the statement which explain management's assessment of impairment of assets due to COVID 19 pandemic situation. As per assessment of the management, the recoverable amount of assets is higher than it carrying value and hence no impairment of assets need to be recorded in the financial statements.

Our opinion is not modified in respect of the above matters.

In reference to note no. 11 to the statement related to bad debts, we have been informed by the management of the holding company that the company has received arbitration awards from the Hon'ble Arbitral Tribunal comprising of sole arbitrator Justice S.G. Shah in respect of agents through whom sales were made to various debtors. On the basis of above award, the company has written-off the balances of some debtors amounting to Rs. 14572.27 lakhs. Besides this, the company has also written off Rs. 3020.55 lakh as bed debts due from domestic/ export debtors which were long outstanding and payment from which could not be realized.

Further as per informed by the management, "The debtors are facing financial difficulties due to present covid19 situation and they do not expect to realize more than 25% of the amount due". So, management made an ad hoc provision of Rs. 5316.36 lacs for bad and doubtful debts on remaining debtors.

The management of the company has provided balance confirmation of some debtors. However, as per explanation given by management, "The company has dispute with its debtors due to quality issue of rice". In light of these circumstances third-party confirmation directly from debtors are more reliable than evidence provided internally by the entity. In the absence of above third-party confirmation, goods return by debtors, dispute with debtors, write -off significant debtors as bad debts and very small recovery of amount from debtors till the date of audit, we are unable to comment on realizability of amount due from debtors and its possible effect on consolidated Financial statement of the company.

4. The management of holding company has provided some confirmation of accounts of creditors. In light of the present circumstances of the audit, audit evidence in the form of external confirmations received directly by the auditor from confirming parties may be more reliable than evidence provided internally by the entity. In the absence of above third-party confirmation directly from creditors, we are unable to comment on actual liability to creditors (including squared up accounts) and its possible effect on

financial statement of the company.

- 5. In reference to revenue recognition, during the financial year there was sales return of Rs. 8205.96 lakhs in the books of holding company due to inferior quality of rice. Due to the large quantity of sales return, it appears that the company has not satisfied its performance obligation by not transferring a promised goods and hence still retaining significant risk and reward associated with goods. Thus, it cannot be identified at which point of time performance obligation is satisfied due to uncertainty about transfer of risk & reward, absence of customer specification, absence of acceptance of goods by customer and absence of sales return policy. Given these circumstances, revenue recognition by the company is not in line with Ind AS 115 for Revenue Recognition, Further customer's ability to pay the consideration deteriorates significantly, it indicate the significant changes in fact and circumstances, entity should re-assess the criteria for accounts for contract with customer, In such cases, it is not be probable that the economic benefits associated with the transaction will flow to the company until the consideration is received by its buyers and the uncertainty is removed we are unable to comment its impact on consolidated financial statement.
- 6. During the period under audit, the holding company entered into sale and purchase transactions with the same parties and has recognized Revenue without negating the effect of re-purchase of goods from debtors and re-sale of goods to creditors. As per information and explanation given by management, each transaction is a separate transaction and not related to each other as quality of goods sold and purchased are different. However, we have not been provided any quality wise record of sale & purchase, and, hence in the absence of such record we are unable to comment whether such re-purchased goods from debtor is purchase or sales return and its impact on Consolidated Financial statement.
- 7. We have not been provided the audited financial statements/ financial information of USA based subsidiary company M/S Kohinoor Foods USA, Inc. and India based subsidiary company M/S. Sachdeva Brothers Private limited. The management of the holding company consolidated the above financial statements on the basis of unaudited financial statement of these subsidiaries we are unable to comment on adjustment that may have been required to these consolidated financial statements.
- 8. We were not provided with the balance confirmation and reconciliation, if any, of some bank accounts appearing in books of accounts of the company. In the absence of having aforementioned confirmation and reconciliation, the impact thereof is unascertainable, and therefore, is not being commented upon in this report.
