Consolidated revenue from operations for the quarter ended September 30, 2025 at ₹ 3,877 Cr and EBITDA at ₹ 537 Cr

1st November 2025: Tata Chemicals Limited today declared its financial results for the quarter and half year ended September 30, 2025.

Commenting on the results, **R. Mukundan, Managing Director & CEO, Tata Chemicals Limited**, said, *“Soda ash markets continue to be over supplied, with high inventory levels in most regions. Prices continued to weaken during Q2FY26. As demand - supply remains balances continues to be soft, we expect market to continue to remain range-bound in medium term.*

Despite market headwinds caused by subdued pricing, company’s performance in standalone has been positive driven by higher volumes, overall performance is resilient driven by disciplined cost management. Reconfiguration of UK is complete with focus on value added non-cyclical products.”
