Pace Digitek's Subsidiary Lineage Power Secures Massive ₹94.35 Crore Strategic Order from BSNL to Power India's Telecom Future

BANGALORE - January 01, 2026 - Pace Digitek Limited today announced a landmark achievement as its material subsidiary, **Lineage Power Private Limited**, has received a prestigious Order from Bharat Sanchar Nigam Limited (BSNL). This strategic contract, valued at approximately **₹94.35 Crore**, positions Lineage Power as a critical partner in reinforcing BSNL's power infrastructure.

Under the terms of this major order, Lineage Power will deploy **25,000 advanced Lithium-Ion (Li-ion) battery modules** (100 AH/48V) alongside **2,500 high-durability IP55-rated racks**. Engineered for both indoor and outdoor resilience, these systems will be configured into high-capacity battery sets ranging from 300AH to 1200AH, providing the high-efficiency energy storage essential for modern telecom network requirements.

Reflecting a deep commitment to operational excellence, this procurement is backed by an industry-leading **5-year comprehensive warranty** followed by a **5-year Annual Maintenance Contract (AMC)**. This 10-year support lifecycle ensures that BSNL's critical infrastructure remains operational, sustainable, and reliable for the long term.

In alignment with national security and performance standards, Lineage Power will ensure that all supplied Battery Management Systems (BMS) are registered on the **Telecom Trusted Portal**. Furthermore, all systems will undergo rigorous **TSEC/TAC certification** processes, guaranteeing that BSNL's network is powered by hardware that meets the most stringent quality and security benchmarks.

Speaking on the development, **Mr. Venugopal Rao Maddisetty – Chairman & Managing Director, PACE Digitek Limited** said *"This order is a testament to Lineage Power's mission to deploy state-of-the-art, energy-efficient technology. We are proud to play a leading role in ensuring uninterrupted connectivity for millions of users across the country through our innovative power solutions."*

Key Highlights of the Strategic Order:

- **Massive Infrastructure Scale:** Supply of 25,000 Li-ion modules to create up to 5,000 high-capacity battery sets.
- **Advanced Rack Technology:** 2,500 IP55 racks designed to house eight 48V/100AH modules each, offering superior protection in any environment.
- **Strategic Delivery:** A coordinated 5-month rollout to BSNL circles nationwide to rapidly enhance network stability.
- **Technological Synergy:** Full compatibility with existing SMPS equipment through standardized communication protocols.

About Pace Digitek Limited

Pace Digitek Limited is a Bengaluru-headquartered solutions provider operating across telecom passive infrastructure, power electronics, renewable energy, energy storage solutions and ICT solutions. The company's offerings span telecom tower infrastructure, optical fibre deployment, power and energy

systems, solar and rural electrification projects, and lithium-based energy storage solutions for diverse sectors.

Through its subsidiary Lineage Power Private Limited, Pace Digitek manufactures and supplies advanced DC power systems and battery energy storage systems from its facilities in Karnataka, serving customers across India and select international markets. With a growing portfolio in both telecom and clean energy, Pace Digitek is focused on enabling reliable connectivity and sustainable infrastructure in support of India's digital and green transitions.
