3 During earlier years, the Group had received demand notices from the Excise department covering period from July 2000 till June 2017 for Rs. 1,385.47 crore. These demands are of excise duty payable on inclusion of the cost of bought out items in the assessable value of certain products manufactured, though such duty paid bought out items are directly dispatched by the manufacturers thereof to the ultimate customer, without being received in the factories. The Group had filed an appeal against the same before CESTAT, Mumbai which was allowed in favour of the Group during FY 22-23.

In August 2023, the Commissioner of CGST & CE, Pune-I filed an appeal before the Hon'ble Supreme Court of India challenging CESTAT order and the appeal was admitted on July 10, 2024. Based on independent legal advice, the Group is confident of the issue being ultimately decided in its favour and accordingly, no provision has been considered necessary.

8 In June 2023, an arbitrator ruled against the Company in a dispute with a customer concerning Gas Turbo Generators (GTGs) procured from a third party under a composite contract. The GTGs had failed, and the arbitrator ordered the Company to repair and restore them, along with related costs and interest totaling Rs. 218.45 crore, which was deposited with the Customer. The Company had previously recognized, as an exceptional item, a provision of Rs. 50.63 crore related to this matter based on the arbitration award. The award was appealed by the Company in the Bombay High Court. On December 9, 2025, the High Court set aside the arbitral award and directed the customer to refund the entire deposit of Rs. 218.45 crore to the Company, along with interest at 6% per annum.

Following this judgement and backed by independent legal advice, the Company has reversed the previously recognized provision and disclosed it as "Reversal of provision for litigation" under "Exceptional Items" in the Statement of unaudited financial results for the quarter and nine months ended December 31, 2025.

Additionally, the Company has recognized an interest income of Rs. 29.16 crore relating to the interest earned on the deposit from the date of deposit i.e., October 12, 2023 till December 31, 2025. The same is disclosed under "Exceptional Items" in the quarter and nine months ended December 31, 2025.

10 Effective 21 November 2025, The Government of India has consolidated multiple existing labour legislations into a unified framework comprising of four Labour Codes collectively referred to as the 'New Labour Codes'. Under Ind AS 19, changes to employee benefit plans arising from legislative amendments constitute a plan amendment, requiring recognition of past service cost immediately in the Statement of profit and Loss.

The Group has assessed and disclosed the incremental impact of the New Labour Codes of Rs. 21.04 crore and Rs. 14.47 crore on consolidated and standalone financial results, respectively, primarily arising due to change in definition of wages and the recognition of such past service costs. The Government is in the process of notifying related rules to the New Labour Codes and impact of these will be evaluated and accounted for in accordance with applicable accounting standards in the period in which they are notified. Considering the materiality and regulatory-driven, non-recurring nature of this impact, the Group has presented such past service costs as "Statutory impact of new Labour Codes" under "Exceptional Items" in the consolidated and standalone financial results for the quarter and nine months ended December 31, 2025.

## **Thermax Group registers order book growth of 34%**

**Pune, February 02, 2026**

Thermax is a trusted partner in energy transition and leading provider of energy and environment solutions. The company recorded a consolidated operating revenue of Rs. 2,635 crore in the third quarter of FY 2025-26, a 4% increase as compared to Rs. 2,529 crore in the corresponding quarter of the previous fiscal year. The company's profit before exceptional items and tax is Rs. 230 crore (Rs. 156 crore) an increase of 47% over Q3 of FY'25. The Company's consolidated profit after tax (PAT) is Rs. 205 crore (Rs.114 crore) an increase of 80% over Q3 of FY'25.

During the quarter, exceptional items (net) increased profit before tax (PBT) by Rs. 59 crore. This includes the reversal of a previously recognised provision of Rs. 51 crore and interest income of Rs. 29 crore on account of the impact of the Hon'ble Bombay High Court order setting aside the arbitral award and directing the customer to refund the entire deposit placed by the Company in an earlier year, along with interest at 6% per annum. This was partly offset by a one-time impact of Rs. 21 crore arising from changes in labour codes.

As of December 31, 2025, the order balance for the quarter was Rs. 12,641 crore (Rs. 11,383 crore), up by 11% from the corresponding quarter of the previous year. The order booking for the quarter was Rs. 3,080 crore, showcasing a 34% increase compared to Rs. 2,296 crore in the same quarter of the previous fiscal year. One of the Group's subsidiaries, TOESL, has shifted to a rolling 12-month forecast model for its order book this year, replacing the earlier practice of reporting only the first year's revenue from contracts that typically run for 10 years. This change has resulted in an increase of Rs. 128 crore (6%) in the reported order book, with no impact on contracts, revenue recognition, or financial results.

On a standalone basis, Thermax Limited posted an operating revenue of Rs. 1,599 crore during the quarter, a 9% growth as compared to Rs. 1,469 crore in the corresponding quarter last year. The profit after tax for the quarter stood at Rs.175 crore (Rs. 103 crore), a growth of 70%. Profit before tax for the current quarter includes net exceptional gains of Rs. 85 crore, comprising the reversal of a previously recognised provision of Rs. 51

crore and interest income of Rs. 29 crore on account of the impact of the Hon'ble Bombay High Court order as explained above; a reversal of impairment loss of Rs. 50 crore on the carrying value of the investment in Thermax Netherlands B.V., partly offset by recognition of an impairment loss of Rs. 30 crore on the carrying value of the investment in Thermax Bioenergy Solutions Private Limited; and a one-time impact of Rs. 15 crore arising from changes in labour codes.

The order booking for the quarter was lower by 4% at Rs. 1,589 crore in comparison to Rs. 1,647 crore in the previous year. Order balance on December 31, 2025, stood at Rs. 6,937 crore (Rs. 6493 crore) up by 7%.

During the quarter Thermax Babcock & Wilcox Energy Solutions Limited (TBWES), a wholly owned subsidiary of Thermax, has secured an order of more than Rs. 580 crore for utility boilers and associated systems from Dangote Industries, a major West African conglomerate, for their refinery and petrochemical complex in Nigeria. Moreover, Thermax has received orders aggregating approximately Rs. 200 crore in the data centre segment from customers in North America and India.
