## Press Release

### **Epigral Limited awarded EcoVadis Silver Medal**

**February 3, 2026: Epigral Limited (Epigral),** India's leading integrated chemical manufacturer with state-of-the-art facilities at Dahej, Gujarat, has been awarded the EcoVadis Silver Medal.

This accolade recognizes our sustained commitment to sustainability and responsible business practices. The Silver rating places Epigral Limited in the global top 15% of over 150,000 assessed companies, reflecting strong performance across Environment, Labor & Human Rights, Ethics, and Sustainable Procurement.

It underscores our ongoing integration of ESG principles into operations and the value chain, reaffirming long-term dedication to sustainable growth.

**Commenting on the achievement Mr. Maulik Patel; Chairman and Managing Director – Epigral said:** *"I am delighted to share that Epigral Limited has earned the EcoVadis Silver rating, affirming how deeply sustainability is woven into our business strategy and decision-making.*

*This accolade highlights our team's shared dedication to responsible manufacturing, ethical standards, and relentless progress. As we expand, sustainability will stay at the core of our efforts to deliver enduring value for all stakeholders." Mr Patel added.*

#### **About Epigral Limited**

Epigral Limited (Epigral), incorporated in 2007, is a leading integrated manufacturer of chemicals in India. Epigral's Dahej facility is a backward and forward integrated and automated complex with a well-planned infrastructure. In India, Epigral is the first to set up an Epichlorohydrin plant and largest capacity plant of CPVC. Epigral is also a leading manufacturer of Caustic Soda, Caustic Potash, Chloromethanes, Hydrogen Peroxide, Chlorine and Hydrogen.

Epigral is strengthening its position in the specialty chemical business by enhancing its capacity of CPVC and ECH, venturing into the Chlorotoluenes value chain and dedicated R&D centre. The company is focused on sustainable value creation for all its stakeholders.

Through integral collaborations and exceptional solutions, Epigral strives to enhance value and exceed expectations, leaving an indelible mark on stakeholders and the industry.
