## Winners of Qorus-Infosys Finacle Banking Innovation Awards 2025 Announced in Athens

*The 12<sup>th</sup> edition recognized 30 financial institutions across nine categories for their visionary innovations in banking*

**Bengaluru, India and Paris, France – December 03, 2025:** [Infosys Finacle](#), part of [EdgeVerve Systems](#), a wholly-owned subsidiary of [Infosys](#) (NSE, BSE, NYSE: INFY) and [Qorus](#), leading international network for financial institutions, have announced the winners of the 12<sup>th</sup> edition of the [Qorus-Infosys Finacle Banking Innovation Awards](#). Winners were felicitated in an award ceremony, conducted as part of the [Infosys Finacle Conclave](#).

For the 2025 edition, 320 innovative projects were submitted by 130 financial institutions from 53 countries, covering innovation areas such as customer experience, new business models, emerging technologies, and more. Winners were selected across nine categories: Business Model Innovation, Product and Service Innovation, Business Banking Innovation, Predictive, Generative, and Agentic AI Innovation, Operations and Workforce Transformation, Customer Experience Innovation, Social, Sustainable & Responsible Banking Innovation, Emerging Tech Innovation of the Year, and Transformative Innovator of the Year. The selection process involved peer-based voting by Qorus community combined with evaluation by an expert jury panel of 67 senior banking executives.

The complete list of the recognized banks and details of their award-winning banking innovations is available [here](#).

**Jean-Marc Pailhol, Chairman, Qorus** said, "Through the Banking Innovation Awards, Qorus highlights the most impactful banking innovations from around the world. In collaboration with Infosys Finacle, we showcased bold ideas that don't just improve banking — they redefine it. The award ceremony is more than a celebration. It's a strategic moment for our industry. It offers a glimpse of what banking will look like in the next five to ten years, and a clear signal to all institutions: this is where the future is headed. Qorus is at the very heart of this transformation. By bringing together forward-thinking institutions and giving them the visibility they deserve, we help turn inspiration into action — and ideas into industry standards."

**John Berry, Chief Executive Officer, Qorus** said, "Congratulations to all the winners who used their creativity – and often the most advanced technologies – to improve operational processes and the customer experience, and to envision a different kind of bank that benefits everyone. This ceremony was a goldmine of insights that will undoubtedly inspire the leaders who attended tonight."

**Sajit Vijayakumar, Chief Executive Officer, Infosys Finacle**, said, “Innovation powered by AI, composable platforms, and digital ecosystems is transforming how banks create, deliver, and realize value. The winners of the Qorus-Infosys Finacle Banking Innovation Awards 2025 exemplify how institutions worldwide are reimagining experiences, business models, and technology foundations to build the next generation of banks. Congratulations to all the winners for their pioneering efforts in redefining what’s possible and inspiring the future of banking.”

### **About Qorus**

A global non-profit association established in 1971 by banks and insurance companies, Qorus (formerly known as Efma) helps its members to reinvent themselves to thrive – to go further, be faster and work together. Its global ecosystem brings valuable insights, inspiring events, rich data, and active global communities all in one place. With over 50 years of experience, Qorus provides a neutral space for best-practice sharing and collaboration, while offering diverse knowledge and a global reach – to more than 1,200 financial groups in 120+ countries. Headquartered in Paris, Qorus serves financial institutions on all continents, with offices in Andorra, Bangkok, Bratislava, Brussels, Dubai, Istanbul, Kuala Lumpur, London, Milan, Seoul, and Tokyo. ### **Safe Harbor**

Certain statements in this release concerning our future growth prospects, or our future financial or operating performance, are forward-looking statements intended to qualify for the 'safe harbor' under the Private Securities Litigation Reform Act of 1995, which involve a number of risks and uncertainties that could cause actual results or outcomes to differ materially from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding the execution of our business strategy, increased competition for talent, our ability to attract and retain personnel, increase in wages, investments to reskill our employees, our ability to effectively implement a hybrid work model, economic uncertainties and geo-political situations, technological disruptions and innovations such as artificial intelligence (“AI”), generative AI, the complex and evolving regulatory landscape including immigration regulation changes, our ESG vision, our capital allocation policy and expectations concerning our market position, future operations, margins, profitability, liquidity, capital resources, our corporate actions including acquisitions, and cybersecurity matters. Important factors that may cause actual results or outcomes to differ from those implied by the forward-looking statements are discussed in more detail in our US Securities and Exchange Commission filings including our Annual Report on Form 20-F for the fiscal year ended March 31, 2025. These filings are available at [www.sec.gov](http://www.sec.gov). Infosys may, from time to time, make additional written and oral forward-looking statements, including statements contained in the Company's filings with the Securities and Exchange Commission and our reports to shareholders. The Company does not undertake to update any forward-looking statements that may be made from time to time by or on behalf of the Company unless it is required by law.
