SECTION II - RISK FACTORS

An investment in Equity Shares involves a high degree of risk. You should carefully consider all the information in this Draft Letter of Offer, including the risks and uncertainties summarized below, before making an investment in our Equity Shares. The risks described below are relevant to the industries our Company is engaged in, our Company and our Equity Shares. To obtain a complete understanding of our Company, you should read all the sections in this Draft Letter of Offer including all the financial and statistical information contained in the Draft Letter of Offer.

If any one or more of the following risks as well as other risks and uncertainties discussed in the Draft Letter of Offer were to occur, our business, financial condition and results of our operation could suffer material adverse effects and could cause the trading price of our Equity Shares and the value of investment in the Equity Shares to materially decline which could result in the loss of all or part of investment. Prospective investors should pay particular attention to the fact that our Company is incorporated under the laws of India and is therefore subject to a legal and regulatory environment that may differ in certain respects from that of other countries.

The Draft Letter of Offer also contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of many factors, including the considerations described below and elsewhere in the Draft Letter of Offer. These risks are not the only ones that our Company face. Our business operations could also be affected by additional factors that are not presently known to us or that we currently consider to be immaterial to our operations. Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify financial or other implication of any risks mentioned herein.

Materiality

The Risk factors have been determined on the basis of their materiality, which has been decided on the basis of following factors:

1. *Some events may not be material individually but may be material when considered collectively.*
2. *Some events may have an impact which is qualitative though not quantitative.*
3. *Some events may not be material at present but may have a material impact in the future.*

RISKS RELATING TO OUR COMPANY AND ITS BUSINESS

1. *If we are unable to comply with the capital adequacy requirements stipulated by the RBI in connection with our lending business, our business, results of operations and cash flows may be materially and adversely affected.*

Our lending business is subject to various regulations relating to the capital adequacy of NBFCs, which determine the minimum amount of capital we are required to maintain. There can be no assurance that we will be able to maintain CRAR within the regulatory requirements. Further, as we grow our lending business loan portfolio, we will be required to raise additional Tier I and Tier II capital to continue to meet applicable capital adequacy ratios with respect to such business. There can be no assurance that we will be able to raise adequate additional capital in the future on favourable terms, or at all. This could result in non-compliance with applicable capital adequacy ratios, which could have a material adverse effect on our business, results of operations and cash flows. Also, there is no assurance that RBI will not take any action for breaches in capital adequacy norms by our Company in the future. This could adversely affect our business, prospects, results of operations, financial condition and cash flows and could impair our ability to continue current operations and in extreme case, may lead to suspension/ cancellation/ withdrawal of our license to operate as an NBFC.

2. *As an NBFC, we are subject to periodic inspections by the RBI. Non-compliance with observations made by RBI during these inspections could expose us to penalties and restrictions*

NBFCs in India are subject to strict regulation and supervision by the RBI. Under Section 45N of the Reserve Bank of India Act, 1934 (“RBI Act”) we are subject to periodic inspections by the RBI to verify correctness or completeness of any statement, information or particulars furnished to the RBI for the purpose of obtaining any information or particulars which our Company has failed to furnish on being called upon to do so. While we may respond to RBI and address such observations; there can be no assurance that the RBI will not make similar or other observations in the future. If we are unable to resolve such deficiencies to RBI’s satisfaction, our ability to conduct the business may be adversely affected. Imposition of any penalty or adverse findings by the RBI during the ongoing or any future inspections may have an adverse impact on our business prospects, financial condition and results of operations.

3. We operate in a highly competitive industry and our inability to compete effectively may adversely affect our business.

We operate in a highly competitive industry. Given the diversity of our businesses, and the products and services offered by us, we face competition from the full spectrum of public sector banks, private sector banks (including foreign banks), financial institutions, captive finance affiliates of players in various industries, small finance banks and other NBFCs who are active in SME, retail and individual lending. Many of our competitors may have greater resources than we do and may have significantly lower cost of funds compared to us. They may also have greater geographical reach, long-standing partnerships and may offer their customers other forms of financing that we may not be able to provide. Competition in our industry depends on, amongst others, the ongoing evolution of government and regulatory policies, the entry of new participants and the extent to which there is consolidation among banks and financial institutions in India. We cannot assure you that we will be able to react effectively to these or other market developments or compete effectively with new and existing players in our increasingly competitive industry and our inability to compete effectively may adversely affect our business.

4. Failing to achieve the prescribed level of Net Owned funds within the stipulated period may lead to cancellation of our Certificate of Registration (CoR) as NBFC by RBI.

Pursuant to Master Direction – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023 for NBFC-ICC the minimum net owned fund requirement should be ₹5 crore by March 31, 2025. As on September 30, 2025 our company's NOF is ₹2.12 crore, which is below the minimum threshold mandated under the SBR Directions. As per the said directions NBFCs failing to achieve the prescribed level within the stipulated period shall not be eligible to hold the Certificate of Registration (CoR) as NBFCs. If we do not meet the required funds raised through rights issue our certificate of registration is liable for cancellation.

5. Our Company's logo is not registered as on this date of Draft Letter of Offer. We may be unable to adequately protect our intellectual property right.

As on date of this Draft letter of Offer, we have not registered our logo  under the Trademarks Act, 1999, hence, we do not enjoy the statutory protections accorded to a registered logo. We cannot assure you that any application for registration of our logo in future by our Company will be granted by the relevant authorities in a timely manner or at all. Further, there can be no assurance that third parties will not infringe our intellectual property, causing damage to our business prospects, reputation and goodwill. We may not be able to detect any unauthorized use or our efforts to protect our intellectual property may not be adequate and may lead to erosion of our business value and our operations could be adversely affected. We may need to litigate in order to determine the validity of such claims and the scope of the proprietary rights of others. Any such litigation could be time consuming and costly, and the outcome cannot be guaranteed.

6. Our success depends largely on our senior management and our ability to attract and retain our key personnel. Any significant changes in the key managerial personnel, may affect the performance of our Company.

Our success depends on the continued services and performance of the members of the senior management team and other key employees. Competition for senior and experienced personnel in the industry is intense at present. The loss of the services of senior management or other key personnel could seriously impair our ability to continue to manage and expand our business, which may adversely affect our financial condition.

7. There have been instances of non-compliance with certain provisions of SEBI Listing Regulations.

The Company has in the past experienced instances of non-compliance and delays in complying with certain provisions of the SEBI Listing Regulations. These are:

Due to certain regulatory and compliance lapses, the equity shares of the Company were suspended from trading on the BSE with effect from 21st November 2022. The Company subsequently regularised all pending compliances and cleared all outstanding dues payable to the Exchange, with the final payment made on 15th July 2025.

Consequent to the completion of all compliance requirements and after due examination of the Company's submissions, BSE, vide its letter dated 04th November 2025, informed the Company that the suspension of trading in its equity shares would be revoked with effect from 12th November 2025.

8. *High levels of customer defaults or delays in repayment of loans could adversely affect our business, financial condition and results of operations.*

As an NBFC, our business is inherently exposed to credit risk arising from the inability or unwillingness of customers to meet their repayment obligations in a timely manner. Any increase in customer defaults, delinquency levels or delays in the repayment of loans could materially and adversely affect our income, asset quality and overall financial performance. Customer repayment behaviour may deteriorate due to various factors including adverse macroeconomic conditions, rising interest rates, inflationary pressures, disruptions in customer cash flows, sector-specific downturns, unemployment, or other unforeseen personal or business financial difficulties. In addition, deficiencies in our credit underwriting processes, credit assessment methodologies, or monitoring and recovery mechanisms could result in the sanction of loans to customers with higher credit risk than anticipated.

Although we believe that our risk management controls are sufficient, we cannot be certain that they will continue to be sufficient or that additional risk management policies for individual borrowers will not be required. Failure to continuously monitor the loan contracts, could adversely affect our credit portfolio which could have a material and adverse effect on our results of operations and financial condition.

Accordingly, high levels of customer defaults or delays in repayment of loans could materially and adversely affect our business, financial condition, results of operations and cash flows.

9. *We are affected by volatility in interest rates for both our lending and fund raisings operations, which could cause our net interest income to decline and adversely affect the results of operations and profitability.*

Our net interest margins are affected by any volatility in interest rates in our lending operations. Interest rates are highly sensitive to many factors beyond our control, including competition from other banks and NBFCs, the monetary policies of the RBI, deregulation of the financial sector in India, domestic and international economic

and political conditions and other factors, which have historically generated a relatively high degree of volatility in interest rates in India. Persistently high inflation in India may discourage the Government from implementing policies that would cause interest rates to decrease. Moreover, if there is an increase in the interest rates, we may be unable to pass it fully or partially to our customers. Further, we may find it difficult to compete with our competitors, who may have access to funds at a lower cost or lower cost deposits. To the extent our borrowings are linked to market interest rates, we may have to pay interest at a higher rate than competitors that may borrow only at fixed interest rates.

Further, our ability to pass on any increase in interest rates to borrowers may also be constrained by regulations implemented by the Government or the RBI. In a declining interest rate environment, if our cost of funds does not decline simultaneously or to the same extent as the yield on our interest earning assets, it could lead to a reduction in our net interest income and net interest margin.

10. Our funding requirements and proposed deployment of Net Proceeds are based on management estimates and have not been independently appraised and may be subject to change based on various factors, some of which are beyond our control

Our funding requirements and deployment of the Net Proceeds are based on internal management estimates based on current market conditions and have not been appraised by any bank or financial institution or other independent agency. Further, in the absence of such independent appraisal, our funding requirements may be subject to change based on various factors which are beyond our control. The deployment of Net Proceeds will be in compliance with all applicable laws and regulations. For details, see “Objects of the Issue” beginning on page 30.

11. We do not own our Registered Office from which we operate.

We do not own the premises on which our Registered Office is situated. Our Company has taken the registered office on rental basis. If the owner of the premises revokes the arrangements under which we occupy the premises or imposes terms and conditions that are unfavourable to us, we may suffer a disruption in our operations or have to pay increased rent, which could have a material adverse effect on our business, prospects, results of operations and financial condition.

12. We have experienced negative cash flows in the past and may continue to do so in the future and the same may adversely affect our cash flow requirements, which in turn may adversely affect our ability to operate our business and implement our growth plans, thereby affecting our financial condition.

We have experienced negative net cash flows from operating activities in the past and may continue to experience such negative operating cash flows in the future. The following table sets forth certain information relating to our cash flows on a restated consolidated basis for the periods indicated:

Particulars	March 31, 2025	March 31, 2024	(Amount ₹ in lakhs)
Net cash from/ (used in) Operating Activities	176.81	(1.83)	
Net cash from/ (used in) Investing Activities	Nil	Nil	
Net cash from/ (used in) Financing Activities	50.00	Nil	

Negative cash flows over extended periods, or significant negative cash flows in the short term, could materially impact our ability to operate our business and implement our growth plans. As a result, our cash flows, business, future financial performance and results of operations could be materially and adversely affected.

13. Our inability to obtain, renew or maintain our statutory and regulatory permits and approvals required to operate our business may have a material adverse effect on our business.

We require certain statutory and/or regulatory permits and approvals for our business. In the future, we will be required to renew such permits and approvals and obtain new permits and approvals for any proposed operations. There can be no assurance that the relevant authorities will issue any of such permits or approvals in a timely manner or at all and/or on favourable terms and conditions. Failure by us to comply with the terms and conditions to which such permits or approvals are subject and/or to renew, maintain or obtain the required permits or approvals may result in the interruption of our operations and may have a material adverse effect on our business, financial condition and results of operations.

We have entered into certain related party transactions as on the date of this Draft Letter of Offer which have been in accordance with the provisions of the Companies Act and the Listing Regulations. While we believe that all our related party transactions have been conducted on an arm's length basis, we cannot assure you that we may not have achieved more favourable terms had such transactions been entered into with unrelated parties. There can be no assurance that such transactions, individually or taken together, will not have an adverse effect on our business, prospects, results of operations and financial condition, including because of potential conflicts of interest or otherwise.

18. *The deployment of funds is entirely at our discretion and as per the details mentioned in the section titled 'Objects of the Issue'*

The deployment of the funds towards the Objects of this Issue is entirely at the discretion of our Board of Directors and although there will be a monitoring agency and our Board of Directors along with the Audit Committee who will monitor the utilisation of Issue proceeds, our Board of Directors shall still have the flexibility in applying the proceeds of this Issue.

19. *Our ability to pay dividends in the future will depend upon our future earnings, financial condition, cash flows, working capital requirements, capital expenditure and restrictive covenants in our financing arrangements.*

Our Company may retain all our future earnings, if any, for use in the operations and expansion of our business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deem relevant, including among others, our results of operations, financial condition, cash requirements, business prospects and any other financing arrangements. Accordingly, realization of a gain on shareholders' investments may largely depend upon the appreciation of the price of our Equity Shares. There can be no assurance that our Equity Shares will appreciate.

ISSUE SPECIFIC RISKS

20. *Investors will be subject to market risks until the Equity Shares credited to the investor's demat account are listed and permitted to trade.*

Investors can start trading the Equity Shares allotted to them only after they have been credited to an investor's demat account, are listed and permitted to trade. Since the Equity Shares are currently traded on BSE, investors will be subject to market risk from the date they pay for the Equity Shares to the date when trading approval is granted for the same. Further, there can be no assurance that the Equity Shares allocated to an investor will be credited to the investor's demat account in a timely manner or that trading in the Equity Shares will commence in a timely manner.

21. *Applicants to the Issue are not allowed to withdraw or revise downwards their Bids after the Bid /Issue Closing Date.*

In terms of the SEBI ICDR Regulations, applicants in the Issue are not allowed to withdraw their Bids after the Bid/Issue Closing Date. The Allotment of Equity Shares in this Issue and the credit of such Equity Shares to the applicant's demat account with depository participant could take approximately seven days and up to 10 days from the Bid/Issue Closing Date. However, there is no assurance that material adverse changes in the international or national monetary, financial, political or economic conditions or other events in the nature of force majeure, material adverse changes in our business, results of operations and financial condition, or other events affecting the applicant's decision to invest in the Equity Shares, would not arise between the Bid/ Issue Closing Date and the date of Allotment of Equity Shares in the Issue.

The occurrence of any such events after the Bid/Issue Closing Date could also impact the market price of the Equity Shares. The applicants shall not have the right to withdraw their Bids in the event of any such occurrence. Our Company may complete the Allotment of the Equity Shares even if such events may limit the applicants' ability to sell the Equity Shares after the Issue or cause the trading price of the Equity Shares to decline.

22. *Failure to exercise or sell the Rights Entitlements will cause the Rights Entitlements to lapse without compensation and result in a dilution of shareholding.*

The Rights Entitlements that are not exercised prior to the end of the Issue Closing Date will expire and become null and void, and Eligible Equity Shareholders will not receive any consideration for them. The proportionate ownership and voting interest in our Company of Eligible Equity Shareholders who fail (or are not able) to exercise their Rights Entitlements will be diluted. Even if you elect to sell your unexercised Rights Entitlements,

the consideration you receive for them may not be sufficient to fully compensate you for the dilution of your percentage ownership of the equity share capital of our Company that may be caused as a result of the Issue. Renouncee(s) may not be able to apply in case of failure in completion of renunciation through off-market transfer in such a manner that the Rights Entitlements are credited to the demat account of the Renouncees prior to the Issue Closing Date. Further, in case, the Rights Entitlements do not get credited in time, in case of On Market Renunciation, such Renouncee will not be able to apply in this Issue with respect to such Rights Entitlements. For details, see "Terms of the Issue" on page 49 of this Draft Letter of Offer.

23. *SEBI has recently, by way of a Master Circular streamlined the process of rights issues. You should follow the instructions carefully, as stated in such SEBI circulars, and in this Draft Letter of Offer.*

The concept of crediting Rights Entitlements into the demat accounts of the Eligible Equity Shareholders has recently been introduced by the SEBI. Accordingly, the process for such Rights Entitlements has been recently devised by capital market intermediaries. Eligible Equity Shareholders are encouraged to exercise caution, carefully follow the requirements as stated in the SEBI Master Circular and ensure completion of all necessary steps in relation to providing/updating their demat account details in a timely manner. Further, while in accordance with the SEBI Master Circular, the credit of Rights Entitlements shall be made into the demat accounts of the Eligible Equity Shareholders as on the Record Date, such Eligible Equity Shareholders shall participate in the Issue only in accordance with the applicable laws in their respective jurisdictions. For details, see "Terms of the Issue" beginning on page 49 of this Draft Letter of Offer.

In accordance with Regulation 77A of the SEBI ICDR Regulations read with the SEBI Master Circular, the credit of Rights Entitlements and Allotment of Rights Equity Shares shall be made in dematerialized form only. Prior to the Issue Opening Date, our Company shall credit the Rights Entitlements to (i) the demat accounts of the Eligible Equity Shareholders holding the Equity Shares in dematerialized form; and (ii) demat escrow account (namely, "[●]") opened by our Company, for the Eligible Equity Shareholders which would comprise Rights Entitlements relating to (a) Equity Shares held in a demat suspense account pursuant to Regulation 39 of the SEBI Listing Regulations; or (b) Equity Shares held in the account of IEPF authority; or (c) the demat accounts of the Eligible Equity Shareholder which are frozen or suspended for debit or credit or details of which are unavailable with our Company or with the Registrar on the Record Date; or (d) credit of the Rights Entitlements returned / reversed / failed; or (e) the ownership of the Equity Shares currently under dispute, including any court proceedings.

24. *The Equity Shares may experience price and volume fluctuations or an active trading market for the Equity Shares may not develop.*

The price of the Equity Shares may fluctuate after this Issue as a result of several factors, including volatility in the Indian and global securities markets, the results of our operations, the performance of our competitors, changes in the estimates of our performance or recommendations by financial analysts, significant developments in India's economic liberalization and deregulation policies, inclusion or exclusion of our Company in indices, significant developments in India's fiscal regulations and any other political or economic factors. In addition, if the stock markets experience a loss of investor confidence, the trading price of our Equity Shares could decline for reasons unrelated to our business, financial condition or operating results. The trading price of our Equity Shares might also decline in reaction to events that affect other companies in our industry even if these events do not directly affect us. Further, the price at which the Equity Shares are initially traded may not correspond to the prices at which the Equity Shares will trade in the market subsequently. General or industry specific market conditions or stock performance or domestic or international macroeconomic and geopolitical factors unrelated to our performance also affect the price of the Rights Equity Shares. In particular, the stock market as a whole recently experienced extreme price and volume fluctuations that have affected the market price of many companies in ways that may have been unrelated to the companies' operating performances. For these reasons, investors should not rely on recent trends to predict future share prices, results of operations or cash flow and financial condition.

DETAILS OF THE OBJECTS OF THE ISSUE

1. To augment our capital base and attain the minimum Net Owned Fund requirements as mandated by RBI

Our Company is registered as a Non-Banking Financial Company – Investment and Credit Company (NBFC-ICC), categorized under the Base Layer as a Non-Systemically Important, Non-Deposit Taking NBFC. The Company was granted the Certificate of Registration (“CoR”) by the Reserve Bank of India (“RBI”) on 24 March 1998 and has been carrying on NBFC activities in compliance with applicable regulatory provisions.

Pursuant to the regulatory framework outlined under Chapter III, Paragraph 6.2 of the Master Direction – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023 (“SBR Directions”), every NBFC-ICC classified under the Base Layer is required to maintain a minimum Net Owned Fund (“NOF”) of ₹5 crore on or before March 31, 2025 and ₹ 10 crores on or before March 31, 2027.

The Company was unable to comply with the NOF requirements within the stipulated timeframe as its shares were suspended, which prevented it from accessing the capital markets and raising the necessary funds. Pursuant to the revocation of the suspension by BSE, the present Rights Issue is being contemplated inter-alia for meeting the regulatory requirements.

As on September 30, 2025 the Company's NOF stands at Rs 2.12 Crores, which is below the minimum threshold mandated under the SBR Directions. In order to meet the regulatory requirement within the stipulated timeline and support business expansion, the Company has proposed to undertake a Rights Issue of equity shares to its existing shareholders. The capital raised through this Rights Issue will enable the Company to bridge the shortfall in NOF and achieve full compliance with the RBI's minimum NOF requirement.

Additionally, the Rights Issue will provide an opportunity to the existing shareholders to participate in the capital-raising process, while also helping the Company broaden and diversify its shareholder base. This will contribute to improve market standing, better investor confidence, and enhanced long-term value creation for all stakeholders.

2. General Corporate Purpose

We intend to deploy Rs. [●] from Gross Proceeds of the Rights Issue towards General Corporate purposes. The General Corporate purposes for which our Company proposes to utilize issue proceeds include but not restricted to entering into brand building exercises and strengthening our marketing capabilities, general maintenance, partnerships, tie-ups or contingencies in ordinary course of business which may not be foreseen or any other purposes as approved by our Board of Directors. Our management, in accordance with the policies of our Board, will have flexibility in utilizing the proceeds earmarked for General Corporate purposes. Further, the amount for General Corporate purposes, as mentioned in this Draft Letter of Offer, shall not exceed 25% of the amount raised by our Company through this Issue.

ANNEXURE TO THE STATEMENT OF SPECIAL TAX BENEFITS AVAILABLE TO REGAL ENTERTAINMENT AND CONSULTANTS LIMITED (“THE COMPANY AND ITS SHAREHOLDERS”)

The information provided below sets out, in a summary manner, the possible special direct and indirect tax benefits available to the Company and its shareholders under the current tax laws in force in India. This is not a complete analysis or listing of all potential tax consequences of the subscription, ownership, or disposal of equity shares. Several of these benefits are contingent upon the Company and its shareholders fulfilling the conditions prescribed under the relevant tax laws. The ability to derive such benefits will depend on future business imperatives, and accordingly, the Company and its shareholders may or may not choose to fulfil the prescribed conditions. Certain tax benefits may also be optional, at the discretion of the Company or its shareholders, subject to compliance with applicable provisions.

This overview is neither exhaustive nor comprehensive and is not intended to be a substitute for professional advice. Investors are advised to consult their own tax advisors with respect to the tax implications of investing in the shares, particularly in view of recently enacted legislation that may lack direct legal precedent or may be subject to differing interpretations.

The tax benefits stated below are as per the Income-tax Act, 1961 (“IT Act”), as amended from time to time, and applicable for the financial year 2025-26 relevant to the assessment year 2026-27, and under the Indirect Tax Laws as amended from time to time and applicable for the financial year 2025-26.

I. Under the IT Act

1. Special Tax Benefits Available to the Company

a) **Lower Corporate Tax Rate** under Section 115BAA Section 115BAA, inserted by the Taxation Laws (Amendment) Act, 2019 (“Amendment Act 2019”), grants domestic companies the option to compute corporate tax at a reduced rate of 25.17% (22% plus surcharge of 10% and cess of 4%) from FY 2019-20, provided such companies do not avail specified exemptions/incentives (e.g., deductions under sections 10AA, 32(1)(iia), 33ABA, 35(2AB), 80-IA, etc.).

Companies opting for this regime are not required to pay Minimum Alternate Tax (“MAT”) under section 115JB. CBDT Circular No. 29/2019 dated October 2, 2019 clarified that MAT provisions under section 115JB do not apply where a company exercises the option under section 115BAA, and consequently, MAT credit under section 115JAA is not available.

b) Deductions from Gross Total Income

- Section 80JAA – Deduction in respect of employment of new employees Subject to prescribed conditions, the Company is entitled to claim a deduction equal to 30% of additional employee cost (relating to specified categories of employees) incurred in the course of business in the previous year, for three assessment years including the year in which such employment is provided.
- Section 80M – Deduction in respect of inter-corporate dividends Section 80M, inserted by the Finance Act, 2020 with effect from April 1, 2020, provides for a deduction from gross total income of a domestic company equal to the dividends received from another domestic company, a foreign company, or a business trust, to the extent such dividends do not exceed the amount of dividend distributed by it on or before one month prior to the due date of filing its tax return under section 139(1).

Where the Company receives such dividends during a financial year and distributes dividends to its shareholders before the aforesaid date, it shall be entitled to the deduction under section 80M.

2. Special Tax Benefits Available to Shareholders

There are no special tax benefits available to shareholders other than resident corporate shareholders.

For resident corporate shareholders, section 80M (inserted by the Finance Act, 2020) removes the cascading effect of taxes on inter-corporate dividends. Where the gross total income of a domestic company includes dividends from another domestic company, a foreign company, or a business trust, a deduction is allowed equal to the amount of such dividends received, to the extent of dividends distributed by it on or before one month prior to the due date of filing its return under section 139(1).

Notes under the IT Act

- a) This statement sets out provisions of tax laws in a summary manner only and is not a complete analysis of all potential tax consequences of purchase, ownership, or disposal of shares.
- b) It covers only certain special tax benefits under the IT Act and does not cover benefits under other laws in force in India.

It also does not discuss tax consequences outside India.

- c) The statement reflects current direct tax laws relevant for AY 2026-27. Several benefits are contingent upon fulfilment of prescribed conditions.
- d) For non-residents, tax rates and consequences will be subject to benefits available under applicable Double Taxation Avoidance Agreements (DTAAs).
- e) If the Company opts for the concessional tax regime under section 115BAA, it will not be eligible for deductions under sections 10AA, 32(1)(iia), 32AD, 33AB, 33ABA, 35(2AB), 35AD, 35CCC, 35CCD, or any provisions of Chapter VI-A other than sections 80JJAA and 80M. RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991, of the Government of India and FEMA. While the Industrial Policy, 1991, of the Government of India, prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. The Union Cabinet, as provided in the Cabinet Press Release dated May 24, 2017, has given its approval for phasing out the FIPB. Under the Industrial Policy, 1991, unless specifically restricted, foreign investment is freely permitted in all sectors of the Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. Accordingly, the process for foreign direct investment (“**FDI**”) and approval from the Government of India will now be handled by the concerned ministries or departments, in consultation with the Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India (formerly known as the Department of Industrial Policy and Promotion) (“**DPIIT**”), Ministry of Finance, Department of Economic Affairs, FIPB section, through a memorandum dated June 5, 2017, has notified the specific ministries handling relevant sectors.

The Government has, from time to time, made policy pronouncements on FDI through press notes and press releases. The DPIIT issued the Consolidated FDI Policy Circular of 2017 (“**FDI Circular 2017**”), which, with effect from August 28, 2017, consolidated and superseded all previous press notes, press releases and clarifications on FDI issued by the DPIIT that were in force and effect as on August 28, 2017. The Government proposes to update the consolidated circular on FDI policy once every year and therefore, FDI Circular 2017 will be valid until the DPIIT issues an updated circular.

The Government of India has from time to time made policy pronouncements on FDI through press notes and press releases which are notified by RBI as amendments to FEMA. In case of any conflict between FEMA and such policy pronouncements, FEMA prevails. The Consolidated FDI Policy, issued by the DIPP, consolidates the policy framework in place as on August 27, 2017, and supersedes all previous press notes, press releases and clarifications on FDI issued by the DIPP that were in force and effect as on August 27, 2017. The Government proposes to update the consolidated circular on FDI Policy once every year and therefore the Consolidated FDI Policy will be valid until the DIPP issues an updated circular.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the RBI, provided that (i) the activities of the investee company falls under the automatic route as provided in the FDI Policy and FEMA and transfer does not attract the provisions of the SEBI Takeover Regulations; (ii) the non- resident shareholding is within the sectoral limits under the FDI Policy; and (iii) the pricing is in accordance with the guidelines prescribed by SEBI and RBI.

As per the existing policy of the Government of India, erstwhile OCBs cannot participate in this Issue.

The above information is given for the benefit of the Applicants / Investors. Our Company is not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Letter of Offer. Investors are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.
