ALLEGATION OF MISUSE COST STATE ₹22,000-CR IN FY23-FY25

MGNREGS: Bengal's loss is TN, UP, Bihar's gain

● Release of funds to Bengal has ceased since 2022

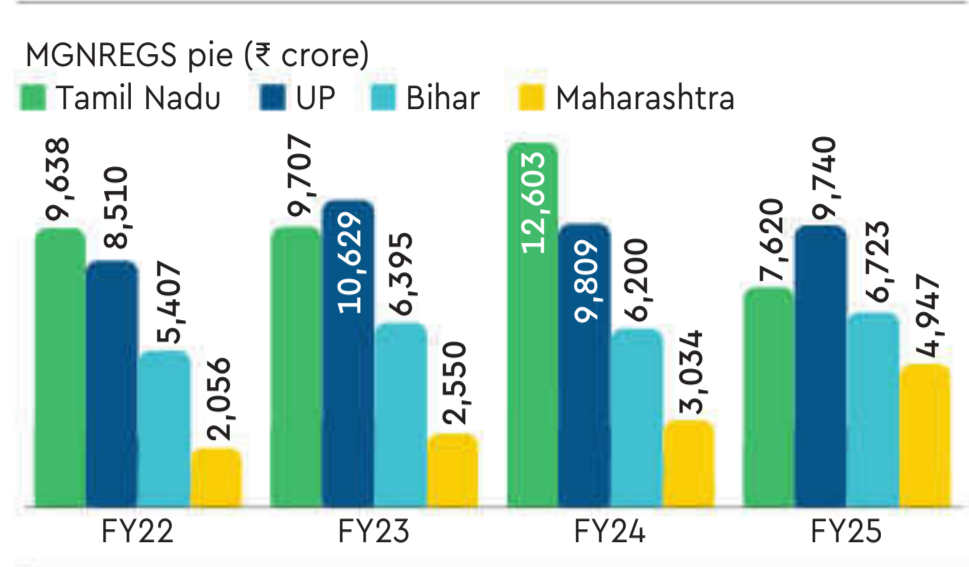

PRASANTA SAHU
New Delhi, June 3

ALLEGATIONS OF RAMPANT misappropriation of funds under the flagship Mahatma Gandhi National Rural Employment Guarantee Scheme (MGNREGS) may have cost West Bengal over ₹22,000 crore in assistance under Centre's flagship scheme during FY23-FY25. The bulk of these funds have likely been redistributed among Tamil Nadu, Uttar Pradesh, Bihar, and Maharashtra.

These four states got an additional ₹13,000 crore during the three years, even though the Centre's annual spending on the scheme largely remained stable around ₹86,000-88,000 crore. The outlay for FY26 is ₹86,000 crore.

Release of funds to West Bengal has been stopped since March 9, 2022, under Section

STATE-WISE ALLOCATION

27 of the MGNREG Act due to non-compliance with the Centre's directives. In FY22, the state got ₹7,508 crore.

There was no saving in the scheme, even though a large state like West Bengal did not get funds in the last three years, an official said, adding that the funding under the scheme may rise when the state becomes eligible to get funds again.

The highest the states had drawn was during Covid in FY21 at about ₹1.1 lakh crore, when rural distress was real.

Since then, it has started to decline as economic activity

picked up and steps were taken to plug leakages. The spending was ₹96,812 crore in FY22, ₹88,290 crore in FY23, ₹88,217 crore in FY24 and ₹85,771 crore in FY25.

Tamil Nadu, which received ₹9,707 crore in FY23 under the scheme, saw its pie grow to ₹12,603 crore in FY24, amid allegations that the scheme was used to fund state projects or machines were used for projects instead of labour.

Tightening of the norm, saw its share falling to around ₹7,600 crore in FY25. Bihar's share gradually grew from ₹5,407 crore in FY22 to over

₹6,700 crore in FY25 while Uttar Pradesh's share rose from ₹8,510 crore to ₹10,269 crore in FY23, before declining to around ₹9,700 crore in FY25.

Maharashtra, which was one of the large states availing less under the scheme, saw its share rise from ₹2,056 crore in FY22 to ₹4,900 crore in FY25. MGNREGS aims to provide at least 100 days of guaranteed wage employment in a financial year to every household in rural areas of the country, whose adult members volunteer to do unskilled manual work, mainly during off-seasons.

Netherlands still largest destination for India's petrol product exports

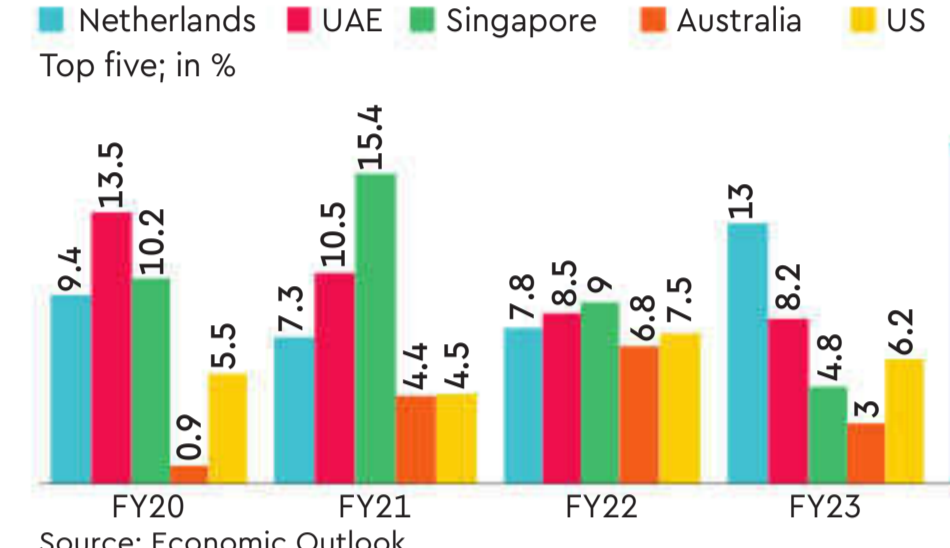

THE NETHERLANDS, WHICH became India's largest destination for export of petroleum products in FY23, consolidated that position since, reports Saikat Neogi. In FY25, the country in northwestern Europe, accounted for more than a fifth of India's shipments of these products, with the UAE coming in as a distant second with just 10% share. Of the total \$22.7 billion of India's

shipments to the Netherlands in FY25, the share of petroleum products was 58%. In fact, the Netherlands is also India's third largest goods export destination after the US and the UAE now. The country is a prime centre for storing petroleum products because of its port infrastructure and strategic location to ship these products to other European countries.

Half of those in private sector lack retirement plans: Survey

FE BUREAU
New Delhi, June 3

ROUGHLY HALF of India's salaried workforce in the private sector contribute little for their retirement benefits, while the other half earmark 1-10% of their salaries for these, according to a survey.

This indicates a cautious approach to savings, because of financial constraints or competing priorities, the survey by Grant Thornton Bharat showed.

While higher earners contribute more to retirement products, the overall contribution is still relatively low for most individuals, suggesting that many people may not be saving enough for retirement.

The survey—India's pension landscape: A study on retirement reality and readiness—

FUTURE SAVINGS

was conducted mostly in the age group between 25 to 54 years and employed in the private sector. There is a significant gap between the desired pension and the perceived adequacy of current retirement savings.

More than half (55%) of respondents expect a monthly pension of over ₹1

lakh. However, only 11% believe their current investments are sufficient to meet these expectations.

"This stark disparity highlights a significant preparedness gap that needs to be addressed through better financial planning and awareness," the report says.

Duty-free imports of yellow peas may weaken local prices

SANDIP DAS
New Delhi, June 3

TRADERS AND PROCESSORS fear that the government's decision to allow duty-free import of yellow peas — a cheaper substitute for chana — until the end of FY26 will depress domestic prices and force farmers to switch to more remunerative crops.

They warned that the continued dumping of cheap imported yellow peas would keep mandi prices low and discourage farmers from growing chana, which accounts for about 50% of the country's pulses production.

"We have urged the government several times to impose at least 50% import duties on yellow

peas so that domestic mandi prices remain stable and farmers are incentivised," Satish Upadhyay, secretary, India Pulses and Grains Association, told FE.

Currently, mandi prices of chana (chickpeas) in Madhya Pradesh and Rajasthan, two key producing states, are ruling in the range of ₹5200/quintal — ₹5500/quintal against the minimum support price (MSP) of ₹5650/quintal for the 2024-25 season. The pulse variety, which is currently being imported from Russia and Canada at around \$360/tonne or around ₹3400/quintal, is being widely used as 'besan' (chickpea flour) for making snacks. Over 3.5 MT of yellow peas have been imported since December 2023.
