This strategic win is projected to add approximately Rs. 100 crore to Arisinfra's combined materials and services order book, with high margins reinforcing the company's asset-light, high-margin business model.

The residential project, commissioned by Village Wave Pvt. Ltd., spans approximately 21.93 acres and has a Gross Development Value (GDV) of approximately Rs. 288 crore. Under the agreement, AUPL will hold exclusive rights to supply all construction materials and provide end-to-end development management services including project monitoring, sales and collections.
