MUMBAI - 400 001

Dear Sir,

Scrip Code: 506401

Sub: Intimation under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

Pursuant to Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations") read with Para B of Part A of Schedule III of SEBI Listing Regulations, we would like to inform you that Deepak Chem Tech Limited, a material wholly owned subsidiary of the Company has commenced the manufacturing operations at its Nitric Acid Plant today i.e. 4th December, 2025 at Nandesari, Dist. Vadodara in Gujarat.

The total capital expenditure incurred for the same is approximately ₹ 515 Crores as of the date of commencement of manufacturing operations.

Strategically, this will significantly strengthen Group's backward and forward integration, reinforcing supply security for key intermediates, enabling greater resilience and deeper penetration into high value applications. This marks a major step in Group's evolution toward a more integrated and value-accretive chemical platform - from Ammonia to Amines, with very few world players enjoying similar strengths.

We request you to kindly take the above on record.

Thanking you,

Yours faithfully
For **DEEPAK NITRITE LIMITED**
