(EBITDA Includes Other Income)

Commenting on the performance, **Mr. Paras S. Savla, Chairman and Managing Director, Deep Industries Ltd.** said, "We are delighted to share that Deep Industries Ltd. delivered a resilient and consistent performance through the third quarter and nine months of FY26, supported by strong execution across our core service lines and a constructive operating environment. During the period, our Production Enhancement operations at the Rajahmundry field progressed in a stable and controlled manner, while our drilling and workover assets continued to see healthy deployment across key hydrocarbon basins in India.

Our momentum has been underpinned by improved bidding outcomes in various service segments, reflecting the increasing preference of operators for reliable, end-to-end service partners. With a robust order book, strong project execution, supportive policy direction on domestic exploration and energy independence, and steadily rising energy demand, we remain well positioned to scale operations strategically, strengthen cash flows, and deliver sustainable long-term value for all stakeholders. Deep Industries continues to reinforce its position as a trusted and execution-focused oilfield services company.”

About Deep Industries Ltd.

Deep Industries Limited is in to business of providing various Oil and Gas support services for more than 30 years now. It had started with Natural Gas Compression services in 90's and have added various services like natural gas dehydration, Drilling and workover rigs, Integrated project management and Charter Hiring of Gas processing services. Its current Service portfolio covers more than 70 percent of post exploration value chain services. Since last one year Deep has started focusing on value added services like Integrated Project Management and Charter hiring of Entire Gas processing facility. This is a unique proposition offered by the Company converting EPC business into charter hire. After entering in to Production Enhancement Contract with ONGC company has successfully commenced production operations. This initiative marks a significant milestone in company's efforts to contribute to India's energy security through the efficient development of existing oil and gas fields.
