## Media Release

### **Asian Granito India Limited Achieves GreenPro Certification from CII, Reinforcing Its Position in Green Building Materials**

- GreenPro Certification covers AGL's key product categories including wall tiles, porcelain body tiles, full body vitrified tiles, glazed vitrified tiles and double charged vitrified tiles
- Recognition underscores AGL's focus on environmentally responsible manufacturing and sustainable standards
- Supports the growing demand for certified green materials in India's construction sector

**Ahmedabad, 5<sup>th</sup> February, 2026:** [Asian Granito India Limited \(AGL\)](#), one of the largest Luxury Surfaces and Bathware Solutions brands in the country, has received the prestigious GreenPro certification from the Confederation of Indian Industry for a wide portfolio of its tile products, including wall tiles, porcelain body tiles, full body vitrified tiles, glazed vitrified tiles and double charged vitrified tiles. The certification recognises AGL's commitment to environmentally responsible manufacturing and sustainable product innovation. This milestone strengthens the company's position as a leader in delivering eco friendly solutions for the green building and construction sector.

GreenPro certification is an eco label developed by the Confederation of Indian Industry that recognises products meeting strict environmental and sustainability standards across their life cycle. It is one of India's most credible green product certifications and is widely trusted by architects, developers and green building professionals. This recognition enables companies like AGL to play an active role in supporting the industry's transition towards more sustainable development.

AGL has always focused on responsible and sustainable growth. The company follows recognised environmental standards such as ISO 14001 at its manufacturing plants. AGL also works with leading green building councils like IGBC to promote sustainable construction practices. It invests in energy and water saving initiatives and strives to reduce waste at every stage of production. These efforts help AGL align with global ESG trends and support a cleaner and greener future for the building industry.

Commenting on this milestone, **Mr. Kamlesh Patel, Chairman and Managing Director, Asian Granito India Limited**, said, "We are proud to receive the GreenPro certification from CII. As a leading surfaces brand, we see it as our responsibility to offer products that help customers make more sustainable choices. This recognition motivates us to work even closer with architects and developers to promote greener construction practices. We believe sustainability will play a central role in shaping the future of the building industry, and AGL is committed to being an active part of that journey."

The Indian construction sector is seeing a growing preference for certified materials as sustainability becomes an key factor in large projects. Green product certifications are playing an increasing role in purchase decisions across commercial and residential developments. With this recognition, AGL

strengthens its presence in the green materials space and supports the industry's move towards better quality and more responsible building practices.
