L&T Working on War Footing to Build Medical-Grade Oxygen Generation Units

22 Units will be donated to various hospitals across country

Oxygen units to be functional immediately, working on plug-&-play principle

L&T joins national effort to overcome oxygen shortage

Mumbai, May 05, 2021 - L&T is working on war footing to build medical-grade oxygen generation units to overcome the oxygen shortage in the country. The company has already started the production of 22 units, which will be donated to various hospitals across the country. The units are designed to be functional immediately, working on a plug-&-play principle.
