## TCS Selected as Strategic Partner to Administer the Teachers' Pension Scheme in England and Wales

**LONDON | MUMBAI, June 5, 2023:** Tata Consultancy Services (TCS) (BSE: 532540, NSE: TCS) announced that it has been selected by the Department for Education (DfE) to administer and further enhance customer experiences for the Teachers' Pension Scheme in England and Wales.

The Teachers' Pension Scheme is the second largest public sector pension scheme in the UK with over 2 million members. TCS has been awarded a 10-year contract to manage the scheme administration services using a future-ready, digitally enabled, omnichannel platform powered by TCS BaNCS™. This will enable accurate administration of pension records, payment of benefits, effective scheme finance management, proactive member engagement and easy access to information.

TCS will deliver a digital-first, self-service pension experience, giving scheme employers and members any-time, any-channel access to their account information, along with personalized insights to help them understand their pension plan better and empower them to make informed decisions.

TCS is the largest provider of software and IT services in the UK, with a large and diverse workforce spread across 30 locations around the country. As part of the partnership with DfE, TCS plans to expand its already significant presence in the UK life and pensions industry by establishing a service hub in Darlington.
