Press Release

Markolines Pavement Technologies Wins New Road Maintenance Orders Worth Over Rs.12.32 Crore

Mumbai, January 06, 2026: Integrated highway maintenance solution company; Markolines Pavement Technologies Limited (BSE: 543364, NSE: MARKOLINES), announced that it has secured multiple new work orders aggregating over Rs.12.32 Crore (inclusive of GST), strengthening its already robust order book and reinforcing its leadership in advanced pavement preservation technologies.

The details of work orders won by Markolines are as under:

Sr. No.	Client Name	Total value (inclusive of GST)	Time period for completion
1	Thrissur Expressway Ltd.	Rs.3.92 Crore	On or before February, 2026
2	NI Road Infra Pvt. Ltd. <i>(Formerly known as Welspun Road Infra Pvt. Ltd.)</i>	Rs.5.56 Crore	On or before February 2026
3	Unitics Infrastructure and Technology Pvt. Ltd.	Rs.96.93 Lacs	On or before January, 2026
4	Andhra Pradesh Expressway Pvt. Ltd. <i>(Formerly known as Andhra Pradesh Expressway Ltd.)</i>	Rs.25.22 Lacs	On or before March, 2026
5	Jawaharlal Nehru Port Authority	Rs.1.62 Crore	On or before April, 2026

With these fresh wins, Markolines' unexecuted order book now stands at over Rs.365 Crore as of November 2025, reflecting sustained demand for its niche road preservation solutions and execution capabilities across national highway and expressway projects.

Commenting on the developments, **Mr. Sanjay Patil, Chairman and Managing Director**, said, "The continued flow of new orders reflects the growing confidence of leading infrastructure developers in the company's execution capabilities and technical expertise. He added that Markolines strong positioning in specialised, time-sensitive and technology-driven pavement maintenance solutions places it well to capitalise on increasing investments in highway and expressway asset preservation across the country."

The Company plays a critical role in enhancing road durability, improving safety and optimising lifecycle costs for highway operators across India's rapidly expanding road network.

About Markolines Pavement Technologies Limited:

Established in 2002, Markolines Pavement Technologies Limited is one of India's leading highway operations and maintenance (O&M) and specialized infrastructure solution providers. With a strong focus on innovation and execution excellence, the company offers the most comprehensive suite of services in highway maintenance – spanning from Major Maintenance & Repairs (MMR), specialised maintenance services and specialised construction activities. From reintroducing and reviving micro-surfacing in India, to bringing Cold In-Place Recycling (CIPR), Full Depth Reclamation (FDR), Rigid Pavement (concrete road) techniques into the mainstream, the company has consistently been at the forefront of technologies innovation. Headquartered in Navi Mumbai, Markolines has successfully executed over 5,140 lane kilometers of highway maintenance work across multiple states in India. The company is recognized for several pioneering maintenance techniques in the Indian road maintenance sector.

Markolines migrated to the BSE Mainboard and began trading its securities on June 12, 2025. Building on this progress, the Company has achieved another significant milestone with its listing on the NSE Mainboard in October 2025, enhancing market visibility, improving liquidity, and broadening access for a wider base of investors.

The Company is in the process of resubmitting the merger application with BSE and NSE, after which the requisite regulatory and statutory approvals will be pursued as per the compliance timelines. With a pan-India presence and a dedicated team of professionals, Markolines remains committed to enhancing the quality, safety and sustainability of India's road infrastructure.
