Gurugram, Feb 6, 2026

Whirlpool of India Limited, today announced operating results for the third quarter of FY 2025-26. Consolidated Revenue from Operations was at **Rs 1,774 Cr, up by 4.0%** vs LY. The increase in revenue was mainly due to share gains in Washers and growth in Aircon categories. The refrigerator business remained muted due to soft industry and continuing competitive pricing and promotions. Despite facing competitive and regulatory headwinds for the industry, we made strong progress in our core strategic areas of driving premiumization, executional excellence and cost productivity.

Consolidated PBT before exceptional items was at **Rs 72 Cr, up by 21%** vs LY. However, a **one time wage code provision of Rs 39 Cr** diluted reported PBT to **Rs 33 Cr** (a 44.5% decrease vs LY).

Elica PB India, the Company's subsidiary, continues to deliver healthy PBT margins.

Mr Narasimhan Eswar, Managing Director, Whirlpool of India said:

Q3 was a historic period for Whirlpool of India Ltd (WOIL). We declared the securing of our future in mid October 2025 with a long term deal signed with Whirlpool Corporation (WHR) that ensured multi-decadal rights to usage of the Whirlpool brand, long term technological licensing agreements for accessing world class WHR technology across current and future categories and a 3 year plus TSA (transitional services agreement) that will allow us the interim systems stability needed to drive strongly forward into the future. On the business front, despite a sluggish refrigerator/AC market, WOIL business grew revenues **+4%** in the quarter while delivering **+21% PBT** before the exceptional item of one time "wage code" adjustment per the new laws. We held volume market shares in total refrigerator and washer MBO (Multi-brand outlets) market for the quarter versus YA despite intense competition while showing an improvement of +70 bps share points vs Q2, clearly consolidating our position amongst top 3 brands in refrigerator and washer business. Our standalone net working capital for Q3 at **-3.6%** of sales continued to be strong highlighting our ongoing operational rigour.
