New Delhi, February 06, 2026: JK Tyre & Industries Limited, one of India's leading tyre manufacturers, today announced its **unaudited consolidated financial results for the third quarter ended December 31, 2025**, marking another quarter of strong, broad-based performance.

Commenting on the results, **Dr. Raghupati Singhania, Chairman & Managing Director (CMD)**, said: “JK Tyre delivered a robust performance in Q3, on the back of healthy automobile demand supported by GST-led reforms, festive season momentum and positive rural sentiments. Strong traction across both OEM and replacement segments once again underscores customers' enduring trust in the JK Tyre brand.”

The domestic business recorded a healthy double-digit growth of 16% on YOY basis, driven by a 12% growth in the replacement segment and a strong 27% growth in the OEM segment. Exports demonstrated resilience despite geopolitical uncertainties.

Consolidated EBITDA for the quarter at Rs.583 crore, contributed to 13.8% EBITDA margin, reflecting a sharp year-on-year expansion of 470 basis points. This growth was driven by JK Tyre's continued focus on **product premiumisation, operating leverage, along with execution excellence**. Benign raw material prices also contributed favourably. **Profit After Tax (PAT) surged 3.7x to Rs. 209 crore**, compared to **Rs. 57 crore** in Q3 last year.

During the quarter, the Company successfully completed the **merger of Cavendish Industries Limited (CIL)** with JK Tyre, following the receipt of all statutory approvals. Acquired in 2016 from Kesoram Industries Limited, CIL has undergone a **remarkable transformation** under JK Tyre's leadership. Through sustained technical, financial, and managerial support, capacity utilisation was scaled from **around 30% to over 95%**, making this JK Tyre's **yet another successful turnaround**, after Vikrant Tyres and JK Tornel, Mexico.

JK Tyre's international subsidiary, **JK Tornel (Mexico)**, also delivered a significant improvement in financial performance during the quarter, further strengthening the Company's consolidated results.

Looking ahead, Dr. Singhania added: "We enter Q4 with strong confidence, supported by healthy demand across segments and favourable macro tailwinds such as positive consumer sentiment and lower interest rates. We remain optimistic that this momentum will extend into FY27."

Reaffirming its commitment to sustainability, JK Tyre stated that it has received the **prestigious Silver rating in the latest EcoVadis ESG assessment**, placing the Company among the **top 7% of companies globally**. This recognition reinforces JK Tyre's long-term vision of becoming a **green company by 2050**.

Highlighting India's rising prominence in the global automotive ecosystem, supported by a strong talent pool and world-class manufacturing capabilities, **Dr. Singhania** emphasised that JK Tyre will continue to pursue process excellence by leveraging emerging technologies, strengthening its competitive position for sustainable long-term growth.
