Garware Hi-Tech Films Introduces Four New Products in Automotive Care Segment

- **Garware Ceramic & Graphene Coating** – Next-generation surface protection engineered for superior durability and gloss
- **Garware Car Care Kit** – Professional-grade care solutions for comprehensive vehicle maintenance
- **Window Film Kits** – Premium (Gold), Mid (Silver), and Economy (Bronze) categories, offering high product quality, competitive pricing, and warranty support across the range.
- **Garware Wind-Shield Pro** – Advanced windshield protection for enhanced clarity, safety, and longevity

Mumbai, 06th February 2026 – Garware Hi-Tech Films (GHFL), a global leader in Paint Protection and Sun Control Films, today reaffirmed its presence in automotive care with the launch of four new innovations at ACMA Automechanika New Delhi 2026. The new offerings highlight the Company's continued focus on product performance, practical usability, and solutions designed around customer needs.

At the expo, GHFL introduced the **All New Garware Ceramic & Graphene Coating, Garware WindShield Pro, Garware Detailing Kit, and the All-New Window Film Kits**, a curated portfolio created to improve vehicle protection, simplify maintenance, and enhance the overall ownership experience for customers.

Commenting on the launch, Ms. Monika Garware, Vice Chairperson & Joint Managing Director, Garware Hi-Tech Films Limited added, "This launch marks an important step in expanding our automotive care portfolio with products that combine advanced technology and everyday usability. These new products are designed to improve vehicle protection, simplify regular care, and provide reliable performance in daily use."

The **Garware Ceramic & Graphene Coating** represents a meaningful advancement in surface protection technology. It is designed to provide strong resistance against environmental exposure, UV rays, and regular wear while maintaining long-lasting gloss and surface quality.

The **Garware Car Care Kit** brings professional-grade solutions to vehicle owners through a well-rounded range of products for effective cleaning, protection, and routine care.

The **Garware Window Film Kits** are available across Premium (Gold), Mid (Silver), and Economy (Bronze) categories, offering dependable heat rejection, visual comfort, and durability, supported by consistent quality and warranty coverage across the range.

The **Garware WindShield Pro** introduces advanced windshield protection that helps preserve optical clarity while safeguarding glass surfaces from scratches, stone chipping, and everyday wear, supporting safer and more comfortable driving.

With these introductions, Garware Hi-Tech Films continues to strengthen its automotive solutions portfolio and deepen engagement with customers seeking dependable, high-quality protection and care for their vehicles.

About Garware Hi-Tech Films Limited

GHFL (BSE: 500655 | NSE: GRWRHITECH), is one of the largest manufacturers of Sun Control window films for architectural & automotive applications, paint protection films and high-end BOPET films for label and industrial applications. The Company has been recognized as a world class brand and leverages its state-of-the-art nano-dispersion and other cutting-edge technologies to maintain its market leadership. Being vertically integrated, it tightly controls product quality and provides a great value proposition to its customers. It has a strong presence in 90+ countries.
