9. Details of performance and career development reviews of employees and workers:

100% of eligible employees have received performance & career development reviews.

10. Health and safety management system:

a. Whether an occupational health and safety management system has been implemented by the entity? (Yes/ No). If yes, the coverage such system?

JDIL has a well-defined Health and Safety Management System, JDIL is certified for ISO 45001:2015 i.e. for Occupational Health & Safety.

Health and Safety Management System covers all rig crew and activities carried out onboard. JDIL HSE Policy focuses on health, safety, security and environmental. Complete "Hazard identification and Risk Assessment" has been conducted for all activities/ jobs carried out at all Jindal rigs. Based on the outcome of HIRA, control measures and barriers are implemented as part of risk mitigation plan and all risk are brought down to industry acceptable level "ALARP". The Company emphasises on implementing best industry practices for the well fare and betterment of Employees, Environment and Equipment.

b. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?

JDIL has a robust system to ensure that all risks to personnel, environment and assets have been identified and that measures are in place to manage these risks to as low as reasonably practicable. Detailed HSE Case has been prepared for Rigs, which covers "Hazard Identification and Risk Assessment".

Below HSE Systems are in place to identify associated risks/ hazards and barriers to control –

- Daily Pre-Tour Meetings
- Daily Safety Toolbox talk.
- Job Safety Analysis and pre-Job Safety Meetings are being carried out
- Pre-Job Safety Inspection by safety supervisor, line supervisor and crew.
- Safety Training and observations Program [STOP] – for routine identification of unsafe conditions and unsafe acts.
- Weekly/ Monthly safety inspection by HODs [Rig Team]
- Permit to Work System is implemented
- All incidents and Near Misses are reporting and corrective actions are taken.
- Internal audit by base Management [Rig Manager & QHSE Manager]
- Periodic audits by external parties – Classification body, Regulatory & Statutory body, Operator
- Relevant PPE's are provided
- Emergency Mock Drills are conducted on regular basis

c. Whether you have processes for workers to report the work related hazards and to remove themselves from such risks?

All Accidents, Incidents, Near miss, Non-Conformances are reported to the Supervisor/ OIM immediately. The OIM shall coordinate the appropriate response to manage, report & investigate the Accident/ Incident/ Dangerous Occurrence/ Near Miss depending upon the nature of the event and taking into account (but not limited to) the various relevant policy documents viz Emergency Response Plan, Emergency Preparedness Manual, Medivac Plan, SOPEP, etc.

All Accidents, Incidents, Near miss and Non-Conformance are reported in the prescribed formats as per Companies Accident Reporting norms.

Additional safety program implemented - Du Pont's Safety Training & Observation Program [STOP] is a behaviour-based safety system that has been adopted on Jindal rigs. By using STOP, trends related to unsafe act/ conditions are identified and immediate corrective actions are taken.

Safety Training and Observations Program [STOP] is designed to influence employee actions toward safer outcomes by preventing an accident or injury before it occurs. Implementing a behaviour-based safety program is the most comprehensive way to promote safety, eliminate hazards and prevent injuries.

STOP provides positive rewards to change unsafe behaviour, reduce job-related injuries, minimize lost production hours, and improve workplace morale, essential ingredients for creating a strong safety culture. Behaviour Based Safety matters as most of incidents and accidents occur due to the choices made and the way one acts. Unsafe acts, rather than unsafe conditions, are the root cause of most incidents. A good attitude toward safety is a key to preventing unnecessary incidents and injuries.

Behavior based Safety Program “Jindal Onsite Safety Hero” implemented onboard all Jindal Rigs to promote safety culture.

d. Do the employees/ worker of the entity have access to non-occupational medical and healthcare services?

Yes, all the employees and workers are covered under Medical Insurance Policy and having access to non-occupational medical and healthcare services.

11. Details of safety related incidents, in the following format:

Safety Incident/Number	Category	FY 2024-2025	FY 2023-24

12. Describe the measures taken by the entity to ensure a safe and healthy work place.

JDIL Management is committed to Safety and promotes an accident free and healthy work environment. Continuous efforts are made to provide a safe, productive and positive environment for employees/ workers. We have implemented occupational health & safety [OH&S] Management system at our Rigs. The OH&S Management System is also supported through Safety Observation [SO], legal and statutory compliance, internal and external audits by 3rd party etc.

The Safety Observation Program has been launched by the HSE Team to recognize Safety conscious employees & workmen those who can contribute to implement the Safety Norms at Shop floor.

Behavior based Safety Program “Jindal Onsite Safety Hero” implemented onboard all Jindal Rigs to promote safety culture

Safety systems are being implemented as per industry best practices and in compliance with regulatory & statutory requirements. Norms/ Rules have been developed as per the regulatory requirements and corrective actions based on the past record of accidents & near miss observations are collected on a routine basis. The same is intimated/ cascaded to all the employees and crew working onboard Jindal rigs.

We are providing safe and healthy working conditions to prevent injury and ill health by effectively evaluating hazards to identify risk level and promoting adequate use of control measures like:

- Elimination
- Substitution
- Engineering Control
- Administrative Control and
- Use of Personal Protective Equipment [PPE]

The Company has also taken several measures to prevent and mitigate significant occupational health & safety impacts which are given hereunder:

- Jindal rigs are modern jack-up rigs with many intrinsically safety specifications.
- Rigs are equipped with high-tech fire detection and suppression systems.
- In compliance with nation and international regulatory and statutory requirements.
- Rigs equipped with latest Life Saving Appliances.
- Regular inspections and audits to assess safety preparedness.
- Periodic mock drills are conducted for emergency preparedness.
- Regular trainings by external institutes both mandatory and job-specific trainings are given to crew.
- Onboard safety trainings and campaigns are carried out by supervisors.

- Safety induction and training/awareness programs are provided to the employees and workers through audio/video and presentations [pictorial] on a routine basis.

15. Provide details of any corrective action taken or underway to address safety-related incidents (if any) and on significant risks / concerns arising from assessments of health & safety practices and working conditions:

All incidents/ accidents/ near misses if any are reported and investigated to ascertain root cause, immediate preventive action and long term corrective actions are implemented to eliminate any future occurrence.

Regular safety trainings and job specific trainings are being provided to all crew to enhance their skills.

We are preventing accidents and are working on further improvements to address safety-related incidents. We have a cross-functional investigation team who are responsible for investigating the accidents and submitting detailed reports in a timely manner regarding the causes. Safety issues are sent by the safety team for discussion in Tool Box and shop floor safety meetings.

We have taken various corrective actions across our plants, including:

- Providing suitable guards on all moving machines and adequate fencing provided all pipe conveyors and also instructed to the workforce to use over stairs while crossing the conveyor.
- We have also implemented standard operating procedures [SOP's] for routine and non-routine activities.
- We do data analysis of accident and incident investigations and on the basis of its outcome suggesting corrective and preventive actions.
- We ensure implementation of various work permit system.
- Identifying potential hazards through risk assessment [HIRA], JSA, rendering advice on minimising risk to acceptable levels.
- Conducting safety audit and advising management on findings & its effective implementation.
- Periodic inspections are carried out by rig based management and shore based Management to ensure compliance with the national and international standards/ recommendations.
- Conducting regular safety induction training, Preparing training module & Conducting training Program for different level on various subject for i.e.in fire safety & fire fighting, Material Handling, Work Permit System, Work place hazards & prevention, Emergency Preparedness, Important of PPEs, Use of PPEs, etc.
- Introduce various motivational schemes for near miss reporting, PPEs implementations, reducing of accident frequency rate and enhance safety awareness level of work force.
- Conducting all the incident investigations, doing its analysis at various angles and on the basis of its outcome suggesting concern department for CAPA.
- Conduct periodical Emergency mock drill on the basis of emergency plan.
- Conducting weekly safety committee meeting with management representative and worker representative and discuss safety related issues and take appropriate action.
- To adopt best practices in all jobs and continually improving them to aim zero accident by reviewing performance and having an action plan.

PRINCIPLE 4: Businesses should respect the interests of and be responsive to all its stakeholders

Essential Indicators
