Subject: Clarification regarding Unaudited Financial Results submitted for the quarter ended June 30, 2025

Dear Madam/ Sir,

With reference to the Unaudited Financial Results submitted by the Company on July 25, 2025, we wish to submit the following clarification:

It has come to our attention that the amount disclosed under "Provisions for Interest Receivable from NCDs" as on June 30, 2025 does not align with the actual interest credited to the company's bank account in late July.

Pursuant to our ongoing internal financial review and based on the latest available information, we have noted that the actual receipt is less than the provisioned amount, which may affect the reported profit.

We have initiated communication with the concerned party to seek clarity on the basis of calculation resulting in such a difference and are actively working toward resolving the matter at the earliest. Further updates will be provided as and when there are any developments in this regard.

The Company reiterates its commitment to maintaining high standards of transparency, regulatory compliance, and timely disclosures to all stakeholders.

This is for your information and record.
