- 2. Necessity of the Buy Back

The Buy Back is being proposed by the Company to return surplus funds to the Eligible Shareholders, which are over and above its ordinary capital requirements and in excess of any current investment plans, in an expedient, efficient and cost effective manner. The Buy Back would increase the shareholder's value and would also help the company in fulfilling the following objectives:

- 2.1. The Buy Back will help the Company to return surplus cash to its shareholders holding Equity Shares broadly in proportion to their shareholding, thereby, enhancing the overall return to the shareholders;
- 2.2. The Buy Back, which is being implemented through the 'Tender Offer' as prescribed under the SEBI Buy Back Regulations, would involve allocation of 15% of number of Equity Shares which the Company proposes to Buy Back or number of Equity Shares entitled as per the shareholding of Small Shareholders, whichever is higher, to Small Shareholders. The Company believes that this reservation of 15% for Small Shareholders would benefit a large number of public shareholders, who would get classified as "Small Shareholder";
- 2.3. The Buy Back may help in improving return on equity due to reduction in the equity base, thereby leading to long term increase in shareholder's value;
- 2.4. The Buy Back will help in achieving an optimal capital structure.
 - The Buy Back gives an option to the shareholders holding Equity Shares of the Company, to either (i) choose to participate and get cash in lieu of Equity Shares to be accepted under the Buy Back Offer or (ii) choose to not participate and enjoy a resultant increase in their percentage shareholding, post the Buy Back Offer, without additional investment.
- Maximum amount required for Buy Back, its percentage of the total paid up Equity Share capital and free reserves and the source of funds from which Buy Back would be financed
- 3.1. - 3.2. The Buy Back would be made out of free reserves of the Company. The Company shall transfer from its free reserves or securities premium account and/or such sources as may be permitted by law a sum equal to the nominal value of the Equity Shares bought back through the Buy Back to the Capital Redemption Reserve Account and the details of such transfer shall be disclosed in its subsequent audited balance sheet. The payments shall be made out of the Company's current surplus and/or cash balances and/or current investments and/or cash available from internal resources of the Company and (and not from any borrowed funds) and on such terms and conditions as the Board may decide from time to time at its absolute discretion. The Company confirms that as required under Section 68(2)(d) of the Act, the ratio of the aggregate of secured and unsecured debts owed by the Company, if any, shall be not more than twice the paid-up Equity Share capital and Free Reserves after the Buy Back and that it has got sufficient source to pay-off the consideration towards the Buy Back and would not borrow funds for the said purpose.

- 4.3. The Board/Buy Back Committee may, 1 (one) working day prior to the Record Date, increase the Buy Back Price and decrease the number of Equity Shares proposed to be bought back under the Buy Back, such that there is no change in the Buy Back Size, in terms of Regulation 5(via) of the SEBI Buy Back Regulations.

According to the guidelines, existing payments banks that are controlled by residents and have completed five years of operations are eligible for conversion into SFBs," the banking regulator said.

An SFB is required to open at least 25 per cent of its branches in unbanked rural centres. "The approval is a testament to our consistent performance, ability to take technology-led banking to the

2. Necessity of the Buy Back

The Buy Back is being proposed by the Company to return surplus funds to the Eligible Shareholders, which are over and above its ordinary capital requirements and in excess of any current investment plans, in an expedient, efficient and cost effective manner. The Buy Back would increase the shareholder's value and would also help the company in fulfilling the following objectives:

- 2.1. The Buy Back will help the Company to return surplus cash to its shareholders holding Equity Shares broadly in proportion to their shareholding, thereby, enhancing the overall return to the shareholders;
- 2.2. The Buy Back, which is being implemented through the "Tender Offer" as prescribed under the SEBI Buy Back Regulations, would involve allocation of 15% of number of Equity Shares which the Company proposes to Buy Back or number of Equity Shares entitled as per the shareholding of Small Shareholders, whichever is higher, to Small Shareholders. The Company believes that this reservation of 15% for Small Shareholders would benefit a large number of public shareholders, who would get classified as "Small Shareholder".
- 2.3. The Buy Back may help in improving return on equity due to reduction in the equity base, thereby leading to long term increase in shareholder's value;
- 2.4. The Buy Back will help in achieving an optimal capital structure

The Buy Back gives an option to the shareholders holding Equity Shares of the Company, to either (i) choose to participate and get cash in lieu of Equity Shares to be accepted under the Buy Back Offer or (ii) choose to not participate and enjoy a resultant increase in their percentage shareholding, post the Buy Back Offer, without additional investment.

 Maximum amount required for Buy Back, its percentage of the total paid up Equity Share capital and free reserves and the source of funds from which Buy Back would be financed

The Company shall transfer from its free reserves or securities premium account and/or such sources as may be permitted by law a sum equal to the nominal value of the Equity Shares bought back through the Buy Back to the Capital Redemption Reserve Account and the details of such transfer shall be disclosed in its subsequent audited balance sheet. The payments shall be made out of the Company's current surplus and/or cash balances and/or current investments and/or cash available from internal resources of the Company and (and not from any borrowed funds) and on such terms and conditions as the Board may decide from time to time at its absolute discretion. The Company confirms that as required under Section 68(2)(d) of the Act, the ratio of the aggregate of secured and unsecured debts owed by the Company, if any, shall be not more than twice the paid-up Equity Share capital and Free Reserves after the Buy Back and that it has got sufficient source to pay-off the consideration towards the Buy Back and would not borrow funds for the said purpose.

However, the actual Equity Shares bought back under the Buy Back shall not exceed 25% of the total number of Equity shares in the total paid-up Equity Share capital of the Company and the amount utilized shall not exceed Buy Back Size.

Accordingly, the Company is seeking your consent for the aforesaid proposal as contained in the Resolution No. 1 provided in provided in this Postal Ballot Notice.

2. Necessity for the Buy Back

The Buy Back is being proposed by the Company to return surplus funds to the Members, which are over and above its ordinary capital requirements and in excess of any current investment plans, in an expedient, efficient and cost effective manner.

Buy Back would increase the shareholder's value and would also help the company in fulfilling the following objectives:

- The Buy Back will help the Company to return surplus cash to its shareholders holding Equity Shares broadly
 in proportion to their shareholding, thereby, enhancing the overall return to the shareholders;
- II. The Buy Back, which is being implemented through the 'Tender Offer' as prescribed under the SEBI Buy Back Regulations, would involve allocation of 15% of the outlay to Small Shareholders. The Company believes that this reservation of 15% for Small Shareholders would benefit a large number of public shareholders, who would get classified as "Small Shareholder";
- III. The Buy Back may help in improving return on equity due to reduction in the equity base, thereby leading to long term increase in shareholders' value;
- IV. The Buy Back will help in achieving an optimal capital structure.

The Buy Back gives an option to the Shareholders holding Equity Shares of the Company, to either (i) choose to participate and get cash in lieu of Equity Shares to be accepted under the Buy Back Offer or (ii) choose to not participate and enjoy a resultant increase in their percentage shareholding, post the Buy Back Offer, without additional investment.

3. Maximum amount required under the Buy Back, its percentage of the total paid-up Equity Share capital and Free Reserves and the sources of funds from which the Buy Back would be financed

The Buy Back would be financed out of Free Reserves of the Company. The Company shall transfer from its Free Reserves or securities premium account and/or such sources as may be permitted by law a sum equal to the nominal value of the Equity Shares bought back through the Buy Back to the Capital Redemption Reserve Account and the details of such transfer shall be disclosed in its subsequent audited balance sheet. The payments shall be made out of the Company's current surplus and/or cash balances and/or current investments and/or cash available from internal resources of the Company and (and not from any borrowed funds) and on such terms and conditions as the Board may decide from time to time at its absolute discretion. The Company confirms that as required under Section 68(2)(d) of the Act, the ratio of the aggregate of secured and unsecured debts owed by the Company shall be not more than twice the paid-up Equity Share capital and Free Reserves after the Buy Back and that it has got sufficient source to pay-off the consideration towards the Buy Back and would not borrow funds for the said purpose.

4. Buy Back Price and the basis of arriving at the Buy Back Price

The Equity Shares of the Company are proposed to be bought back at a Buy Back Price of ₹4,500/- (Rupees Four Thousand Five Hundred only) per Equity Share. The Buy Back Price has been arrived at after considering various factors including but not limited to the volume weighted average prices of the Equity Shares traded on the BSE Limited ("BSE") and the National Stock Exchange of India Limited ("NSE") where the Equity Shares are listed, the net worth of the Company, price earnings ratio, impact on other financial parameters and the possible impact of Buy Back on the earnings per share. The Board/Buy Back Committee may, 1 (one) working day prior to the Record Date, increase the Buy Back Price and decrease the number of Equity Shares proposed to be bought back under the Buy Back, such that there is no change in the Buy Back Size, in terms of Regulation 5(via) of the SEBI Buy Back Regulations.

The Buy Back Price represents:

- ii. Premium of 11.28% over the volume weighted average market price of the Equity Shares on each of the Stock Exchanges, for two weeks preceding October 17, 2025 (the date of intimation to the Stock Exchanges for the Board Meeting to consider the proposal of the Buy Back).

Small Shareholders as part of this Buy Back. The Company believes that this reservation for Small Shareholders would benefit a large number of public shareholders, who would get classified as "Small Shareholder".
