* Other Include Process, Chemical, scrap, rent etc.

**There are Power Purchase Agreements (PPA) in place with Punjab State Power Corporation Limited for our Biomass Power Generation business. The average billing for the preceding two fiscal years has been ₹80 crore per year. The Hon'ble Punjab State Electricity Regulatory Commission (PSERC) had passed an interim Order revising the tariff of Malwa Power Private Limited for a fixed tariff of Rs. 3.50 per unit as the PPA was expired on 26.04.2025, however, the Company had filed the review petition for revision of these tariff rates. Vide PSERC's order dated 18th October 2025, The PPA has been extended for another 10 years. Punjab State Power Corporation Limited (PSPCL) has preferred an appeal against the order of Hon'ble PSERC's on determination of rate of tariff and renewal of PPA, Malwa Power Private Limited has filed caveat in appeal. The Hon'ble APTEL in its Order dated 08 December 2025 has confirmed to supply the power @ Rs. 3.50 per units until finally decided by it.

Tariff of DEE Development Engineers Limited (Power Division) were revised to Rs. 5.877 per unit by Hon'ble PSERC vide its order dated 20.08.2025, however, the Company had filed appeal before hon'ble High Court of Punjab & Haryana against the order of Hon'ble PSERC. The Hon'ble High Court, vide its order dated 23rd October 2025, has stayed the operation of the Commission's order. As a result:

- The Company shall continue to supply electricity to PSPCL at the prevailing tariff of ₹7.47 per unit.
- Any recovery claimed by PSPCL on account of tariff differential shall remain withheld until the final disposal of the matter by the Hon'ble High Court.

\$ We are also L1 for orders worth INR 46.5 crore from reputed clients, for which formal purchase orders are expected to be awarded shortly

For ease of understanding, we have considered the order inflow and execution amount to be the same for this period.

The total value of orders executed during the period represents the aggregate amount of invoices raised on customers. However, the revenue recognized under Indian GAAP (Ind AS 115 – Revenue from Contracts with Customers) may differ from the invoiced amount, owing to the application of various Incoterms and performance obligations under respective contracts. Consequently, revenue recognition is aligned with the transfer of control of goods or services to the customer, and not merely based on invoicing milestones. Accordingly, the revenue recognized during the reporting period may be lower than the total invoiced value for the same period.

Exchange rates for existing export orders of DEE Thailand considered INR 3.117 per THB as on 31st December 2025. source link below:
