**Re.: Phase III Clinical Trial of DengiAll® by ICMR and Panacea Biotec - Completion of enrollment of study participants**

Dear Sir/Madam,

This is in continuation to our earlier letter dated August 14, 2024, intimating about initiation of Phase III clinical trial of Panacea Biotec Limited's tetravalent dengue candidate vaccine, DengiAll® in India.

In terms of Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI LODR Regulations"), we are now delighted to inform you that enrollment of study participants in context of DengiAll® Phase-III clinical trial has been completed (i.e., 10,335 study participants).

The Company shall continue to monitor each participant, post administration of the Investigational Medicinal Product (i.e., vaccine or Placebo), for a period of two years to examine the efficacy and immunogenicity of the vaccine.

DengiAll® will be the first indigenous single-shot dengue vaccine in India and is expected to enter the markets by 2027.

This is for your kind information and record please.

Kindly acknowledge the receipt.

Thanking you,

Sincerely yours,

for **Panacea Biotec Limited**

**Ankit Jain**  
**General Manager – Legal and Company Secretary**
