Commenting on the performance during the quarter, Mr. Arun K Chittilappilly, Managing Director said " We delivered a strong performance during the quarter. The significant boost in the number of visitors was due to the increase in domestic tourism, walk-in customers, and the revival of student excursion trips. Our success was attributed to a focus on attracting visitors through various segments such as Events, Ride Plus activities, F&B offerings, and efficient operations. We are happy with the overall business performance during the quarter and growth is expected to continue in the coming quarters. The construction of our new park in Bhubaneswar, Odisha has begun, and the aim is to open it by 2025. "
