Nelcast Delivers Robust Q3FY26 Performance on Strong Domestic Demand

EBITDA/kg rises sharply to Rs. 15.9, while PAT surges 166% YoY, supported by cost optimisation and improving product mix

Chennai, India | February 09, 2026 – Nelcast Ltd (referred to as the “Company”; NSE Symbol: NELCAST, BSE Scrip Code: 532864), a leading producer of Ductile and Grey Iron castings in India, announced its financial results for the Third quarter and Nine months ended December 31, 2025.

Commenting on the Results, Mr. Deepak Reddy Ponnnavolu, Managing Director & CEO of Nelcast, said *“Q3 has been an encouraging quarter for us, supported by strong domestic demand in the M&HCV and tractor segments. The momentum that picked up in late November continued through December, driving healthy volume growth and profitability. Our cost-optimization efforts after the Q2 slowdown also contributed meaningfully, helping us deliver an EBITDA per kg of Rs. 15.9, one of our best levels in recent quarters.*

Exports have not fully recovered to last year's levels, but we are seeing early signs of stabilisation, with customer schedules gradually normalising. Importantly, the recent announcements around U.S. tariff relief for engineering and auto-related products have improved sentiment among customers and are expected to support export demand over the medium term.

A key highlight this quarter is the progress on our high-value new-product pipeline, particularly from the Pedapariya facility, with commercialisation planned from FY27. Looking ahead, we remain optimistic. With domestic CV demand expected to stay strong into early FY27 and a robust product roadmap under execution, Nelcast is structurally positioned for sustained growth and margin improvement.”

Consolidated Performance Highlights

(In Rs. Crores, unless otherwise mentioned)

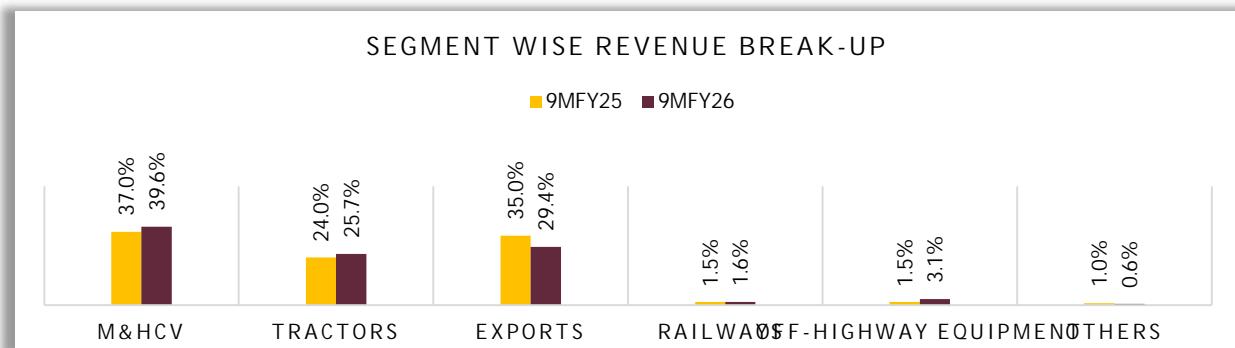

Particulars	Q3FY26	Q3FY25	YoY	9MFY26	9MFY25	YoY
Total Revenue	332.2	297.1	11.8%	971.2	934.4	3.9%

Sector-wise Revenue

Outlook for FY26

- Nelcast expects healthy domestic demand and a gradual export recovery, and with a strong new-product pipeline and improved operational efficiency, remains confident of sustaining long-term growth.

About Nelcast Ltd

Incorporated in 1982, Nelcast manufactures grey and ductile castings for the M&HCV and tractor industry segments. Around 30-35% of its overall revenues is also generated from export markets. Key products supplied to its M&HCV clients include differential carriers, differential cases, bogie suspension brackets, and conventional brackets, among others. For the tractor segment, the company's major products are transmission casing, centre housing, axle housing and hydraulic lift cover. It also supplies base plates and brake discs for metro rail projects and the railways respectively. Nelcast has an aggregate installed production capacity of 160,000 tonnes per annum. Its factories are located at Ponneri in Tamil Nadu, and at Gudur and Pedapariya in Andhra Pradesh.
