Q3 & 9M FY26 Highlights

Key Developments & Outlook 03

Profit & Loss Highlights 04

Story in Charts 05

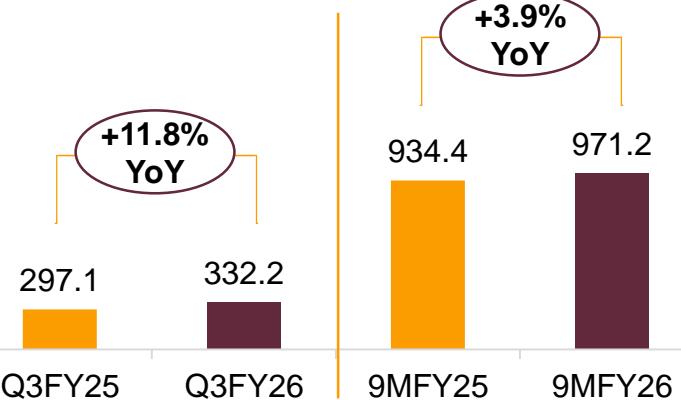

Key Developments & Outlook

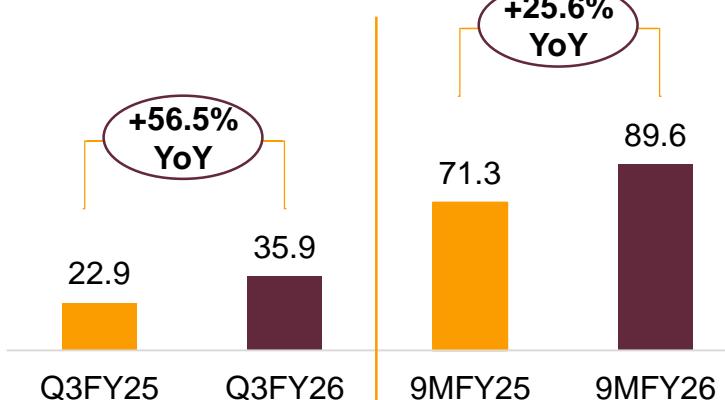

PARTICULARS	CURRENT (Q3 & 9M FY26)	OUTLOOK (FY26)
Overall Performance	Q3FY26 delivered a strong performance driven by domestic demand, with revenue growing 11.8% YoY and profitability improving due to cost recalibration. PAT grew sharply by 166% YoY , supported by better mix and higher operating efficiency.	Demand expected to remain healthy into Q4 and early FY27, with exports gradually improving as schedules normalise. Strong new-product pipeline and efficiency initiatives to support sustained growth.
Tractors	Tractor demand remained supportive through 9MFY26, aided by strong rural sentiment and stable customer schedules.	Tractor industry expected to remain robust, supported by rural demand, favourable monsoon outlook and policy tailwinds.
Medium & Heavy Commercial Vehicles (M&HCV)	M&HCV demand stayed strong through Q3, benefitting from seasonality and improved freight movement. Contribution remained steady with continued domestic strength.	CV momentum expected to remain strong in Q4; early indicators suggest a healthy start to FY27 as well.
Exports	Exports saw a partial recovery in Q3, with QoQ improvement though still below last year's levels. Customer activity is normalising, supported by early traction in the EU. The recent U.S. tariff-relief announcements have lifted sentiment and are expected to aid export demand over the medium term.	Gradual export recovery expected toward Q4, supported by stabilising schedules, global emission-norm transition and improving visibility in international markets.
EBITDA/kg	EBITDA/kg improved significantly to ₹15.9/kg in Q3FY26, driven by better product mix, domestic demand and cost optimisation.	Expected to remain healthy and improve over time, supported by high-value products, Pedapariya plant ramp-up and better capacity utilisation.

Way Forward

Deliver on our Strategy

07

Delivering on our Strategy

Manufacture Value Add Products

- A decade ago, Nelcast shifted focus from highly competitive low complexity business to higher value-add products.
- Upgradation of manual moulding line process to fully automated state-of-art High Pressure Moulding Line.
- Increased product capability by installing a 2.1 x 1.2 m size line; becoming one of the very few casting companies in the world with such capabilities.

Expand the Export Business

- Continue to deliver quality at competitive prices compared to local manufacturers.
- Expand the long-standing relationships by increasing business share on existing products & launching new products.
- Build new relationships and expand diversity in our geography & sector split.
- Developing high value-added castings of up to 500 kgs for our key export markets

Improving Capacity Utilization Levels

- Eliminate operational inefficiencies and bottlenecks across plants.
- Continuous launch of new products.

Cost Optimization

- Better capacity utilization levels to help Nelcast achieve economies of scale, reduce the impact of costs and aid margins.
- Efforts ongoing in energy conservation & investments in renewable energy to control power costs.
- Installed 1 MW inhouse solar power plant at Pedapariaya Plant in Andhra Pradesh, which will aid toward sustainability and cost effectiveness while reducing carbon footprint.

Company at a glance

NELCAST LIMITED

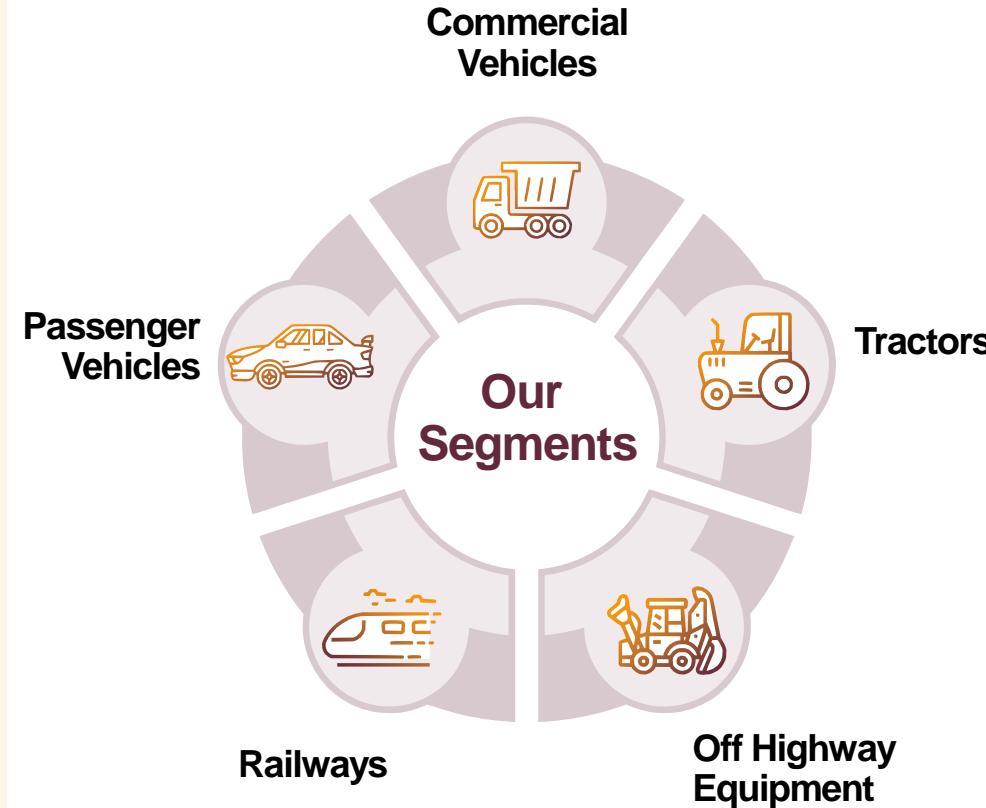

Nelcast Limited is a leading producer of Ductile & Grey Iron Castings in India with an installed capacity of 160,000 Metric Tons/Year.

The Company caters to a marquee clientele of Original Equipment Manufacturers (OEMs) and Tier-1 customers in Commercial Vehicle, Tractor, Off-Highway Equipment, Railway & Passenger Vehicle segments.

Besides a strong position in the domestic market, Nelcast has a rapidly growing presence spread across North America, Europe and Southeast Asia.

40,000 Metric Tons per Year

MOULDING LINES

- Line 1: KW DFM with AirPressplus2000
 - 1200 X 900 X 400 + 400 mm (2001)
- ABP PressPour System delivers the metal at constant temperature with induction heating. Equipped with automated Metal Stream Innoculation System
- Automated Core Setting Device
- Automatic In-cycle Tool Change System

Pedapariya

INSTALLED CAPACITY

60,000 Metric Tons per Year

MOULDING LINES

- Line 1: Sinto FCMX with Aeration Squeeze
 - 700 X 600 X 250 + 250 mm (2018)
- Line 2: KW MasterECO with TwinPress 4.0
 - 2100 X 1200 X 475 + 425 mm (2020)
- Loramendi SLC3-220 Core Cell with robotic core pickup & painting integrated with Conveyors, Automated Storage/Retrieval System (ASRS) and Autonomous Guided Vehicles (AGV) for core handling
- Fujiwa-Denki & Inductotherm Flexpour Pouring machines with synchronized pouring. Equipped with automated Metal Stream Inoculation System.
- Automated Core Setting Device
- Automatic In-cycle Tool Change System

Our Journey

Nelcast Private Limited was established by P. Radhakrishna Reddy with a modest capacity of 1000 Metric tons/year

Commencement of exports to the US

Commencement of exports to Europe

Awarded the ISO 14001 (Environment) & ISO 18001 Accreditation

Commencement of exports to Thailand

Start of Production at the Pedapariya (AP) plant with fourth High Pressure Moulding Line

Crossed the Rs.400 Crores mark in exports in FY24

1980-85

1990-95

2000-05

2005-10

2010-15

2015-20

2020-Present

Start of Production at the Gudur (AP) Plant

Entry into Tractor segment

Commissioning of first High Pressure Automatic Moulding Line at Ponneri Plant

Successful IPO and listing on BSE & NSE

Entry into Off-Highway Equipment segment

Awarded ISO 50001 Certification for Energy Management System

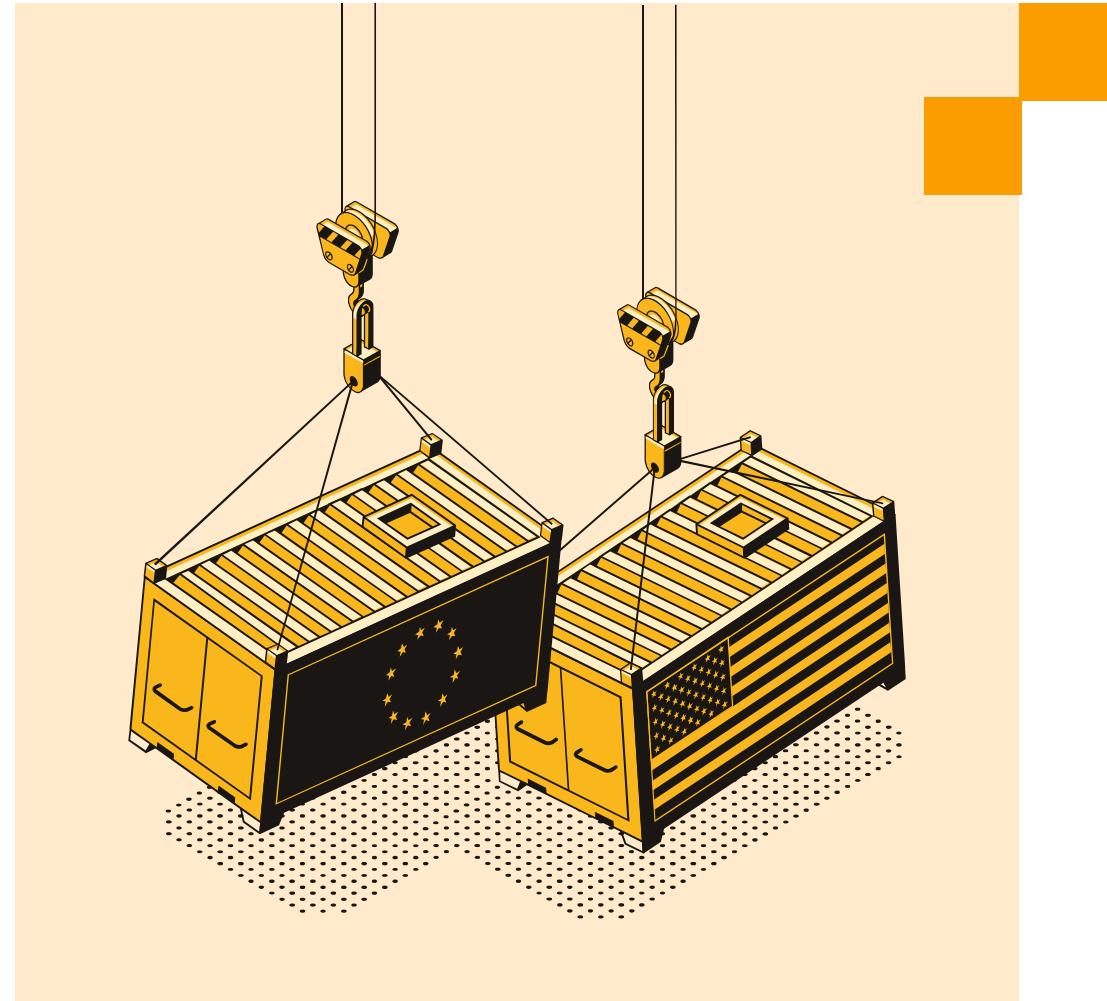

Modernisation of Unit-1 in Gudur with sixth High Pressure Moulding Line

For the first time in history of Nelcast, developed single casting product of ~500 kg

Why Nelcast?

Diversified customer base with strong relationships	15
Strategic Location	16
Strong Business Foundation	17

1

Diversified Customer Base with Strong Relationships

- Customers in Commercial Vehicle, Tractor, Off-Highway Equipment, Railways and Passenger Vehicles
- Has a distinguished customer base of more than 40 customers that includes OEMs and Tier 1 companies
- Serves as a strategic supplier and partner of first choice to TAFE, Tata Motors, DANA, Ashok Leyland, Automotive Axles Limited, Meritor and American Axles & Manufacturing, among others
- A one-stop shop for its customers for Grey Iron, Ductile Iron and Austempered Ductile Iron ranging from 0.5 Kg to 500 Kg
- Awards received over the past few years serve as a validation of our efforts as we focus on delivering value to our customers

Strategic Location

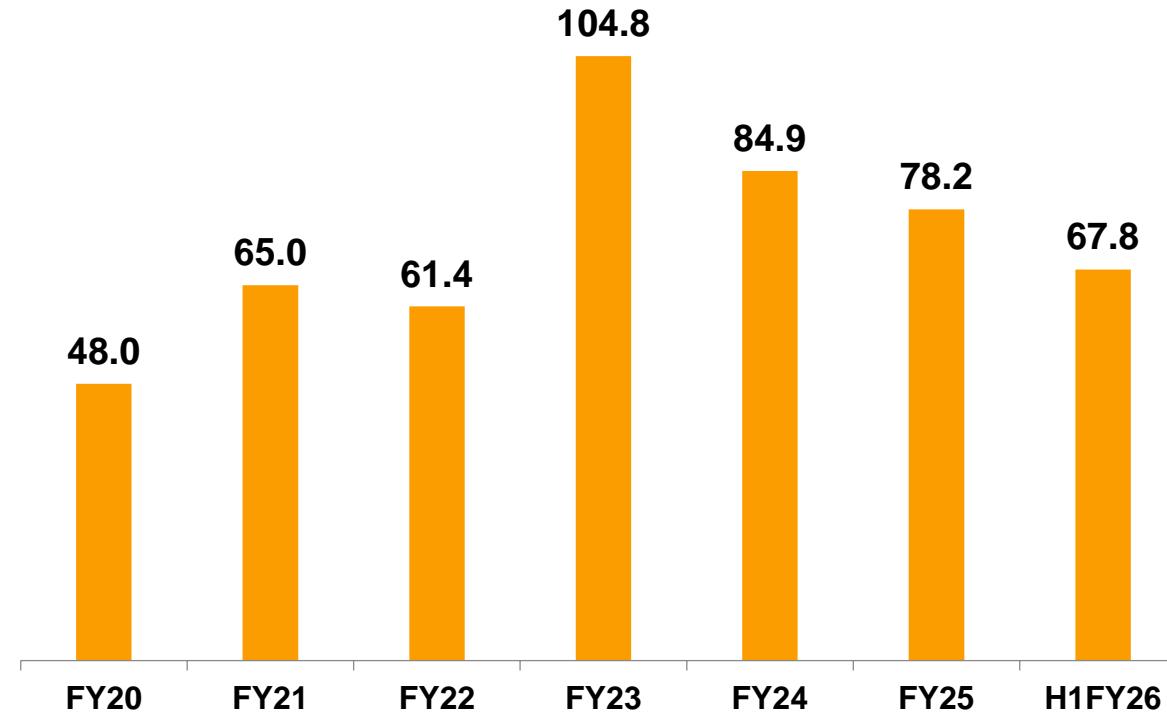

- Plants are in close proximity (37-140 KM) to Chennai, a major manufacturing hub for automotive companies forms both a key customer base for Nelcast and a reliable source of steel scrap, a crucial raw material
- All 3 plants are within 15-110KM of India's largest source of Silica Sand near Gudur
- Chennai's International airport with direct flights to Europe, Middle-East & Southeast/East Asia makes it convenient for customers to visit and see the world class facilities firsthand
- Close proximity to Krishnapatnam & Chennai seaports gives easy access to Nelcast to reach its customers around the world

*Distance from Chennai

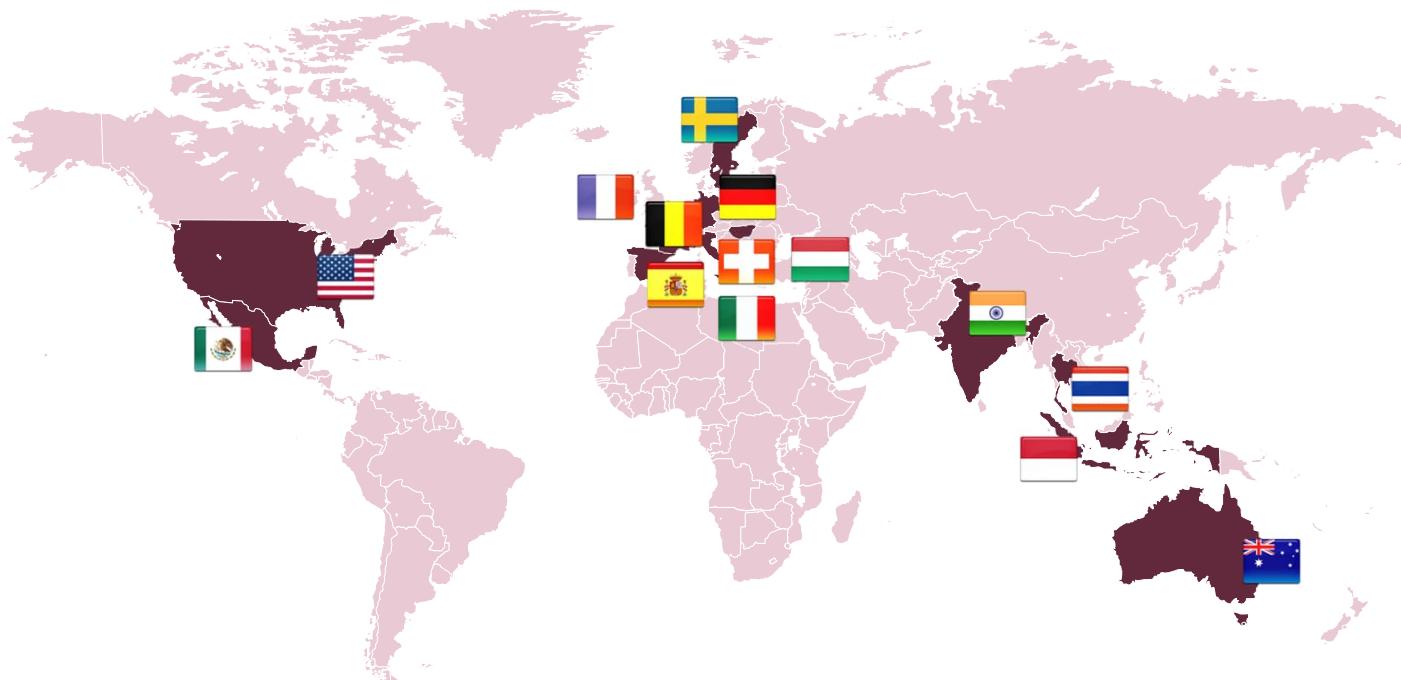

Cash & Cash equivalents (in Rs. Cr.)

- Received an investment grade rating for short term (A1) and long term (A) fund from ICRA on the back of adequate liquidity, strong relationship with major OEMs and a diversified clientele
- Installed Capacity has been created for 160,000 Metric Tons per Year. Can be further enhanced by 50,000 MT within the existing plants with minimal investment

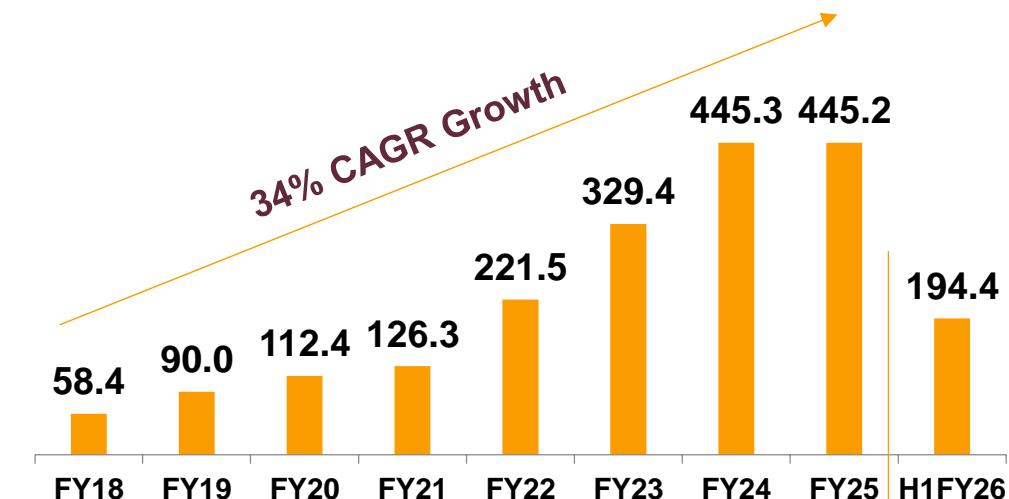

Strong Export Growth Potential

- India is being viewed as a key cog in the global automotive supply chain and sourcing machined castings from India is now becoming an attractive option for global customers.
- Nelcast is among only a few companies in the industry capable of meeting the requirements of top global OEMs & Tier 1s.
- Currently, Nelcast exports machined castings to reputable corporates in North America, Europe and Southeast Asia.
- In H1FY26, exports were impacted by slowdown in the U.S. economy, due to imposition of additional tariffs leading to temporary production pauses by customers. Anticipate export volumes to recover by end of FY26

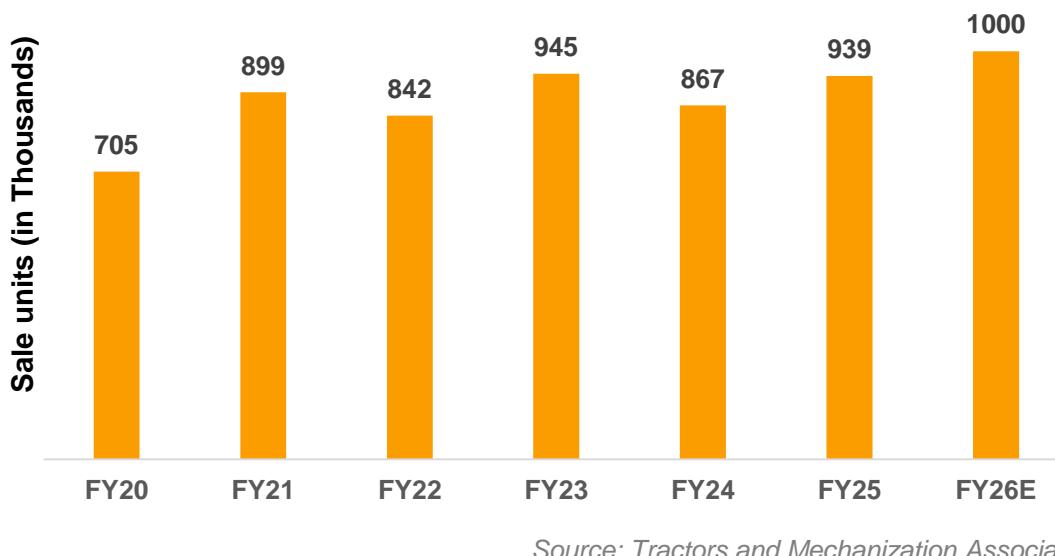

Revenue from Exports (in Rs. Cr.)

Large Market Opportunity

Indian Tractor Industry

Tractor Industry sales grew by 8% YoY in FY25; According to Crisil Ratings, domestic tractor sales are projected to reach an all-time high of ~975,000 units in 2025-26

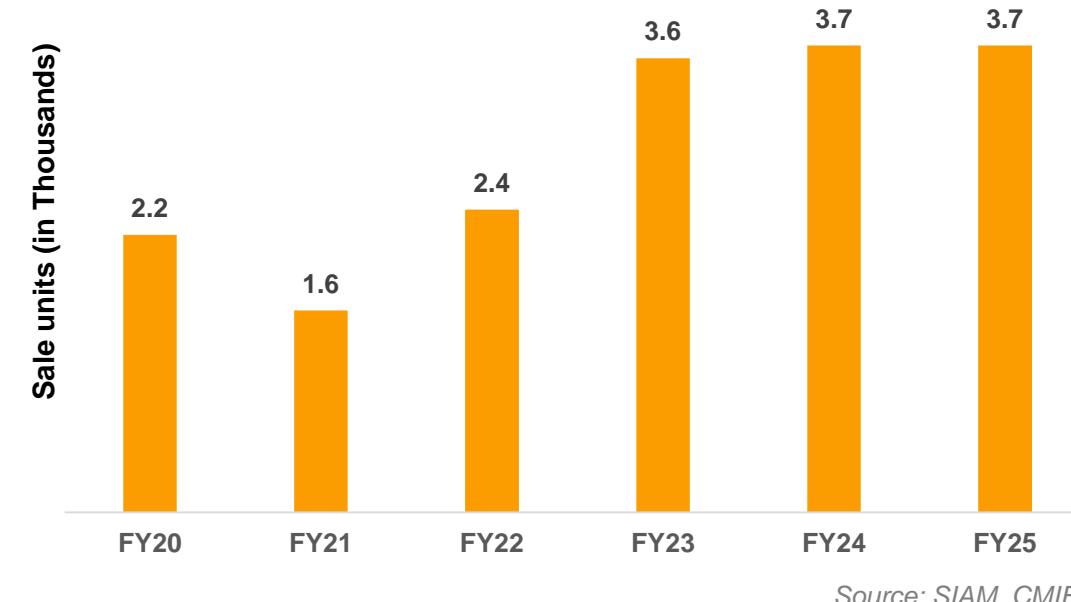

In FY25, the Tractor & Mechanisation Association (TMA) reported a rebound in the Indian tractor industry, with domestic sales reaching 939,713 units, marking an 8% increase from the 867,237 units sold in FY24. As per TMA, industry is projected to surpass 1 million sales by 2026, driven by strong rabi and kharif crop seasons, favorable terms of trade, and increased government spending.

Source: SIAM, Yes Securities Research Report

Indian M&HCV Industry

By 2030, the medium and heavy commercial vehicle market in India is projected to reach the 500,000 unit mark

In FY25, M&HCV exports increased by 28% YoY to 23,251 units. However, after stagnation in FY25, the Indian CV industry is set for a modest recovery, with ICRA forecasting 3-5% growth in FY26. Additionally, the average fleet age of 10 years is expected to drive replacement demand, supporting industry expansion.

Vinod K Dasari
Chairman

- MBA from Kellogg and a Master's in Engineering Management from McCormick, Northwestern University,
- Over 35 years in diverse roles including MD of Timken India, joint MD at Cummins India, and CEO/MD of Ashok Leyland and Royal Enfield, where he propelled the brand to success.

D. Sesha Reddy
Director

- Chairman of Dodla Diary and Nelcast
- Possesses wide industrial entrepreneurial experience
- Has been on the Board of Nelcast since its inception

P. Deepak
Managing Director

- MBA from Kellogg School of Management
- MS in Engineering Management
- Industrial experience at M/s. Federal-Mogul Corp., USA, M/s. Nelcast USA Inc. and M/s. Deere & Company

P. Divya
Director

- MS in Network Information Systems, BE degree with Honours in Computer Engineering
- Managed various projects globally, ultimately specializing in Change Management & Governance at Deutsche Bank

R. Sridharan
Director

- Graduate from Madras University
- Served as the Managing Director & Group Executive of SBI, and MD of Clearing Corporation of India Limited and its wholly owned subsidiary Clearcorp Dealing Systems India Limited

A. Balasubramanian
Director

- Bachelors degree in Science and a Chartered Accountant
- About 35 years of experience in the areas of Banking, Finance and Management
- Worked in Punjab National Bank for about 30 years at various capacities and retired as Chief General Manager

Maheswari Mohan
Director

- Post Graduate in M.A (Psychology) and LL.M (IPR & Cyber Laws). Certified by Indian Institute of Arbitration & Mediators, Cochin
- About 29 years of experience in the field of law, practicing in High Courts representing Corporate/MNC's/General public

Focussed on a Sustainable Future

- **Renewable energy:**

About 60% of the power requirement is met through renewable sources

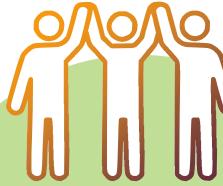

- Plantation of trees

- Core sand reclamation

- Building with bricks made out of waste black sand

Protecting the Environment

Giving back to the Community

- Blood donation camps
- Providing medical support to hospitals
- Supporting schools
- Clinic & health camps
