PRESS RELEASE

FLEXIBLE PACKAGING GIANT UFLEX TO DISPLAY BEST IN CLASS TECHNOLOGY FOR PRINT AND CROSS MEDIA SOLUTIONS AT DRUPA 2016

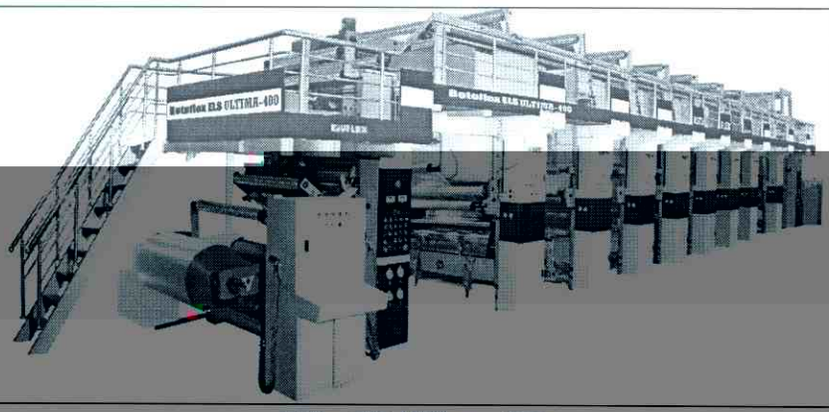
India's largest global flexible packaging company **Uflex Limited** is bracing up to showcase the best in class technology and equipment for print and cross-media solutions at **DRUPA 2016**.

Launching at Dusseldorf will be technologically revolutionized **Extrusion Lamination Machine**. The main features of this state-of-the-art lamination machine are:

- Unique design of drying hood to achieve optimum temperature;
- Separate drive for impression roller;
- Motorized three axis movement of carriage for air gap setting;
- Chamber type doctor blade for anchor coating;
- T Die with internal duckling & lip opening up to 1 mm;
- Unique design of lamination drum to maintain even temperature across the width;
- Sleeve type coating nip as an optional;
- Facility of Coating on very thin Poly film.

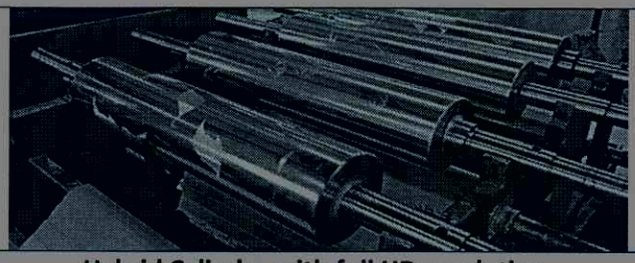
Also on display would be the **Electronic Line Shaft (ELS) based Rotogravure Printing Machine.** Some advantages compared to conventional mechanical transmissions are: **better** operator access around the press; **reduction** in noise level; **less** mechanical parts to be serviced and **faster** print register response. The Press is built with Electronic Line Shaft technology having all printing, unwind, rewind, in-feed & out-feed equipped with servo motors and drives. By perfectly integrating new generation of electronics and ergonomically designed mechanical components, the press is made to deliver unmatched speed of 350-400 MPM. ELS models are equipped with flying splice turret unwind, rewind, sleeve type impression roller and trolley facilities and also has an option of doing reverse register coating at the last printing unit.

Official Release/Uflex Mar (4) /2016

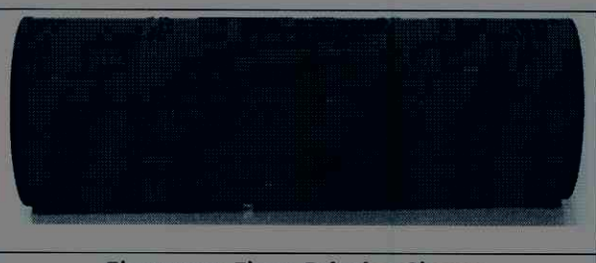


Uflex ELS Ultima - 400

The flexible packaging major will also showcase a range of **Embossing Cylinders** for leather, paper and vinyl applications; very high and very low depth coating rollers from 0.5 GSM to 50 GSM applications like soap wrapper, overcoat, lacquer coating & ink saving in printing and special purpose customized coatings. Other highlights will be **Hybrid Cylinder**, an innovation from the Electro Mechanical Line capable of producing high definition image.



Hybrid Cylinder with full HD resolution



Elastomer Flexo Printing Sleeve

Elastomer flexo sleeves and elastomer flexo plates ensuring exact dot reproduction; no chemical constraint; seamless web printing and reproduction of HD image up to 5080 DPI would be a showstopper.

Uflex is renowned world over for its end to end flexible packaging solutions and possesses the capability to process any quantum of order and ensuring just in time deliveries. One of the most significant exhibits at DRUPA 2016 from Uflex would be the brand protection and anti-counterfeiting solutions that keep the look-alikes at bay and prevent them from eroding brand equity. On display at the prestigious exhibition would be different types of **Holograms** {analog 2D/3D conventional, Dot matrix (up to 24,000 DPI); non-diffractive Litho (up to 1,20,000 DPI) and E-Beam}; **Unigrams; Latentograms; Wide Web Holographic Films** {Soft embossing films, Hard embossing films, UV embossing films, High Refractive Index films, Windows/ Demetalized and Lens films}. Uflex will also showcase the **Thermal Holography Films** and demonstrate its applications in the Print Lamination Area. Also on display will be Holographic Pouches, Holographic Strips, Holographic Scratch, Holographic Wads.

Holographic Shrink Sleeves; **Labeling solutions** using foils, Fresnel lens and holographic effects {Printed Labels, Tamper Evident Security Labels, Anti-counterfeit Labels, Bar-Code Labels, Scratch Labels, Thermal Transfer Labels, Serial Number Labels, Holographic Labels}; **Hot and Cold Stamping Foils and OEKOTEX Certified Textile Value Addition Products** {Sequins Film, Hot Melt Film, Holographic Glitter Film} etc.

Uflex will be in Hall No. 15 at Stand No. 15 C 51.

About Uflex

Uflex is India's largest end-to-end flexible packaging company and an emerging global player. Since its inception back in 1983, Uflex has grown from strength to strength to evolve as a truly Indian Multinational with consumers spread across the world. Uflex today has state-of-the-art packaging facilities at multiple locations in India with installed capacity of around 100,000 TPA and has packaging film manufacturing facilities in India, UAE, Mexico Egypt, Poland and USA with cumulative installed capacity in excess of 337,000 TPA.

All Uflex plants are accredited with ISO 9001, 14001, HACCP & BRC certifications. Uflex caters to markets spanning across the globe in over 140 countries like USA, Canada, South American countries, UK and other European Countries, Russia, South Africa, CIS, Asian and African nations. Integrated within its core business profile are allied businesses like Engineering, Cylinders, Holography and Chemicals which further give Uflex a superior edge above competition.

Uflex Limited is also a part of the D&B Global Database and winner of various prestigious national and international awards for its products' excellence. Uflex offers technologically superior packaging solutions for a wide variety of products such as snack foods, candy and confectionery, sugar, rice & other cereals, beverages, tea & coffee, dessert mixes, noodles, wheat flour, soaps and detergents, shampoos & conditioners, vegetable oil, spices, marinates & pastes, cheese & dairy products, frozen food, sea food, meat, anti-fog, pet food, pharmaceuticals, contraceptives, garden fertilizers and plant nutrients, motor oil and lubricants, automotive and engineering components etc.

Some of Uflex's clients on the global turf include P&G, PepsiCo; Tata Global; Mondelez, L' Oreal, Britannia, Haldiram's, Amul, Kimberly Clark, Ferro Rocher, Perfetti, GSK, Nestle, Agrotech Foods, Coca Cola, Wrigley, Johnson & Johnson among others.
