As such, the power generation in the first two quarters (based on past experience/ data) lies between 70-75% of the annual power generation, while balance 30-25% is generated in the last two quarters.
2.
  - (a) Company has accounted for revenue for the year/quarter ended 31<sup>st</sup> March, 2023 on the basis of Multi-Year Tariff (MYT) for the period 2020-24 for JBTP and JBSPP which are subject to true up / final assessment.
  - (b) Revenue in respect of Vishnuprayag HEP for the year/quarter ended 31<sup>st</sup> March, 2023 has been accounted for based on provisional tariff which is subject to true up/final assessment.
3. The Company had given the corporate guarantee (CG) to State Bank of India (SBI) of USD 1,500 lakhs (31<sup>st</sup> March, 2022 USD 1,500 Lakhs), for loans outstanding to the extent of Rs 70,333 lakhs (31<sup>st</sup> March, 2022 Rs.70,333 lakhs), granted to Jaiprakash Associates Limited (JAL) (the party to whom the company is an associate) for which fair valuation as of 31<sup>st</sup> March, 2023 has not been done as per the applicable Ind-AS. Subsequent to the accounting of the impact of "Framework Agreement" (Framework Agreement with its lenders for debt restructuring in earlier year), the Company had initiated process for the release of the guarantee provided to SBI and is in process of discussion with SBI. In the opinion of the Management there will be no material impact on these financial results, of the fair valuation of the above mentioned guarantee hence not been considered necessary by the management to be provided for. On this 31<sup>st</sup> March, 2023, the Company has not provided any provision for the same.

**Notes on related party transactions:**

1. Jaiprakash Power Generation Company Limited (JPGL), a subsidiary Company, was acquired by JPV, (the Company) from Uttar Pradesh Power Corporation Ltd (UPPSL) for implementation of 1320 MW Power Project (Bardhaman BTPP) at Tahal, Bardhaman, Distt. Alaimabad, Uttar Pradesh. The Company has investment of Rs. 88,212 lakhs (31<sup>st</sup> March, 2022 Rs.88,212 lakhs) 8.82% lakhs equity share of Rs. 100 lakhs each fully paid till 31/03/2023) in JPGL. In the books of JPGL, amount aggregating to Rs. 18,350 lakhs (excluding value of land) is shown as expenditure incurred during the construction and installation in setting up of the project, capital expenses etc. and same bears

Management believes that, considering stated facts, the above amount, which is overdue for payment, is good and fully recoverable by the management and no provision there against is needed at this stage.

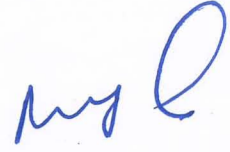

8. In the earlier years, Uttar Pradesh Power Corporation Ltd. (UPPCL) had sent notice/recovery plan in respect of unit VHEP for recovery of Rs. 42,442 lakhs (including carrying cost of Rs. 2,472 lakhs and Rs. 618 lakhs for the year ended 31<sup>st</sup> March, 2023 and current quarter respectively and Rs. 11,109 lakhs for the financial years 2018-19 to 2021-22) (as at 31.03.2022 Rs. 39,970 lakhs) being amount excess paid to the Company as assessed and estimated by the UPPCL including carrying cost (excess payment made to the Company towards income tax and secondary energy charges for financial years 2007-08 to 2019-20 and 2014-15 to 2019-20 respectively) and hold back Rs. 22,500 Lakhs till 31<sup>st</sup> March, 2023 (up to March'22 Rs. 16,044 Lakhs) including recovery for carrying cost of Rs 13,581 lakhs (up to March'22 Rs. 11,109 Lakhs) as stated above. Based on the legal opinion obtained by the Company, the action of UPPCL for denying income tax and secondary charges and holding / deducting amount, is not as per the terms of the power purchase agreement (PPA). The Company had filed a petition with Uttar Pradesh Electricity Regulatory Commission (UPERC) against UPPCL for the aforesaid recovery. UPERC vide its order dated 12<sup>th</sup> June, 2020 had disallowed the claims of the Company and upheld the recovery/proposed recovery of excess payment made, and against the Order of UPERC the Company has preferred an appeal before APTEL. Meanwhile in 2020-21 UPPCL and Company both have agreed that recovery of amount paid in excess (subject to ongoing reconciliations and final outcome of appeal filed with APTEL for revision in design energy) to be made from monthly power sale invoices raised/to be raised for next 7 years starting from FY 2021-22 till FY 2027-28, with carrying cost charges on outstanding amount @SBI MCLR plus 350 basis points, starting from financial year 2021-22. In view of the above and considering prudence, from 2020-21 onwards, revenue from UPPCL has been accounted for net of the component of income tax and excess secondary energy charges. Pending the final decision on Company's appeal filed with APTEL, as stated above, no provision in these financial statements has been considered necessary by the management against the disallowances of income tax and secondary energy charges of Rs. 42,442 lakhs and carrying cost (amount unascertainable). Further the management believes that it has credible case in its favour and accordingly amount which has been deducted by UPPCL of Rs. 22,500 lakhs (shown as part of trade receivables) is considered good and recoverable with interest from UPPCL.
9. As per Ind-AS 108 Operating segment, segment information has been provided on consolidated financial results basis.

**5. Basis for Qualified Opinion**

**Statement of Financial Position**

- As stated in paragraph 4(b) of the **Qualified Opinion**, consolidated financial statements for the year ended 31st March, 2022, the company has given/provided corporate guarantee of USD 1,000 lakhs

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013 (the Act). We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated financial results under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us and other auditors in terms of their reports referred to in "Other Matters" paragraph below, is sufficient and appropriate to provide a basis for our opinion.

### 3. Emphasis of matters:

We draw attention to the following matters:

- (a) As stated in note no. 10 of accompanying financial results regarding outstanding of DMG of Rs. 21,690 lakhs (approx.) (excluding interest, amount not ascertained) (including GST) for which the Company is responsible as principal contractor. As stated in the said note, sand contracts have been sub-contracted on back-to-back basis. Further, as stated, sub-contractor has also submitted required bank guarantees to the DMG (Rs.120 crores) and as per the sub-contracts signed, the sub-contractor is liable to pay due instalments amount including delay charges to DMG. Further, Rs. 3,556 lakhs also due and recoverable from sub-contractor. Balances of sub-contractor and DMG are subject to confirmation and reconciliation. Purchase, sale and inventory of sand have been accounted for as per the statement of the sub-contractor. As stated in note no. 10 and as per contract terms signed with sub-contractor, management believes that there will not be any material impact on these financial statements on this account and amount recoverable from sub-contractor Rs. 25,246 lakhs (Including payable to DMG Rs. 21,690 lakhs) is considered good.
- (b) Attention is invited to note no. 8 of accompanying financial results regarding dues of Rs. 42,442 lakhs being the amount excess paid to the Company as assessed and estimated by the UPPCL as

213

stated in note including carrying cost (excess payment made to the Company towards income tax and secondary energy charges for financial years 2007-08 to 2019-20 and 2014-15 to 2019-20 respectively) against which UPPCL has also hold back Rs. 22,500 lakhs (including carrying cost of Rs. 13,581 lakhs up to March23). As stated in the note in the opinion of the management, Company has credible case in its favour.

- (c) As stated in Note no. 46(i) of the audited consolidated financial statements for the year ended 31st March, 2023, no provision has been considered necessary by the management against Entry Tax in respect of Unit- Nigrie STPP (including Nigrie Cement Grinding Unit) amounting to Rs. 10,871 lakhs (31st March, 2022 Rs. 10,871 lakhs) and interest thereon (impact unascertainable). In respect of the stated unit, receipts of approval for extension of the time for eligibility for exemption from payment of entry tax is pending from concerned authority, as stated in the said note, for which the company has made representations before the concerned authority and management is confident for favourable outcome. Against the above entry tax demand, till date of Rs. 6,685 lakhs (31st March, 2022 Rs. 6,085 lakhs) has been deposited and shown as part of other non-current assets which in the opinion of the management is good and recoverable.
- (d) As stated in note no. 57(a) & 57(c) of the audited consolidated financial statements for the year ended 31st March, 2023 regarding pending confirmations/reconciliation of balances of certain secured and unsecured borrowings (current & non-current), banks (including certain fixed deposits), trade receivables/payables (including MSME parties) and others (including capital creditors and of Sub-contractors, CHAs and receivables/payables from/to related parties), liabilities, loans & advances and inventory lying with third parties/in transit. In this regard, as stated in the note, internal control is being strengthened through process automation (including for as stated in note no.59(b) regarding of fuel procurement and consumption processes which are in process of further strengthening). The management is confident that on confirmation/reconciliation there will not be any material impact on the state of affairs as stated in said notes.
- (e) For deferred tax assets (net) on unabsorbed depreciation & business losses and of MAT credit entitlement as on 31st March 2023 of amounting to Rs. 2,216 lakhs and Rs. 2,049 lakhs respectively, the Management is confident about its realisability. Accordingly, these have been considered good by the management as stated in Note no. 62(ii) of the audited consolidated financial statements for the year ended 31st March, 2023.
- (f) As stated in the note no. 65 of the audited consolidated financial statements for the year ended 31st March 2023 regarding the pending recovery of capacity charges of amounting to Rs. 17,706 lakhs (31st March, 2022 Rs. 17,706 lakhs), which have been **disputed by MPPMCL. Company is contesting with MPPMCL and had filed petitions with MPERC as stated in the said note, which partially allowed the claim of the Company and Company has filed an appeal with APTEL and also MPPMCL has filed an appeal with APTEL against Order of MPERC.** As stated in note, in the

3/7

opinion of the management, above stated amount (and also delayed payment surcharge of Rs. 3795 lakhs till Oct'21) is good and fully recoverable and hence no provision has been considered necessary by the management at this stage (note no. 7(b) of the accompanying financial results).

Our opinion is not modified in respect of above stated matters in para (a) to (f).

(g) **Uncertainty on the going concern – of Subsidiary Companies:**

- (i) Jaypee Arunachal Power Limited: Jaypee Arunachal Power Limited (JAPL) (where Holding Company has investment of Rs. 22,872 lakhs) is in process of data/information submission to the nodal agency regarding handing over of the project to the designated agency i.e. NHPC where Government of India has proposed JAPL's project to be implemented by the central PSU (NHPC/NEEPCO). Accordingly, no provision has been considered necessary for capital work in progress and advance given to Government of Arunachal Pradesh and JAPL is dependent on its holding company for meeting its day-to-day obligations. These conditions indicate the existence of a material uncertainty that may cast significant doubt about the JAPL's ability to continue as a going concern. However, the financial statements of the JAPL have been prepared by the management on a going concern basis [Note no. 64(a) of the audited consolidated financial statements for the year ended 31st March, 2023].
- (ii) Jaypee Meghalaya Power Limited: Jaypee Meghalaya Power Limited (JMPL) (where Holding Company has investment of Rs. 846 lakhs and provision for diminution of Rs. 846 lakhs) could not file application for claiming the expenses incurred for capital work in progress and therefore considering it to be prudent, provision for impairment for the same has been made. Further, accumulated losses have eroded more than 50% of the net worth of the JMPL and JMPL is dependent on its holding company for its daily operations. These conditions indicate

- iii. Sangam Power Generation Company Limited Sangam: Power Generation Company Limited (SPGCL) (where Holding Company investment of Rs. 55,212 lakhs) is having accumulated losses and its net worth has been significantly eroded as on 31st March 2023 and its claim against UPPCL is pending before Hon'ble Supreme Court. These conditions indicates the existence of a material uncertainty that may cast significant doubt about the SPGCL's ability to continue as a going concern. However, the financial statements have been prepared on going concern basis (this is to be read with note no. 6 of the accompanying financial results).

Our opinion on above [(g) (i) to (iii)] is not modified.

- (iii) Sangam Power Generation Company Limited (SPGCL, a Subsidiary Company) was acquired by JPVL (the Company) from Uttar Pradesh Power Corporation Ltd (UPPCL) in earlier year for implementation of 1320 MW Power Project (Karchana STPP) at Tahsil Karchana, Distt. Allahabad, Uttar Pradesh. The Company has investment of Rs.55,212 lakhs (5,520 lakhs equity shares of Rs. 10/- each fully paid till 31/03/2023) in SPGCL. Net Worth of SPGCL has been eroded significantly as on 31st March, 2023. In view of abnormal delay in handing over the physical possession of land by UPPCL, SPGCL had written to UPPCL in earlier year and to all procurers of power that the Power Purchase Agreement (PPA) be rendered void and cannot be enforced. As advised, draft of Share Purchase Agreement (SPA) was sent to UPPCL / UPRVUNL by SPGCL for their approval but there was abnormal delay in resolving the matter by UPPCL, therefore SPGCL had withdrawn all its undertakings given to UPPCL and also had filed a petition before Hon'ble UPERC (State Commission) for release of performance bank guarantee and also for payment against claim lodged of Rs 1,15,722 lakhs. UPERC vide its Order dated 28.06.2019 has allowed claim (of SPGCL) for Rs.25,137 Lakhs along with interest @ 9% p.a. on Rs.14,925 lakhs for the period from 11.04.2014 to 31.03.2019 and also directed UPPCL to immediately release Performance Bank Guarantee (Rs. 99 crore) to SPGCL and SPGCL to transfer the entire land parcel to

		<p>UPPCL. UPPCL had appealed against the said order in APTEL and SPGCL had also filed counter appeal. During the current year, APTEL vide its order dated 14th July, 2021, upheld the State Commissions order dated 28.06.2019 and directed State Commission to complete the verification of relevant documents of the claim filed by SPGCL within a period of three months from the date of pronouncement of this judgment and crystallize the total amount to be paid to SPGCL. SPGCL has filed application with Hon'ble UPERC for verification of expenditure and payment thereof and release of performance bank guarantee. Further, UPPCL has filed an appeal with Hon'ble Supreme Court against above mentioned order of APTEL and also Company has filed an appeal with Hon'ble Supreme Court against the order of APTEL. Hon'ble Supreme Court has stayed the Order of APTEL. Further pursuant to the Order dated 14<sup>th</sup> December, 2021 of Hon'ble Supreme Court, application filed with UPERC has been kept in abeyance. Pending these and management is confident about settlement of claims in its favour, no provision against diminution in value of investment, has been considered necessary at this stage.</p>
