## **Kranti Industries Limited strengthens diversification strategy with expanded Defence sector machining orders from AVNL – MTPF**

**8<sup>th</sup> December 2025, Pune:** Kranti Industries Limited (BSE: 542459), a leading precision engineering and machining solutions firm, is pleased to announce that it has cumulatively secured twenty (20) machining orders from Armoured Vehicles Nigam Limited – Machine Tool Prototype Factory (AVNL – MTPF), a Government of India Defence Public Sector Undertaking.

These orders collectively reinforce Kranti's successful entry into India's Defence manufacturing landscape, demonstrating growing customer confidence in the Company's technical capabilities, precision infrastructure, and supply reliability for mission-critical components essential to national security programmes.

### **Strategic Overview:**

- **Accelerating Presence into Defence Supply Chain:** Additional purchase orders further strengthen the newly established Defence-focused business vertical.
- **Deepening Value Proposition:** Validates Kranti's capacity to manufacture high-precision components for specialized and strategic applications.
- **Revenue Contribution and Delivery Timeline:** Total order value stands at ₹87.13 lakhs with all orders scheduled for delivery within the next three months.
- **Aligned with National Priorities:** Supports India's *Atmanirbhar Bharat* mission by increasing reliance on domestic precision manufacturing.

**Commenting on the strengthened order inflow and business expansion,  
Mr. Sachin Subhash Vora, Chairman & Managing Director, said,**

*"We are delighted to share that Kranti Industries has further advanced its footprint in the Defence manufacturing sector with a total of 20 machining orders valued at approximately ₹87 lakhs. These consecutive order wins reflect the strong trust placed in our manufacturing systems & quality performance. This development underscores our long-term strategy to build a scalable Defence vertical & deliver value-added, high-precision solutions for strategic programs.*

*Supported by three world-class manufacturing facilities and over 80 advanced machining platforms, we are well-positioned to meet the evolving requirements of Defence PSUs and Tier-1 system integrators. This milestone is a decisive step toward achieving our Vision 2030 goals, driving sustainable diversification, innovation and stakeholder value creation."*
