Delhivery Launches 'Delhivery International' for Indian MSMEs

Delhivery International enables cost effective air exports, leverages global partnerships and AI-powered tools to simplify international shipping for small businesses

BENGALURU, India – December 09, 2025: Delhivery, India's largest integrated logistics services provider, today announced the launch of Delhivery International, an Economy Air Parcel service designed to make global exports affordable, simple and more reliable for SMEs and enterprise customers across India. This is in addition to the company's existing Express Air Parcel service.

"Many SMEs face hurdles in cross-border logistics due to high international shipping costs, further compounded by complex and geography-specific documentation requirements, unpredictable delivery timelines and a pervasive lack of shipment visibility. Delhivery International, available through the Delhivery One platform, addresses these issues by providing our MSME customers a streamlined booking experience with multiple shipping options, real-time rates and end-to-end visibility from pickup to final delivery. By leveraging Delhivery's domestic network, the service ensures that MSMEs even in remote clusters of India can access international markets," said **Vani Venkatesh, Chief Business Officer at Delhivery.**

"Enabling exports is a massive catalyst for the growth of Indian MSMEs. With Delhivery International, we are removing the friction from global trade for our customers," said **Sahil Barua, Managing Director & Chief Executive Officer, Delhivery.**

About Delhivery: Delhivery is India's largest fully-integrated logistics services provider. With its nationwide network covering close to 19,000 pin codes, the company provides a wide range of logistics services such as express parcel transportation, PTL freight, TL freight, cross-border, supply chain, and technology services. Delhivery has successfully fulfilled over 4.0 billion shipments since inception and today works with over 48K+ customers, including large & small e-commerce participants, SMEs, and other enterprises & brands.
