RPS Consulting Private Limited secures 2025 “Google Cloud Training Partner of the Year” - Asia Pacific Award for the Third Consecutive Year

Bangalore, April 10, 2025: **RPS Consulting Private Limited**, an NIIT Limited subsidiary, has been honored with the 2025 “Google Cloud Training Partner of the Year” award for the Asia Pacific Region. This exceptional achievement marks the third consecutive year that RPS Consulting has received this prestigious recognition. The company has been awarded for its achievements in the Google Cloud ecosystem, helping customers by enabling "making practical skills real" for customer success through tailored Google Cloud learning solutions.

The award underscores innovation, collaboration, and dedication to customer success throughout the year. RPS Consulting collaborates with Google Cloud customers to equip them with the right AI skills, going beyond standard training programs by delivering Hackathons, JAM sessions, Design Sprints, and customized workshops—tuning and grounding AI to real business opportunities.

Speaking on the achievement, **Pankaj Jathar, CEO, NIIT Ltd.** said, *"We are thrilled to see RPS Consulting being recognized as the 2025 Google Cloud Training Partner of the Year for the Asia Pacific region. This remarkable achievement for the third consecutive year reflects their deep expertise, relentless innovation, and commitment to enabling customer success. At NIIT, we take immense pride in RPS Consulting's ability to deliver transformative learning solutions that empower businesses to harness the full potential of Google Cloud technologies."*

Commenting on the announcement, **Manikandan Ekambaram, Sr. Vice President, RPS Consulting** said, *"Being named the 2025 Google Cloud Training Partner of the Year for the Asia Pacific region for the third consecutive year is an incredible honor. This recognition is a testament to the unwavering dedication of our entire RPS team, the deep expertise of our trainers, and the trust and support of our clients and partners. We truly value our strong collaboration with the Google Cloud team and remain committed to creating an even greater impact for our clients in the future. This award also underscores our commitment to staying ahead of the curve and ensuring that organizations are empowered to unlock the full potential of Google Cloud technologies and thrive in the digital era."*

*"Google Cloud's Partner Awards recognize partners who have created outsized value for customers through the delivery of innovative solutions and a high level of expertise," said **Kevin Ichhpurani, President, Global Partner Ecosystem, Google Cloud.** "We're proud to announce RPS Consulting as a 2025 Google Cloud Partner Award winner and celebrate their impact enabling customer success over the past year."*

Building on the momentum from previous wins in 2023 and 2024, RPS Consulting has continued to make a significant impact, touching the lives of customers. With the enthusiasm fueled by these recognitions, RPS is going wide and deep across market segments impacting over 4000+ learners this year and stands ready to continue this momentum.

About RPS Consulting

RPS Consulting, an NIIT Limited subsidiary is an enterprise learning services company that has been aiding sectors like banking, telecom, manufacturing, BFSI and over 280+ customers including large Global Captive Centers (GCC's) and Global System Integrators (GSI's). The company's learning solutions range across various IT skills from multi-cloud, infrastructure, application modernization, cyber security and people & practice etc. Headquartered in Bangalore, RPS Consulting has over 18+ years of providing Certified IT training to enterprises across India and the globe. They have a 1200+ strong pool of instructors with varied competencies, who impart workforce training but ensure that teams are also project-ready or job-ready. While focused on customer needs, the company brings value to enterprises by using a combination of strategic partnerships, experienced subject matter experts and trainers, and highly adaptable delivery methodologies.
