New Delhi, November 10, 2025 — Cosmo Ferrites Limited (BSE: 523100), a leading manufacturer and exporter of Soft Ferrites—essential components in power electronics and an emerging player in wire-wound magnetic components, today announced its unaudited financial results for the second quarter ended September 30, 2025 (Q2 FY26).

The Company reported an increase in both Revenue and EBITDA for Q2 FY26 compared to the corresponding quarter of the previous fiscal year (Q2 FY25). This positive financial trajectory was primarily driven by a significant increase in domestic volume.

Mr. Ambrish Jaipuria, Chairman, Cosmo Ferrites Ltd., commented on the quarter's performance and the industry landscape: "Q2 FY26 delivered growth in both revenue and EBITDA compared to the same quarter last year, while we did face some challenges in the export market during the quarter, we remain optimistic and are hopeful for better export volumes in the coming quarters. "Our domestic volume, is increasing post anti-dumping duty

Forward Outlook and Strategic Focus

Cosmo Ferrites remains focused on leveraging its manufacturing expertise and expanding its product portfolio to capitalize on the growing domestic demand for Soft Ferrites and winding operations. The Company is strategically positioned in high-growth sectors, including power electronics, automotive (Electric & Hybrid Vehicles), and renewable energy (solar inverters).

The Company emphasizes continuous innovation, supported by a dedicated R&D team and technical capabilities. This focus includes the development of new materials and the provision of customized solutions to meet specific customer requirements. Cosmo Ferrites is actively working to mitigate export headwinds while building on its domestic market leadership.

About Cosmo Ferrites Limited

Established in 1986, Cosmo Ferrites Limited is the largest producer and leading exporter of manganese-zinc (MnZn) based Soft Ferrite cores in India, exporting to more than 50 countries globally. Its state-of-the-art manufacturing facility is located in the foothills of the Himalayas in Himachal Pradesh. Cosmo Ferrites' products are integral to essential applications such as Electric & Hybrid Vehicles (BMS, wireless chargers, AC/DC converters), solar inverters, LED lighting, and general noise filtering (EMI/EMC suppression), reflecting the Company's strong diversification across key high-growth sectors.
