Independent Auditor's Review Report on Unaudited Financial Results for the quarter and nine months ended December 31, 2024 Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulation 2015, as amended

To the Board of Directors of OCCL Limited

1. We have reviewed the accompanying statement of unaudited financial results ("the Statement") of OCCL Limited ("the Company") for the quarter and nine months ended December 31, 2024. This Statement is the responsibility of the Company's Management and has been approved by the Board of Directors. Our responsibility is to issue a report on the statement based on our review.
2. This Statement, which is the responsibility of the Company's management and approved by the Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" (IND AS 34), prescribed under Section 133 of the Companies Act, 2013, as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to issue report on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial results are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement of unaudited financial results read with notes therein, prepared in all material respects in accordance with the applicable accounting standards and other recognized accounting practices and policies, has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, including the manner in which it is to be disclosed, or that it contains any material misstatement.

5. Emphasis of Matter

We draw attention to Note 3 of the Statement which states that the Scheme of Arrangement between Oriental Carbon and Chemicals Limited ("the demerged company") with OCCL Limited and their respective shareholders and creditors ("the Scheme") has been given effect based on the appointed date as defined in the Scheme, approved by the National Company Law Tribunal, Ahmedabad Bench and National Company Law Appellate Tribunal, New Delhi, which is deemed to be the acquisition date for the purpose of accounting under Ind As 103 'Business Combinations'. As per the Scheme, the accounting treatment in the financial results of the Company has been given effect from the Appointed Date July 01, 2024 which is in compliance with the MCA General Circular dated August 21, 2019. Being a common control business combination, Ind AS 103 "Business Combinations" requires the company to account for the business combination from the earliest comparative period, i.e., April 01, 2023. However, in view of MCA General Circular dated August 21, 2019, the Company has not restated comparative period / year figures. Our opinion is not qualified in respect of this matter.

6. Other Matter

The Statement includes unaudited financial results of the Company for the quarter and nine months ended December 31, 2023, which were prepared by management and our conclusion in so far as it relates to the amounts and disclosures are based solely on the management prepared financial results. Our opinion is not qualified in respect of this matter.

The demand environment remains challenging, with major markets experiencing a slowdown. While the global outlook remains subdued, domestic demand is expected to remain stable and further strengthen going forward, supported by capex investments by tyre OEMs.

the Domestic tyre industry is expected to grow at about 5.5% p.a. with emphasis on tyre exports and robust domestic demand. This should offset the current slowdown in demand being observed in the developed countries.
