Aurionpro Reinforces Smart Mobility Leadership with Another Major Win; Expands Footprint across India's Metro Rail Network

*Aurionpro secures an order to implement **Automated Fare Collection** systems for the Bhopal and Indore Metro projects, reinforcing Aurionpro's leadership in smart mobility solutions.*

Mumbai, January 12, 2026: Aurionpro Solutions Limited (BSE: 532668) (NSE: AURIONPRO) is pleased to announce another significant order from Delhi Metro Rail Corporation Limited (DMRC) for the implementation of **Automated Fare Collection (AFC)** systems for the Bhopal and Indore Metro Rail projects.

दिल्ली मेट्रो रेल कॉर्पोरेशन लिमिटेड
Delhi Metro Rail Corporation Limited

As part of DMRC's collaboration with Madhya Pradesh Metro Rail Corporation Limited (MPMRCL), the project aims to deploy standardized AFC systems to enhance commuter convenience, operational efficiency, and interoperability across the upcoming metro networks in Madhya Pradesh. Under this multi-year contract, valued at approximately INR 150 crore, Aurionpro will supply, implement, and maintain open-loop EMV card- and QR-code-based AFC solutions for both metro projects. The scope of work spans end-to-end implementation followed by comprehensive maintenance and support services over a five-year period, further reinforcing Aurionpro's strong credentials and growing leadership in India's smart transit ecosystem.

Aurionpro's automated solutions streamline fare collection and are platformed on open-loop and closed-loop EMV ticketing architecture, aligned as per global payment compliances, and in India, as per the NCMC norms. Backed by a fully integrated in-house design and manufacturing ecosystem, Aurionpro delivers globally compliant, high-quality solutions that are designed and **made in India**.

Sanjay Bali, President – Tech Innovation Group (TIG), said

“We are grateful to Delhi Metro Rail Corporation for their continued trust and confidence in Aurionpro. This engagement marks yet another significant collaboration with DMRC and reinforces our growing presence in India’s metro rail ecosystem. Aurionpro is rapidly expanding its footprint across metro networks and is proud to enable seamless, high-performance ticketing solutions that enhance commuter convenience, speed, and overall passenger experience. With a strong track record of successful metro implementations and a portfolio of cutting-edge offerings, Aurionpro is steadily strengthening its position as a preferred partner in the smart mobility space. This win further accelerates our growth momentum and positions us strongly to secure additional opportunities in this fast-evolving market.”

About Aurionpro Solutions:

Aurionpro Solutions Ltd. (BSE: 532668 | NSE: AURIONPRO) is a global enterprise technology leader pioneering intuitive-tech through deep-tech IPs and scalable products. With a strong presence across Banking, Payments, Mobility, Insurance, Transit, Data Centers, and Government Sectors, Aurionpro is setting new benchmarks for AI innovation and impact. Its B2E (Business-to-Ecosystem) approach empowers entire ecosystems - driving growth, transformation, and scale across interconnected value chains. Backed by 3,000+ experts and a global-first mindset, Aurionpro is built to lead the next. For more information, visit us at www.aurionpro.com
