## TP Saurya Limited inks PPA with Tata Power Trading Company Limited to set up 200 MW solar project in Rajasthan

- The project is expected to generate approximately 485 MU of energy annually

**National, May 12, 2023:** TP Saurya Limited (TPSL), a subsidiary of Tata Power Renewable Energy Limited (TPREL) players, signed a Power Purchase Agreement (PPA) with Tata Power Trading Company Limited (TPTCL), to set up a 200MW (280MWp) solar project at Bikaner in Rajasthan.

The plant will be commissioned by March 2024. TPTCL has entered into a PPA with TPSL for a duration of 25 years.

The Project will be connected to the Central Transmission Utility (CTU) Bus and will supply 485 Million Units of energy annually.

With this win, the total renewables capacity of TPREL reaches 6,788 MW with an installed capacity of 3,917 MW (Solar - 2,989 MW & Wind - 928 MW) and 2,871 MW under various stages of implementation.

### **About Tata Power Renewable Limited:**

(including solar, wind, hybrid, round-the-clock (RTC), peak, floating solar, and storage systems including battery storage) that it owns, operates, and maintains. It also offers comprehensive green energy solutions for rural and urban areas like turnkey, EPC and O&M solutions for various business segments like utility-scale projects, solar rooftop, and solar pump systems. Along with its extensive portfolio of renewable solutions, it has a state-of-the-art solar cell and module manufacturing plant of 1.2 GW in Bengaluru and plans to set up a Greenfield 4 GW solar cell and 4 GW solar module plant. In addition, TPREL also provides electric vehicle (EV) charging solutions across various segments and other advisory solutions across the renewable sector.

As on

of implementation and its operational capacity is 3,917 MW, which includes 2,989 MW solar and 928 MW wind. Presently, the company's solar EPC portfolio is more than 11.5GWp of ground-mount utility-scale, over 1.6 GW of rooftop and distributed ground-mounted systems, and over 97,000 solar water pumps. TPREL aims to provide energy access to millions of people across the country via its integrated green energy solutions. Know more: [www.tatapowersolar.com](http://www.tatapowersolar.com)

### **About Tata Power:**

with its subsidiaries and jointly controlled entities, has an installed/managed capacity of 14,110 MW. The Company has a presence across the entire power value chain - generation of renewable as well as conventional power including hydro and thermal energy, transmission & distribution, and trading. The Company developed the country's first Ultra Mega Power Project at Mundra (Gujarat) based on super-critical technology. With 5,250 MW of clean energy generation from solar, wind, hydro, and waste heat recovery accounting for 37% of the overall portfolio, the company is a leader in clean energy generation. It has successful public-private partnerships in generation, transmission & distribution in India viz: Powerlinks Transmission Ltd. with Power Grid Corporation of India Ltd. for evacuation of Power from the Tala hydro plant in Bhutan to Delhi, Maithon Power Ltd. with Damodar Valley Corporation for a 1,050 MW Mega Power Project at Jharkhand.

Tata Power is currently serving more than 12.9 million consumers via its Discoms, under a public-private partnership model viz Tata Power Delhi Distribution Ltd. with the Government of Delhi in North Delhi, TP Northern Odisha Distribution Limited, TP Central Odisha Distribution Limited, TP Western Odisha Distribution Limited, and TP Southern Odisha Distribution Limited with Government of Odisha.

With a focus on sustainable and clean energy development, Tata Power is steering the transformation as an integrated solutions provider by looking at new business growth in distributed generation through rooftop solar and microgrids, storage solutions, EV charging infrastructure, ESCO, home automation & smart meters et al. In its 108 years track record of technology advancements, project execution excellence, world-class safety processes, customer care and green initiatives, Tata Power is well poised for multi-fold growth and is committed to lighting up lives for generations to come.
