Infosys Wins 2021 Google Cloud Specialization Partner of the Year Award for Cloud Migration

Leveraging Infosys Cobalt and Google Cloud, Infosys has demonstrated consistent success in accelerating Google Cloud adoption for enterprises

Bengaluru, India – July 12, 2022: [Infosys](#) (NSE, BSE, NYSE: INFY), a global leader in next-generation digital services and consulting, today announced that it has been awarded the 2021 Google Cloud Specialization Partner of the Year award for Cloud Migration.

Infosys has been recognized for its achievements in the Google Cloud ecosystem enabling seamless transitions with accelerated workload migrations to Google Cloud. The award recognizes the deep expertise and capabilities developed as part of [Infosys Cobalt](#) in collaboration with Google Cloud, creating a scalable, on-demand cloud model that will help enterprises navigate digital transformation and adopt a cloud-first strategy.

Infosys in collaboration with Google Cloud designs and develops cloud transformation and migration services for enterprises across industries leveraging Infosys Cobalt assets such as the Cloud Migration Assessment Framework, Cloud Suitability Assessment Framework and Workload Migration Suite. This has helped enterprises drive better business outcomes, minimize risks while adhering to regulatory standards.

Infosys has consistently demonstrated innovative thinking and outstanding customer delight, by harnessing Google Cloud and Infosys Cobalt assets to create industry-leading solutions such as the Infosys Media Platform, for which Infosys was awarded the 2020 Google Cloud Industry Solutions Partner of the Year Award for Media and Entertainment. In addition, Infosys has been named a Foundational Partner in the launch of Google Cloud Cortex Framework and is accredited with the Google Cloud Partner Specialization for Cloud Migration, Infrastructure, and Data and Analytics.

Victor Morales, Managing Director, Global System Integrators Partnerships, Google Cloud, said, “Google Cloud Specializations recognize partner excellence and proven customer success in a particular product area. Based on their certified, repeatable customer success and strong technical capabilities, we’re proud to recognize Infosys as the Cloud Migration Specialization Partner of the Year.”

Anand Adya, Executive Vice President, Infosys Cobalt, Infosys, said, “We are delighted to be recognized by Google Cloud. Enterprises today operate in hybrid and multi-cloud environments and require a partner to build a strong foundation and seamlessly migrate workloads with minimal risks. By leveraging our market-leading and innovative Infosys Cobalt offerings on Google Cloud, enterprises can significantly

accelerate their journey to the cloud and drive digital transformation agenda in a dynamic business environment.”

About Infosys

Infosys is a global leader in next-generation digital services and consulting. Over 300,000 of our people work to amplify human potential and create the next opportunity for people, businesses and communities. With over four decades of experience in managing the systems and workings of global enterprises, we expertly steer clients, in more than 50 countries, as they navigate their digital transformation powered by the cloud. Safe Harbor

Certain statements in this release concerning our future growth prospects, financial expectations and plans for navigating the COVID-19 impact on our employees, clients and stakeholders are forward-looking statements intended to qualify for the 'safe harbor' under the Private Securities Litigation Reform Act of 1995, which involve a number of risks and uncertainties that could cause actual results to differ materially from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding COVID-19 and the effects of government and other measures seeking to contain its spread, risks related to an economic downturn or recession in India, the United States and other countries around the world, changes in political, business, and economic conditions, fluctuations in earnings, fluctuations in foreign exchange rates, our ability to manage growth, intense competition in IT services including those factors which may affect our cost advantage, wage increases in India and the US, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, industry segment concentration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks or system failures, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, the success of the companies in which Infosys has made strategic investments, withdrawal or expiration of governmental fiscal incentives, political instability and regional conflicts, legal restrictions on raising capital or acquiring companies outside India, unauthorized use of our intellectual property and general economic conditions affecting our industry and the outcome of pending litigation and government investigation. Additional risks that could affect our future operating results are more fully described in our United States Securities and Exchange Commission filings including our Annual Report on Form 20-F for the fiscal year ended March 31, 2022. These filings are available at www.sec.gov. Infosys may, from time to time, make additional written and oral forward-looking statements, including statements contained in the Company's filings with the Securities and Exchange Commission and our reports to shareholders. The Company does not undertake to update any forward-looking statements that may be made from time to time by or on behalf of the Company unless it is required by law.
