**SUBJECT: Disclosure under Regulation 30 of SEBI (LODR) Regulations, 2015 - Memorandum of Understanding between Vantage Knowledge Academy Ltd and Cyber Skillsphere Pvt Ltd for Launch of Applied Cybersecurity Auditing Program and Formation of Industry Body**

Dear Sir/ Madam,

We are pleased to inform that the Company has entered into a Memorandum of Understanding with Cyber Skillsphere Pvt Ltd, a specialist company in the fields of cybersecurity, digital forensics, and AI. Under this collaboration we are launching a **structured, multi-level certification program** in the field of **cybersecurity auditing**, built around the shared vision:

**“Auditing Beyond Checklists. Securing Beyond Compliance.”**

The program is designed to cater to both technical and non-technical professionals, with a strong focus on developing **practical, market-ready skills** across governance audits, compliance reviews, operational and risk-based assessments, and technical audits. The initiative seeks to address the growing cybersecurity talent gap and prepare professionals for the evolving demands of the digital security landscape.

As part of the understanding, we are establishing a **dedicated not-for-profit professional body** under a Trust or Section 8 company structure. This body will act as the **apex certifying and standards-setting authority**, featuring **equal representation from both companies**, and will grant exclusive execution rights to each party under the MoU.

- **Vantage Knowledge Academy Ltd** will lead marketing, outreach, learner enrollment, certification processes, online infrastructure through its proprietary LMS platform **www.vantagepro.app**, and the formation of professional chapters and awareness events across India.
- **Cyber Skillsphere Pvt Ltd** will lead curriculum development, expert-led program delivery, and facilitate industry collaborations to enhance career and practical learning opportunities.

Cyber Skillsphere's leadership team has trained over **500,000 professionals globally** in cybersecurity, cybercrime, and digital forensics. Its founders are members of **national-level cybersecurity and professional organizations** and bring decades of industry experience spanning law enforcement, financial institutions, public sector infrastructure, and enterprise technology ecosystems.

This MoU represents a significant step toward building a **future-ready, industry-aligned cybersecurity workforce**, with the goal of positioning the certification program as a **benchmark in assurance-driven security education**.

We request you to kindly take the above information on record. A Press Release to this effect is also being disseminated.

For and on behalf of  
Vantage Knowledge Academy Ltd
