Tata Steel reports highest-ever net profit in June qtr

Kalpna Pathak
kalpana.p@livermint.com
MUMBAI

Tata Steel on Thursday reported its highest-ever consolidated net profit of ₹3,768 crore for the quarter ended 30 June, compared with a net loss of ₹4,618 crore in the year-ago quarter.

India's largest steelmaker reported 109.5% year-on-year growth in consolidated revenue of ₹12,421 crore in the quarter, up from ₹11,812 crore in the year-ago quarter. The company's net profit of ₹3,768 crore was up from a net loss of ₹4,618 crore in the year-ago quarter. The company's net profit of ₹3,768 crore was up from a net loss of ₹4,618 crore in the year-ago quarter.

T.V. Narendran, chief executive officer of Tata Steel

The company's net profit of ₹3,768 crore was up from a net loss of ₹4,618 crore in the year-ago quarter. The company's net profit of ₹3,768 crore was up from a net loss of ₹4,618 crore in the year-ago quarter.

The steelmaker reported 109.5% y-o-y growth in consolidated revenue to ₹5,371.8 crore in Q1FY22.

import parity prices. We continue to focus on our objective to attain and retain market leadership in chosen segments by building strong customer relationships, superior distribution network, rolling out brands, and developing new products and solutions in steel and non-steel materials," said T.V. Narendran, chief executive officer and managing director, Tata Steel. Tata Steel shares ended 0.6% higher at ₹1,135 on the BSE on Thursday.

Passenger vehicle wholesales continue to improve in July

Chip shortage and rise in commodity prices, however, might impact supplies going forward

Malyaban Ghosh
malyaban.g@livermint.com
NEW DELHI

India's passenger vehicle industry stayed on the recovery path with sales growing 14.16% sequentially in July. This was driven by more dealerships resuming operations.

The passenger vehicle industry stayed on the recovery path with sales growing 14.16% sequentially in July. This was driven by more dealerships resuming operations. The passenger vehicle industry stayed on the recovery path with sales growing 14.16% sequentially in July. This was driven by more dealerships resuming operations.

Vehicle dispatches fell sharply during April and May as the country battled the raging second wave of covid-19, which forced dealerships and factories to suspend operations.

Most passenger vehicle makers reported sustained recovery in retail sales in the March quarter though a global shortage of semiconductor chips affected operations, leading to high waiting period on certain vehicles and depleted inventory. Companies thus began to operate in all three shifts when normal operations resumed from the second half of June last year.

On the fast lane

Sales of passenger vehicles grew 14.16% to 264,442 units in July, from 231,633 units last month.

Cumulative wholesale of vehicles

Jun 2021 Jul 2021

Change (in %)

Sales of passenger vehicles grew 18.63% to 48,012 units in July and Tata Motors posted a 25.19% increase to 30,185 units.

Rajesh Menon, director general, Siam, said the automobile industry continues to face heavy headwinds in the form of global chip shortage and steep rise in commodity prices.

RECOVERY PATH

SALES of passenger vehicle jumped 45% in July from just 182,779 units in the year-ago period.

SALES of passenger vehicle jumped 45% in July from just 182,779 units in the year-ago period. The passenger vehicle industry stayed on the recovery path with sales growing 14.16% sequentially in July. This was driven by more dealerships resuming operations.

DISPATCHES of two-wheelers rose by 18.6% to 1.25 million in July from 1.05 million in June.

SCOOTER sales jumped 51.5% to 366,292 units, while motorcycle sales were at 837,096 units.

A sharp fall in covid-19 cases in rural markets and the easing of restrictions also helped increase dispatches of two-wheelers by 18.6% to 1.25 million units in July from 1.05 million in June.

Hero MotoCorp Ltd. is India's leading two-wheeler manufacturer, more than tripled its net profit to ₹365 crore in the June quarter, on last year's low base. It had reported a net profit of just ₹61 crore in the year-ago period due to the covid-induced lockdown.

Hero MotoCorp Ltd. is India's leading two-wheeler manufacturer, more than tripled its net profit to ₹365 crore in the June quarter, on last year's low base. It had reported a net profit of just ₹61 crore in the year-ago period due to the covid-induced lockdown.

According to Bloomberg analysts' estimates, the company was expected to report a net profit of ₹163.70 crore and revenue of ₹5,847.40 crore.

Niranjan Gupta, chief financial officer, Hero MotoCorp, said the June-quarter performance was adversely impacted by covid but despite the challenges, it achieved significant growth in both earnings and profitability compared to the year-ago quarter.

"The company remains optimistic about demand over the coming months with the start of the festive season, a healthy monsoon and encouraging farm activity. With last-mile retail opening up further, we expect numbers to be positive as we go forward," he said.

Tata Power Solar gets ₹386 cr Leh project

Staff writer
feedback@livermint.com
NEW DELHI

Tata Power Solar will set up the country's first large-scale battery storage unit of 100 megawatt-hour (MWh), besides a 50-MW solar plant at Leh, Ladakh, the company said in a statement on Thursday.

Tata Power Solar had earlier received a "notice of award" to build a 50MW Solar PV Plant with 50MWh battery energy storage system project at Phyang village in Leh, Ladakh. The order value is ₹386 crore. The commercial operation of the project is set for March 2023, it added.

"This will be India's first co-located large-scale battery energy storage system solution as well as first large-scale solar PV project in the Union territory of Ladakh to be set up at a high altitude of 3600 metres above sea level" it said.

Mint had earlier reported that India will call for bids for the largest global tender for setting up a 13 gigawatt-hour grid-scale battery storage system in Ladakh. The storage systems will help store electricity and supply to strategic regions. Large battery storages will help India's power grids, given the intermittent nature of electricity from clean energy sources such as solar and wind.

MWh of battery capacity is sufficient to power 1 million homes for an hour and around 30,000 electric cars. The government has been planning a raft of energy projects in the region to help supply electricity to Leh and Kargi districts, besides defence establishments during harsh winters. "Tata Power Solar now stands at approximately 4GWp with an approximate order value of ₹2,444 crore," the company said.

10. Earning per share (EPS)*					
Basic (₹)	5.16	6.49	(1.54)	11.87	
Diluted (₹)	5.16	6.49	(1.54)	11.87	

*EPS for quarter are not annualised. Number of shares used for calculation of EPS-DPS are 1600 lakhs.

- Notes:
- The above results have been reviewed by Audit Committee and approved by the Board of Directors in its meeting held on 12th August, 2021. The Statutory Auditors have conducted limited review of the Financial Results.
 - The Financial Results of the Company have been prepared in accordance with the Indian Accounting Standards (Ind-AS) as prescribed under section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time.
 - The Company has considered the possible effects that may result from COVID-19 in preparation of financial results including carrying amount of assets and liabilities. The reduction in operating turnover is mainly due to COVID-19 pandemic. However, the Company does not expect any material impact on the carrying amount of assets and liabilities. There can be future business uncertainties depending on developments in relation to COVID-19.
 - In respect of Tejas and Kashi-Mahakal Express Trains, IRCTC has requested Railway Board to reconsider waiving off the fixed charges (fixed haulage and custody charges) amounting to ₹ 2793 Lakhs upto 31st March, 2021 for non-operational period of the three trains considering it as a force majeure situation, as the lockdown and restrictions imposed by Government of India due to COVID-19 pandemic were beyond control of IRCTC. However, IRCTC has made adequate provision for the fixed charges for these trains in the Financial Year 2020-21 and 1st quarter ended 30th June, 2021 to the extent applicable.
 - Catering contracts awarded before 22nd March, 2020 have been treated as zero period due to Pandemic and accordingly, no income as well as railway share has accrued during the year 2020-21 and for the quarter ended 30th June, 2021. Pursuant to direction of Railway Board dated 23.02.2021, Standard Bid Document agreements for providing catering services were terminated due to change in scope of work. However, two associations got awarded the Railway Board order dated 23.02.2021 from Madras High Court. The order of Madras High Court has been assailed through writ Appeal.
 - The Company does not foresee any adverse impact on the supply chains as and when the business is resumed fully wherever the operations were curtailed or have been suspended on account of present pandemic.
 - In respect of PPP plants of Railneer, the management has decided that compensation in lieu of the commitment of minimum assured level of sales shall not be payable to the operators. But certain O&Ms have not accepted the decision of IRCTC and the financial implication calculated net of License Fee waived off works out to ₹ 221.52 lakh upto 31st March, 2021 and ₹ 60.07 lakh for the quarter ended 30th June, 2021 which have not been provided in the books of accounts.
 - IRCTC has decided to enhance the License Fee @ 15.50% on quoted license fee for SBD Trains on account of increase of catering tariff for mail express train but the same could not be implemented as the matter is sub-judice and hence, the tentative amount of enhanced License Fee amounting to ₹ 11445 Lakhs for the year ended 31st March, 2020 has not been recognized as revenue.
 - No provision has been made for charges for use of PRS of Indian Railways by IRCTC for Tejas Trains for the year ended 31st March, 2021 and quarter ended 30th June, 2021 as the same has not been mutually decided by IRCTC and CRIS in terms of the letter of Railway Board dated 28th December, 2020.
 - Figures for the quarter ended 31st March, 2021 are the balancing figure between audited figures in respect of the full Financial Year and the published year data figures upto the third quarter of the relevant Financial Year.
 - The figures for the previous periods have been regrouped/reclassified, wherever considered necessary.
