Sub : Intimation under Regulation 30 Of SEBI (Listing Obligations And Disclosure Requirements), Regulations, 2015

Ref: DroneAacharya Aerial Innovations Limited (Scrip Code: 543713; Security ID: DRONACHRYA)

DroneAacharya Aerial Innovations Limited is pleased to announce that it has been awarded a work order worth **INR 99.67 lakh** by the Indian Army – Ministry of Defence for the supply of drones and the establishment of an advanced Drone Lab. The project will significantly enhance the Army's drone training capabilities, providing military personnel with hands-on experience in **reconnaissance, surveillance, and FPV (First Person View) drone applications**.

The scope of work includes supplying a wide range of drones, such as **Combat-Ready FPV Drones** (10-inch and 7-inch), **Surveillance Drones**, **Training Drones**, and **customized Nano Drones**, along with setting up a state-of-the-art Drone Lab and integrated drone systems. This initiative is aimed at modernizing combat engineering training, improving **real-time situational awareness**, and boosting **tactical efficiency** within the regiment. The contract commenced on August 08, 2025 and is scheduled to be completed by November 06, 2025.

This achievement reflects our commitment to advancing drone technology and highlights our growing reputation as a trusted partner in the defence sector. Partnering with the Ministry of Defence strengthens our credibility and paves the way for new opportunities in innovation and growth within this domain.

The details as required under Regulation 30 of the Listing Regulations read with SEBI Circular No. SEBI/HO/CFD/CFDPoD-1/P/CIR/2023/123 dated July 13, 2023, SEBI Circular no. SEBI/HO/CFD/PoD2/CIR/P/0155 dated November 11, 2024 and SEBI Circular No. SEBI/HO/CFD/CFD-PoD-2/CIR/P/2024/185 dated December 31, 2024 is enclosed as Annexure A.

Annexure A

Details with respect to said order as required under regulation 30 of listing regulations read with SEBI Circular no. SEBI/HO/CFD/CFD-PoD-1/P/CIR/2023/123 dated July 13, 2023, SEBI Circular no. SEBI/HO/CFD/PoD2/CIR/P/0155 dated November 11, 2024 and SEBI Circular No. SEBI/HO/CFD/CFD-PoD-2/CIR/P/2024/185 dated December 31, 2024 are attached herewith:

Sr. No	Particulars	Details
1	Name of the entity awarding the order(s)/contract(s);	Indian Army
2	whether order(s) / contract(s) is awarded to domestic/ international entity	Domestic
3	significant terms and conditions of order(s)/contract(s) awarded, in brief;	The scope of work includes supplying a wide range of drones FPV Drones (10-inch and 7-inch), Surveillance Drones, Training Drones, and customized Nano Drones, along with setting up a state-of-the-art Drone Lab
4	Time period, if any, associated with the order(s)/ contract(s);	08-Aug-2025 to 06-Nov-2025
5	broad commercial consideration or size of the order(s)/contract(s);	INR 99,67,429 /-
6	Whether the promoter/ promoter group / group companies have any interest in the entity that awarded the order(s)/contract(s)? If yes, nature of interest and details thereof	No
7	Whether the order(s)/contract(s) would fall within related party transactions? If yes, whether the same is done at "arm's length"	No

DroneAacharya Aerial Innovations Limited Secures INR 99.67 Lakh Work Order from Indian Army for Drone Supply and Advanced Drone Lab Setup

DroneAacharya Aerial Innovations Limited has been awarded a work order worth **INR 99.67 lakh** by the **Indian Army – Ministry of Defence** for the **supply of drones and the establishment of an advanced Drone Lab**. The project will significantly enhance the Army's drone training capabilities, providing military personnel with hands-on experience in **reconnaissance, surveillance, and FPV (First Person View) drone applications**.

The scope of work includes supplying a wide range of drones, such as **Combat-Ready FPV Drones (10-inch and 7-inch), Surveillance Drones, Training Drones, and customized Nano Drones**, along with setting up a **state-of-the-art Drone Lab** and integrated drone systems. This initiative is aimed at modernizing combat engineering training, improving real-time situational awareness, and boosting tactical efficiency within the regiment.

This development follows the successful completion of another **INR 55 lakh** project by DroneAacharya for **upgrading the Drone Lab at another Indian Army establishment**. That project involved the **supply of various drones** for defense operations and **conducting DGCA-approved drone pilot training along with a Train-the-Trainer program**, further empowering military personnel.

FPV drones, with their high-speed maneuverability and live video feed, are increasingly becoming vital assets in modern tactical missions. Their integration into Army training will improve operational readiness and enhance mission outcomes.

Prateek Srivastava, Founder and Managing Director of DroneAacharya, said:

"In today's fast-evolving defense landscape, technology acts as a force multiplier. By integrating drones into military training, we are equipping our armed forces with tools that enhance strategic decision-making, operational efficiency, and safety."

He added:

"At DroneAacharya, we believe in empowering those who protect us. Through this collaboration, we are not just upgrading a facility — we are strengthening India's defense capabilities and preparing combat engineers for the future of warfare."

About DroneAacharya Aerial Innovations Limited

Headquartered in Pune, DroneAacharya Aerial Innovations Limited is a leading provider of drone and GIS solutions, serving diverse sectors including defense, agriculture, infrastructure, and emergency services.
