1.	Name of the entity awarding the order(s)/contract(s)	Karnataka Renewable Energy Development Limited
2.	Whether order(s) / contract(s) have been awarded by domestic/ international entity	Domestic entity
3.	Significant terms and conditions of order(s)/contract(s) awarded, in brief	Design, Manufacture, Supply, Transport, Installation, Testing and Commissioning of Surface Solar Agriculture Pumps Set and Submersible Solar Agriculture Pump Sets of 3HP, 5 HP, 7.5 HP & 10 HP at identified farmer's site in state of Karnataka, including complete system warranty and its repair and maintenance and Remote Monitoring System (' RMS ') for 5 years under PM Kusum B Scheme.
4.	Time period if any, associated with the order(s)/contract(s)	<p>The Solar Pump Set installation and Commissioning along with RMS integration and submission of Invoices and documents, shall be carried out as per the MNRE stipulated time i.e. on or before March 31 2026.</p> <p>The contract period is up to five years from the date of installation & commissioning of last pump under this DWA.</p>
5.	Broad commercial consideration or size of the order(s)/contract(s)	Rs. 119.92 Crore approx. (inclusive of GST).
6.	Whether the promoter/ promoter group / group companies have any interest in the entity that awarded the order(s)/ contract(s)? If yes, nature of interest and details thereof	No
6.	Whether the order(s)/contract(s) would fall within related party transactions? If yes, whether the same is done at "arm's length"	No

Oswal Pumps Limited Secures ₹119.92 Crore Solar Pump Order under PM-KUSUM B Scheme

Karnal, Haryana, 14th January 2026: Oswal Pumps Limited is pleased to announce that it has received an Order from Karnataka Renewable Energy Development Limited (KREDL) under the PM-KUSUM B Scheme for the supply and installation of 3,263 Off-Grid DC Solar Photovoltaic Water Pumping Systems, with a total order value of ₹119.92 crore (inclusive of GST).

The Order encompasses the design, manufacture, supply, installation, testing, and commissioning of solar water pumping systems in 3 HP, 5 HP, 7.5 HP, and 10 HP capacities. These systems will be installed at identified farmers' locations across the state of Karnataka, supporting sustainable irrigation and promoting the adoption of renewable energy in the agricultural sector.

This Order further strengthens Oswal Pumps Limited's position as a leading player in the solar pumping solutions segment and reflects the Company's strong execution capabilities, manufacturing expertise, and commitment to India's renewable energy and rural development initiatives.

Commenting on the order, Mr. Vivek Gupta, Chairman and Managing Director, Oswal Pumps Limited, said

"This Order represents the Company's first major and comprehensive project in Karnataka, marking an important milestone in expanding its geographic footprint. Oswal Pumps Limited is confident that successful execution of this project will further strengthen its presence in the state and enable deeper market penetration, paving the way for larger opportunities going forward."

The Order further underscores the Company's proven capabilities in executing large-scale solar pumping projects, supported by robust in-house manufacturing, an established supply chain, and a comprehensive installation and after-sales service network. Oswal Pumps Limited's consistent track record of timely and high-quality project execution continues to reinforce its standing in public sector renewable energy programs."

About Oswal Pumps Limited

Oswal Pumps is one of India's fastest-growing, vertically integrated solar pump manufacturer. With a legacy of over two decades in pump engineering and manufacturing, the company is a fully integrated provider of turnkey solar pumping systems. It has established a strong presence across solar-powered and grid-connected submersible and monoblock pumps, electric motors, and solar modules—all marketed under the trusted 'Oswal' brand."

The Company is accredited with ISO 9001:2015, ISO 45001:2018, and ISO 14001:2015 certifications and is listed under the Ministry of New and Renewable Energy's Approved List of Models and Manufacturers (ALMM).

With a strong pan-India distribution network, growing international footprint across countries, and a focused design and engineering team, Oswal Pumps continues to cater to the diverse requirements of end-users in the agricultural, residential and industrial sectors.
