#### Detailed Rationale

Crisil Ratings has assigned its '**Crisil AA+**' rating to Rs.80,000 crore fixed deposit programme of Shriram Finance Ltd (Shriram Finance) and has placed it on '**Rating Watch with Positive Implications**'. Crisil Ratings continues its '**Crisil AA+/Crisil PPMLD AA+**' ratings on bank facilities and other debt instruments of Shriram Finance on '**Rating Watch with Positive Implications**'. The short term rating and commercial paper has been reaffirmed at '**Crisil A1+**'. Crisil Ratings has also **withdrawn** its rating on subordinated debt of Rs 54.2 crore (see Annexure - Details of Rating Withdrawn for details) at the company's request and on redemption. This is in line with the Crisil Ratings' ratings withdrawal policy.

Shriram Finance on December 19, 2025, had announced that their Board of Directors has approved entering into definitive agreements with MUFG Bank Ltd (MUFG Bank; rated 'A/Stable/A-1' by S&P Global Ratings) for an investment of Rs 39,618 crore (\$4.4 billion) through preferential issue of equity shares of Shriram Finance. Post the consummation of the transaction, MUFG Bank will hold 20% stake in Shriram Finance on a fully diluted basis. Further, MUFG Bank will be granted special rights, including nomination of up to two non-independent directors on the Board of Shriram Finance. The proposed investment, however, is subject to various regulatory and other statutory clearances.

MUFG Bank is Japan's premier bank with a global network spanning around 50 countries. Outside of Japan, the bank offers an extensive scope of commercial and investment banking products and services to businesses, governments and individuals worldwide.

The proposed transaction with MUFG Bank is expected to significantly benefit Shriram Finance's capitalisation profile with network expected to cross Rs 1 lakh crore. This will support the company's growth plan over the medium term. Further, Crisil Ratings also expects the transaction to benefit the company's liability franchise through lower incremental cost of borrowings and should aid in improving its profitability. Crisil Ratings understands from Shriram Finance's management that the transaction is expected to be consummated in 2026. Crisil Ratings will continue to engage with the management to understand their strategies going forward and will resolve the Rating Watch post the consummation of the transaction. Crisil Ratings believes that upon resolution of the Watch, the rating may change by up to one notch.

The ratings continue to reflect Shriram Finance's market leadership in the overall non-banking financial company (NBFC) ecosystem with assets under management (AUM) of Rs 2,81,309 crore as on September 30, 2025. Further, the company's capitalisation remained healthy with network of Rs 60,404 crore and gearing of 3.9 times as on September 30, 2025. The ratings also continue to reflect Shriram Finance's comfortable earnings profile as reflected in return on managed assets (RoMA) of 3.0% (annualised) during the first half of fiscal 2026. The reported net profit after tax was Rs 4,474 crore during the first half of fiscal 2026 compared with Rs 9,436 during fiscal 2025 (includes the proceeds from sale of stake in subsidiary). These strengths are partly offset by the company's average yet improving asset quality and resource profile.

#### Analytical Approach

Crisil Ratings has considered the consolidated financial and businessrisk profiles of Shriram Finance, and its associate Shriram Automall India Ltd.

*Please refer to Annexure - List of entities consolidated, which captures the list of entities considered and their analytical treatment of consolidation.*

#### Key Rating Drivers - Strengths

##### Market leadership in overall NBFC ecosystem

Shriram Finance is the second largest retail NBFC in India and third largest non-bank financier (including HFCs) with AUM of Rs 2,81,309 crore as on September 30, 2025, compared with Rs 2,63,190 crore as on March 31, 2025 (Rs 2,24,862 crore as on March 31, 2024). While commercial vehicles (CVs) financing remains the key product segment, the company is also focusing on growing its other high yielding product segments such as passenger vehicle loans, two-wheeler loans, gold loans and MSME loans. The AUM as on September 30, 2025, comprised CVs (46%), passenger vehicles (21%), MSME (14%), construction equipment (5%), two-wheelers (6%) and others (8%).

The company is expected to continue to retain its predominant market position in the pre-owned CV financing business and the SME loan segment. This is because of the strong and sustainable competitive advantage of the company through deep understanding of the borrower's profile and their credit behavior. They have done so by building a scalable operating model, extensive reach and strong valuation capabilities of pre-owned vehicles. The company faces limited competition from other organised financiers, including banks, in this segment, due to inherent riskiness of the target product and the customer profile. In the SME loan segment, the company is a leading financier among retail NBFCs.

Overall, Crisil Ratings believes that Shriram Finance has strong structural advantages over its peers, which will support its growth plans and help it maintain a leadership position over the medium term. Nevertheless, the company's ability to sustain its market position in the NBFC ecosystem will remain monitorable.

## Strong capitalisation

Shriram Finance's capitalisation remained strong with network of Rs Rs 60,404 and gearing of 3.9 times as on September 30, 2025 (56,470 crore and gearing of 4.1 times, respectively, as on March 31, 2025). The network to net NPA ratio improved to 8.9 times as on September 30, 2025, compared with 8.4 times as on March 31, 2025. The overall capital adequacy ratio and tier 1 capital ratio of Shriram Finance remained comfortable at 20.7% and 20.0%, respectively, as on September 30, 2025. Crisil Ratings believes that the capitalisation profile will remain strong over the medium term, given the demonstrated ability to access markets.

## Healthy earnings profile

Shriram Finance's earning profile has improved over the years, benefiting from merger synergies, strong growth in AUM, stable margin and reduced credit costs. The company reported RoMA of 3.0% (annualised) during the first half of fiscal 2026 compared with 3.4% during fiscal 2025 (3.1% in fiscal 2024). The reported net profit after tax was Rs 4,474 crore during the first half of fiscal 2026 compared with Rs 9,436 during fiscal 2025 (includes the proceeds from sale of stake in subsidiary).

The company's profitability is primarily supported by stable credit costs of less than 2.0% in the first half of fiscal 2026 (annualised), fiscals 2025 and 2024. The company's net interest margin (NIM; on own book) remained at 8.8% (annualised) in the first half of fiscal 2026, 9.1% in fiscal 2025 as against 9.3% in fiscal 2024. The company's ability to maintain NIM and contain credit cost will be key to overall profitability.

## Key Rating Drivers - Weaknesses

### Improving asset quality

The asset quality metrics for Shriram Finance have been elevated over the past several years given the fact that the company largely caters to borrowers with modest credit profile and relatively underbanked customers. However, it has been improving each quarter with Shriram Finance reporting Gross Stage 3 (GS3) ratio of 4.6% as on September 30, 2025 and March 31, 2025, as against 5.5% as on March 31, 2024 (6.21% as on March 31, 2023). This is due to low slippages and high reductions, including write-offs. The GS3 ratio as on September 30, 2025, was 4.8% for CV segment, 3.9% for passenger vehicles, 6.8% for construction equipment, 6.8% for farm equipment, 4.6% for MSME financing, 3.3% for two-wheelers, 2.3% for gold loans and 4.3% for personal loans. The overall Net Stage 3 was 2.5% as on September 30, 2025 (2.6% as on March 31, 2025, and 2.7% as on March 31, 2024).

Crisil Ratings notes Shriram Finance has displayed ability in the past to ultimately recover from delinquent accounts, even post loan maturity date. However, the ability to scale up the portfolio whilst improving asset quality metrics remains monitorable. Nevertheless, the company's long track record in its business segments, understanding of the target customer segment and relationship-based lending model should support the asset quality metrics.

## Diversified and improving resource profile

Shriram Finance has an established track record in raising funds from the markets and also being able to tap retail borrowings, which helps diversify its resource profile. The share of public deposits increased from 24% as on March 31, 2025, to 28% as on September 30, 2025. The company has also been tapping the external commercial borrowing (ECB) route, which adds diversity to its resource profile with the issuance of \$125 million in July 2025. ECB accounts for 21% of overall borrowings of Shriram Finance, while term loans and NCDs account for 17% each as on September 30, 2025.

The cost of borrowings has seen a steady improvement over the years. The ability to trim down borrowing costs from the current level and diversify further into the domestic capital market will be key to supporting the earnings profile. Also, the ability of the company to now consistently raise resources from traditional routes of term loans and capital market instruments at optimal costs remains monitorable.

## Liquidity Strong

The structural asset liability maturity (ALM) statement of Shriram Finance as on September 30, 2025, had cumulative positive gaps up to the 5-year bucket. As on September 30, 2025, the company had total unencumbered liquidity of Rs 16,550 crore (comprising cash and equivalents and unutilised CC/WCDL limit) which was sufficient to cover over three month of debt obligation. The liquidity coverage ratio was 297.21% as on September 30, 2025.

## ESG Profile

The ESG profile for financial sector entities typically factors in governance as a key differentiator. The sector has reasonable social impact because of its substantial employee and customer base, and it can play a key role in promoting financial inclusion. While the sector does not have a direct adverse environmental impact, the lending decisions may have a bearing on the environment. Shriram Finance has a continuous focus on strengthening various aspects of its ESG profile. Crisil Ratings believes that Shriram Finance's ESG profile supports its already strong credit risk profile.

## Key ESG highlights:

- In fiscal 2025, the energy and scope 1 and 2 emissions intensity of Shriram finance stood at ~0.6 MWh per employee and ~360 kg CO2e per employee, being lower than the peers
- Shriram Finance has launched a new business vertical named Shriram Green Finance which aims to achieve an AUM of ₹5,000 crore under its green financing vertical, majorly focusing on EV financing, and extending its focus onto solar energy projects, EV charging infrastructure, and industrial sustainability upgrades amongst others.
- The company is in the process of developing a decarbonization and NetZero road map.
- Shriram Finance's attrition rate stood at ~31% and gender diversity at ~13% in fiscal 2025 which is in line with the peers average.
- The company's governance structure is characterized by ~50% of its Board members being independent directors, with segregation in chairperson and executive positions, a board level ESG committee to oversee company's ESG related matters, and presence of a dedicated investor grievance redressal mechanism, and extensive disclosures.

There is growing importance of ESG among investors and lenders. Shriram Finance's commitment to ESG principles will play a key role in enhancing stakeholder confidence, given the sizable share of market borrowings in its overall debt and access to both domestic and foreign capital market.

## Rating Sensitivity Factors

### Upward factors:

- Sustainable improvement in asset quality with GNPA improving to under 5% and sustenance of healthy earnings profile
- Diversity in resource profile while maintaining optimal cost of borrowings in comparison to peers

### Downward factors:

- Deterioration in collection efficiency or asset quality metrics with GNPA remaining above 8% or credit costs being higher than historical averages
- Significant increase in steady-state gearing

## About the Company

Shriram Finance, incorporated in 1979, was registered with RBI as a deposit-taking, asset-financing non-banking financial company and predominantly provides financing for vehicles such as CVs (both pre-owned and new), tractors and passenger vehicles. Erstwhile SCUF (now merged into Shriram Finance) was incorporated in 1986 and operated in the retail financing segment with a focus on small enterprise loans, two-wheeler financing, gold loans, housing loans and others (auto and personal loans).

**About Crisil Ratings Limited (A subsidiary of Crisil Limited, an S&P Global Company)**

Crisil Ratings pioneered the concept of credit rating in India in 1987. With a tradition of independence, analytical rigour and innovation, we set the standards in the credit rating business. We rate the entire range of debt instruments, such as bank loans, certificates of deposit, commercial paper, non-convertible/convertible/partially convertible bonds and debentures, perpetual bonds, bank hybrid capital instruments, asset-backed and mortgage-backed securities, partial guarantees and other structured debt instruments. We have rated over 33,000 large and mid-scale corporates and financial institutions. We have also instituted several innovations in India in the rating business, including ratings for municipal bonds, partially guaranteed instruments and infrastructure investment trusts (InvITs).

Crisil Ratings Limited ('Crisil Ratings') is a wholly-owned subsidiary of Crisil Limited ('Crisil'). Crisil Ratings Limited is registered in India as a credit rating agency with the Securities and Exchange Board of India ("SEBI").

**DISCLAIMER**

This disclaimer is part of and applies to each credit rating report and/or credit rating rationale ('report') provided by Crisil Ratings Limited ('Crisil Ratings'). For the avoidance of doubt, the term 'report' includes the information, ratings and other content forming part of the report. The report is intended for use only within the jurisdiction of India. This report does not constitute an offer of services. Without limiting the generality of the foregoing, nothing in the report is to be construed as Crisil Ratings provision or intention to provide any services in jurisdictions where Crisil Ratings does not have the necessary licenses and/or registration to carry out its business activities. Access or use of this report does not create a client relationship between Crisil Ratings and the user.

The report is a statement of opinion as on the date it is expressed, and it is not intended to and does not constitute investment advice within meaning of any laws or regulations (including US laws and regulations). The report is not an offer to sell or an offer to purchase or subscribe to any investment in any securities, instruments, facilities or solicitation of any kind to enter into any deal or transaction with the entity to which the report pertains. The recipients of the report should rely on their own judgment and take their own professional advice before acting on the report in any way.

Crisil Ratings and its associates do not act as a fiduciary. The report is based on the information believed to be reliable as of the date it is published, Crisil Ratings does not perform an audit or undertake due diligence or independent verification of any information it receives and/or relies on for preparation of the report. THE REPORT IS PROVIDED ON "AS IS" BASIS. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAWS, CRISIL RATINGS DISCLAIMS WARRANTY OF ANY KIND, EXPRESS, IMPLIED OR OTHER WARRANTIES OR CONDITIONS, INCLUDING WARRANTIES OF MERCHANTABILITY, ACCURACY, COMPLETENESS, ERROR-FREE, NON-INFRINGEMENT, NON-INTERRUPTION, SATISFACTORY QUALITY, FITNESS FOR A PARTICULAR PURPOSE OR INTENDED USAGE. In no event shall Crisil Ratings, its associates, third-party providers, as well as their directors, officers, shareholders, employees or agents be liable to any party for any direct, indirect, incidental, exemplary, compensatory, punitive, special or consequential damages, costs, expenses, legal fees or losses (including, without limitation, lost income or lost profits and opportunity costs) in connection with any use of any part of the report even if advised of the possibility of such damages.

The report is confidential information of Crisil Ratings and Crisil Ratings reserves all rights, titles and interest in the rating report. The report shall not be altered, disseminated, distributed, redistributed, licensed, sub-licensed, sold, assigned or published any content thereof or offer access to any third party without prior written consent of Crisil Ratings.

Crisil Ratings or its associates may have other commercial transactions with the entity to which the report pertains or its associates. Ratings are subject to revision or withdrawal at any time by Crisil Ratings. Crisil Ratings may receive compensation for its ratings and certain credit-related analyses, normally from issuers or underwriters of the instruments, facilities, securities or from obligors.

Crisil Ratings has in place a ratings code of conduct and policies for managing conflict of interest.
