Dear Sir/Madam,

Sub: First Trial Order of ₹2.30 Cr (approx.) Received for Supply of Type IV Composite Hydrogen Storage Systems for a Public Sector Undertaking (PSU) through an Engineering, Procurement, and Construction (EPC) Contractor

Ref: Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

We are pleased to announce that we have secured our **First Trial Order** for a **Type IV Composite Hydrogen Storage System**, valued at approximately **₹2.30 crore** (inclusive of all taxes).

The project has been awarded to the Company **through an EPC contractor** for a **Navaratna Public Sector Undertaking (PSU)** in the energy sector, with the end use supporting the **Indian Armed Forces**. The order marks an important milestone in the Company's participation in India's evolving clean energy and defence infrastructure ecosystem.

The scope of work includes the design, engineering, manufacture in India, supply, integration, and commissioning of a Hydrogen Cascade Storage System with a usable **capacity of 200 kg at 250 bar**, utilizing advanced **Type IV Composite Hydrogen Gas Cylinders**. The system will feature a cascaded configuration, integrated safety devices, and comprehensive mechanical and environmental protection to ensure safe, reliable, and efficient operation. Execution will be carried out in coordination with the end user and relevant stakeholders, in full compliance with applicable safety, quality, and performance requirements for defence and strategic installations.

The Company's project for the manufacture of high-pressure composite cylinders for hydrogen and natural gas applications is at an advanced stage, and commercial production is expected to commence in **Q1 FY 2026–27**. This is expected to support order bookings under the new project expansion. This evolving energy landscape offers significant opportunities for the Company to accelerate growth, strengthen its market leadership in composite gas storage solutions, and create sustained long-term value for its stakeholders.
