Underage Drivers - A Recipe for Disaster on the Roads

Vinod Chandrashekhar Dixit
Free-lance Journalist, Writer & Cartoonist
(dixitpatrakar@yahoo.in)

It seems over the years, our society has unfortunately become more complacent about underage driving than before, and more kids are growing up learning that it is 'cool' to drive young, to drive fast, and to risk it with the law. Underage driving has not only added to the city's chaotic traffic but is resulting in a large number of accidents. Children, by nature, are more reckless. They are not mature enough to understand the consequences of their actions or mistakes. For them, driving is all about thrill and looking cool. Children are not to be blamed for reckless driving but it is the parents' job to teach children how to go by the rule book. Public awareness campaigns by traffic control authorities and others are vitally important to

make such youth realise their errors and the possibilities of their rash driving. Children of this age are restless, impatient and have a shorter attention span. It is observed that a few school authorities who tried to discourage underage driving had to face parents' ire. Speeding around seems cool to teenagers but it can lead to havoc and that's where adults have to step in. Children are more likely than older drivers to speed, run red lights, make illegal turns, ride with an intoxicated driver, and drive after using alcohol or drugs. They have a sense that they can get away with transgressions - a feeling of bravado whereby "I can get away with anything" The fight against underage drinking in our country is a tough battle, and frighteningly, alcohol is involved in about 20-25% of fatal teenage car wrecks.

Underage driving seems to increase with each passing day as children become smarter and more informed and parents fail to understand the consequences. It is observed that minors can get a license with fake proof of age. In such cases, the police impose a nominal fine and these dangerous drivers are back on the road. Teenage drivers are a threat not only to themselves but also to others. They are not sensitive to traffic rules and don't even follow the basics of safe driving. They either injure or kill themselves or others. The

'If you want to do Ph.D, you have to build a relationship with a guide'

Rajkot, Since the entrance examination for Ph.D. has not been conducted in Saurashtra University for the last two years, a fierce protest was led by NSUI state president Narendra Solanki today (August 4) and a presentation was made to the Vice Chancellor. However, during this time, sisters also reached to make a presentation. One of them said before the Vice Chancellor, "Do you know that if you want to do Ph.D. in Saurashtra University, you have to have a relationship with a guide?" However, at this time, the Vice Chancellor laughed a little and was surprised. Everyone present there was stunned by this statement of the girl.

It is worth mentioning that a program was organized today under the National Education Policy-2020 in collaboration with Saurashtra University and Shiksha Sanskriti Uthan Nyas. This program was strongly opposed under the leadership of the state president of NSUI. The reason for this was that Saurashtra University has not been conducting the entrance examination for Ph.D for the last two years. After the strong opposition of NSUI, the Vice Chancellor bowed down and today the Vice Chancellor decided to conduct the entrance examination for Ph.D in those subjects in which there are no students who have passed NET and GSET. Ph.D entrance exam to be held from December 16, 2023. During today's protest,

there was a clash between the police and NSUI workers, but later all the workers left after the Vice Chancellor took a decision in the interest of the students. It is worth noting that the last PhD entrance exam was conducted by Saurashtra University on December 16, 2023, which has been closed since then.

NSUI state president Narendra Solanki made serious allegations against the university authorities and said that for the last 2 years, Saurashtra University has stopped the PhD entrance exam. For this, the university is giving the excuse of UGC guidelines, which is completely wrong. If UGC guidelines are to be followed, then the guidelines should be the same for all universities in Gujarat. Then why are institutions like Gujarat University, Surat University, Veer Narmad University conducting entrance exams? Do UGC guidelines apply only to Saurashtra University?

NSUI State President's Attack on State Education Minister NSUI State President also directly attacked State Education Minister Praful Pansuriya in this matter. In which he said, the big question is that State Education Minister Praful Pansuriya himself is taking admission by giving the entrance exam for Ph.D this year. So what has the student of Saurashtra University done to the university that his exam has been canceled? However, today our protest ends with this demand being met.

high number of underage drivers transgressing the law by going for a joyride can be attributed to peer pressure and a feeling of youthful invincibility. Many lives are shattered by underage drivers going for a joyride in the vehicles of their parents or older relatives. Under Section 4 of the Motor Vehicles Act, minors driving a vehicle are liable and accordingly they can be fined at least Rs 1,000. The owners, meanwhile, can be fined Rs 1,500 under Section 5 of the same Act. In case of negligent driving by minors, parents should be booked too.

Traffic police has been trying everything, have challenged and even impounded their vehicles but failed to curb the menace. The only solution left is the duty of the parents to realise the danger associated with underage driving. Inexperience and immaturity are the primary causes of the increased risk of teenage driving. Untrained eyes are more likely to underestimate hazardous situations on the road. The National Highway Traffic Safety Administration suggests that parents write up a contract for their teenage driver that includes penalties for any rule that they break. Preventative measures must be taken to bring teenage auto fatalities down. The most important advice would be to teach responsibility by way of example. If parents drive with caution and obey the laws of the road - their children will also have more respect for traffic laws and for those who travel our roads. How is the police treating you?

Ahmedabad , After Surat, an extramarital affair has come to a tragic end in Ahmedabad too. Mukeshbhai Parmar, a police officer originally from Jasdan, Rajkot and currently residing in Danilimda police lines, was having an affair with a female police officer. He lived with his wife for a few days and with his girlfriend for a few days. There were frequent fights between the deceased husband and wife regarding this matter. As the matter escalated today (August 4), he first hit his wife Sangeetaben with a helmet, later the wife hit her husband with a horse's back and he died. After the murder, the wife wrote a suicide note and hanged herself.

The sad thing is that when this murderous act was committed, his child was at home, later he opened the door of the house and went out and informed the neighbor, who then reached the police. The deceased policeman Mukeshbhai Parmar was on duty in the A Division Traffic police station.

Parents die in front of son In Danilimda police line, the wife hit her husband on the head with a horse's head, causing him to fall down. The quarrel over a simple matter turned violent. After the husband suffered serious injuries on his head, the wife Sangeetaben woke up and committed suicide by hanging herself. When this entire incident happened, the door was locked from inside, at that time her son was watching the incident. After both the parents died, the scared son opened the door and told the neighbors everything. The deceased police

constable Mukeshbhai Parmar was originally from Jasdan, Rajkot. He was having an affair with a police constable from Ahmedabad. The deceased police constable lived with his wife for a few days and with another female policeman for a few days. There were frequent fights between the deceased husband and wife regarding this matter. When the wife hit him, he fell down. At first, the wife thought that he had become unconscious, so she put a cloth under his body as he was bleeding. Later, when the wife came to know about it, he hanged himself and committed suicide.

Mukeshbhai had an injury on the back of his head: DCP Zone 6 DCP Ravi Mohan Saini said that around 4 pm today, the police came to know that the bodies of Constable Mukeshbhai Parmar, who was on duty in A Division Traffic in Danilimda Police Line, and his wife Sangeetaben were in their house. As soon as the incident was reported, the police reached there and after inspecting the spot, they found that Constable Mukeshbhai had an injury on the back of his head. There was a wooden baton nearby. And his wife Sangeetaben was found hanging at the crime scene.

"7-8 year old boys were present in the house at the time of the incident" Preliminary investigation suggests that Mukeshbhai died due to head injuries and his wife Sangeetaben died due to strangulation. Their 7-8 year old boys were present in the house during the entire incident. And they are eyewitnesses.
