**Mahindra Susten forays into 'Hybrid' segment with a
'solar + wind' project**

To invest Rs 1,200 crore to set up 150MW hybrid capacity

- The project will include ~101 MW wind capacity and ~52 MW solar capacity.
- Commissioning and readiness of the project expected within next 2 years
- M&M's share of RE will go up from 34% in FY23 to over 60% in FY26
- Project will help abate ~420,000 tonnes of CO2 emissions.
- Mahindra Group has committed to adopting 100% RE by 2030.

Mumbai, April 15, 2024:

businesses and is one of the earliest companies in India to commit to adopting 100% renewable energy by 2030, across its various businesses. In pursuit of this ambition, the 150 MW hybrid RE (solar + wind) project at a total project cost of about Rs 1,200 crore.

The project will be developed by Mahindra Susten, part of Mahindra Group and a leader in renewable Independent Power Producer (IPP) business, with marquee global investor Ontario Power Generation Board as a strategic partner. The project will include 101 MW of wind, 52 MW solar capacity and 150 million kWh of energy leading to expected abatement of 420,000 tonnes of CO2 emissions.

The project also marks Mahindra Susten's foray into the 'Hybrid' segment and will be one of the largest co-located solar + wind hybrid projects in Maharashtra to deliver clean energy to Commercial and Industrial (C&I) customers. The project will be commissioned within the next two years and will integrate more than 80% locally manufactured components, to demonstrate the robustness of the value chain and the vision of 'Aatmanirbhar Bharat' by creating a robust domestic value chain.

Speaking about the project, **Dr. Anish Shah, CEO & MD, Mahindra Group**, said, "Energy transition is a key global and national priority to address climate change. This project is a tangible example of our commitment to sustainability, as a consumer of green power, and building 'Planet Positive' businesses, as the developer of the project. It also demonstrates a clear economically accretive business case and Group synergy. The project marks a key milestone in Mahindra Group's continued investments in building and scaling its green portfolio."

Deepak Thakur, CEO & MD, Mahindra Susten, added, "We are indeed pleased to announce our foray into the hybrid RE space and deliver clean, green power at competitive rates to large C&I consumers. This project will showcase the immense potential of hybrid RE solutions in helping companies transition towards green operations."

The Auto & Farm businesses of M&M has 101 MW of wind and 25.90 MW of solar within this project which is expected to abate 84,000 tonnes of CO2 emissions. The project is expected to increase the RE share of M&M from 34% in FY23 to over 60% in FY26.

Veejay Nakra, President, Automotive Division, M&M, said, "As the auto business invests to increase capacity and shifts towards a greener portfolio with the impending launch of multiple EVs, we want to ensure our operational emissions also come down. This project is a

clear win for both economic and environmental outcomes, and a step further in integrating sustainability closely with business strategy.”
