## CG POWER AND INDUSTRIAL SOLUTIONS LIMITED

### PRESS RELEASE

Mumbai, India, January 17, 2026

### **CG breaks new ground with landmark ~₹900 Crore Power Transformers order from Tallgrass for US Data Center segment**

CG Power and Industrial Solutions Limited ("CG"), a leading engineering conglomerate, has secured a landmark **order valued at ~₹900 Crore (\$99.2M) from Tallgrass** Integrated Logistics Solutions LLC USA, for a large-scale data center project in the United States. This order represents a strategic milestone, marking CG's entry into the global data center segment, one of the fastest growing segments.

This is the **largest single order** ever won by CG and is a **direct export order** for the supply of power transformers. Under the contract, CG will supply power transformers, specifically engineered to meet the stringent reliability, efficiency and uptime requirements of hyperscale data center applications. This order will be executed over a delivery period of 12 to 20 months, with delivery terms FAS Mumbai Port (Incoterms® 2020).

**Amar Kaul, Global CEO & Managing Director**, said:

*"This landmark order from Tallgrass is a strategic platform win for CG and marks our entry into the rapidly growing global data center vertical. It validates our capability to deliver globally benchmarked, mission-critical technology solutions from India, and reinforces our position as a trusted global partner in applications where reliability and performance are non-negotiable."*

*"The global shift toward cloud computing, AI, and digital infrastructure is fundamentally reshaping the power demand. We believe this win opens up a significant long-term opportunity pipeline in global data center projects, aligned with our global growth and margin-accretive expansion strategy."*

These transformers will be designed, manufactured, and tested at CG's state-of-the-art facilities in India. CG's selection for this project underscores its engineering depth, advanced manufacturing capabilities, and disciplined execution using CG EDGE, its operating rhythm, which enables translation of strategy into consistent execution at scale.

## **About CG**

CG Power and Industrial Solutions Limited (Company) is an engineering conglomerate headquartered in Mumbai, India. The Company is a leader in the Electrical Engineering Industry and has two business lines - Industrial Systems and Power Systems. It manufactures Traction Motors, Propulsion Systems, Signaling Relays etc., for the Indian Railways, and wide range of Induction Motors, Drives, Transformers, Switchgears, and other allied products for the Industrial and Power sectors. Recently, the Company also is into the business of Consumer Appliances such as Fans, Pumps, and Water Heaters. The company has forayed into the semiconductor space and is setting up an Outsourced Semiconductor Assembly and Testing (OSAT) facility, offering comprehensive test services on a global scale. Moreover, the company has also successfully acquired the Radio Frequency (RF) components business from Renesas and set up Axiro Semiconductor - a fabless design company focused on delivering high-performance and scalable semiconductor solutions.

The Company has 18 world-class manufacturing units across India and one in Sweden, and a Pan India network of 5 Regional and 14 Branch offices, with around 3,113 employees. The Company's consolidated revenue for FY25 was Rs. 9,909 crores (USD 1,146 M).

The Company continues to excel and maintain its leadership position across its businesses, backed by its outstanding expertise, customer-centric approach, and enhanced focus on innovation and sustainability.

Since November 2020, the Company has become a part of the renowned Murugappa Group.

## **About CG's Transformers Division**

CG is among the world's leading transformer manufacturers and one of the few companies globally with end-to-end capabilities to design, manufacture, and supply Power and Distribution Transformers and Reactors for critical applications. Its Power Transformers range from 25 kVA to 1500 MVA across 11 kV to 765 kV classes, and Reactors from 10 MVA to 125 MVA across 33 kV to 765 kV classes. These products conform to IEC, ANSI, IS, BS, and other international standards and are widely deployed across power utilities, process industries, railways, mining, electricity boards, and industrial users worldwide.

## **About Murugappa Group**

A 125-year-old conglomerate with presence across India and the world, the INR 902 billion (90,178 crore) Murugappa Group has diverse businesses in agriculture, engineering, financial services and more.

The Group has 10 listed companies: Carborundum Universal Limited, CG Power & Industrial Solutions Limited, Cholamandalam Financial Holdings Limited, Cholamandalam Investment & Finance Company Limited, Coromandel International Limited, E.I.D.-Parry (India) Limited, NACL Industries Limited, Shanthi Gears Limited, Tube Investments of India Limited, and Wendt (India) Limited. Other major companies include Cholamandalam MS General Insurance Company Limited and Parry Agro Industries Limited. Brands such as Ajax, Hercules, BSA, Montra, Montra Electric, Mach City, Chola, Chola MS, CG Power, Shanthi Gears, CUMI, Gromor, Paramfos, Parry's are part of the Group's illustrious stable.

Abrasives, technical ceramics, electrominerals, electric vehicles, auto components, fans, transformers, signalling equipment for railways, bicycles, fertilisers, sugar, tea, and several other products make up the Group's business interests.

Guided by the Five lights — integrity, passion, quality, respect, and responsibility — and a culture of professionalism, the Group has a workforce of 94,041 employees.
